SECURITIES AND EXCHANGE COMMISSION

[File No. 500-1]

In the Matter of Terax Energy, Inc.; Corrected Order of Suspension of Trading

September 12, 2007.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of Terax Energy, Inc. ("Terax," trading symbol TEXG.OB), because of questions regarding the accuracy of assertions by Terax and by others, in reports filed with the Commission and in press releases to investors concerning, among other things: (1) The status of Terax's oil and gas operations, (2) Terax's purported financing agreements, (3) Terax's supposed acquisition of a controlling interest in a foreign oil and gas firm, (4) the existence, terms and status of a purported share exchange agreement between Terax and Westar Oil, Inc., and (5) the identity of the persons in control of the operations and management of Terax.

The Commission is of the opinion that the public interest and the protection of investors require a suspension of trading in the securities of the above-listed company.

Therefore, it is ordered, pursuant to Section 12(k) of the Securities Exchange Act of 1934, that trading in the above-listed company is suspended for the period from 9:30 a.m. EDT, September 12, 2007 through 11:59 p.m. EDT, on September 25, 2007.

By the Commission.

Florence E. Harmon,

Deputy Secretary.

⁴ 17 CFR 240.19b-4(f)(2).

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this proposal is to adopt various floor fees for services provided by the Exchange to members and member organizations in connection with the installation and management of member technology and computer networks. These services, among other things, include floor facilities, network connectivity, power and telecommunications. The Exchange submits that these changes will be implemented on September 1, 2007.

The Fee Schedule sets forth the various floor fees that the Exchange proposes to adopt on either a one-time, annual or monthly basis as appropriate. The proposal seeks to add three (3) new categories to the Fee Schedule to include (i) Colocation Space, (ii) Amex Port Charges and (iii) Power. In addition, the proposal adds various fees in the Fee Schedule under sections entitled "Market Data Fees/Terminals," "Equipment" and "Telecommunications."

The section entitled "Colocation Space" relates to the Exchange facilities space that is made available to members and member firms for the purpose of managing their own network and computing hardware at the Amex. The proposed fees provide that the members and member firms desiring full cabinet⁵ space be assessed a one-time fee of \$2,125.00 with an ongoing annual fee of \$14,400 (\$1,200/month). Alternatively, for a 1/8 cabinet increment, members will be charged a one-time fee of \$265.00 with an annual fee of \$1,800.00 (\$150 per month).

The section entitled "Amex Port Charges" are proposed charges for network connectivity. These proposed one-time fees range from \$100 to \$780 with ongoing annual fees ranging from \$792 (\$66/month) to \$7,020 (\$585/month). The proposed connectivity charge will depend on the type of network connectivity.

The section entitled "Power" are proposed charges for electrical power that members and member firms may use to supplement the power included in the standard Colocation Space. Proposed charges range from \$1,200 a year (\$100/month) to \$21,912.00 a year

⁵ "Full cabinet" is defined as one (1) 44 rack unit (RU) powered telecommunications cabinet or rack with 33 RU usable space. Standard power is one (1) 20 amperes (amps) 120 volts primary power circuit and one (1) 20 amps 120 volts redundant power circuit per cabinet or rack with 16 amps available per circuit.
