

issuing any rule that may result in an expenditure by State, local, or tribal governments, in the aggregate, or by the private sector, of \$100 million or more (adjusted annually for inflation) in any one year. This final rule would have no such effect on State, local, or tribal governments, or on the private sector.

Catalog of Federal Domestic Assistance Numbers and Titles

The Catalog of Federal Domestic Assistance program numbers and titles for this final rule are 64.201, National Cemeteries; and 64.202, Procurement of Headstones and Markers and/or Presidential Memorial Certificates.

List of Subjects in 38 CFR Part 38

Administrative practice and procedure, Cemeteries, Veterans.

Approved: August 27, 2007.

Gordon H. Mansfield,

Deputy Secretary of Veterans Affairs.

■ For the reasons stated in the preamble, the Department of Veterans Affairs amends 38 CFR part 38 as set forth below:

PART 38—NATIONAL CEMETERIES OF THE DEPARTMENT OF VETERANS AFFAIRS

■ 1. The authority citation for part 38 is revised to read as follows:

Authority: 38 U.S.C. 501(a), 2306, unless otherwise noted.

■ 2. Revise § 38.630(c) to read as follows:

§ 38.630 Headstones and markers.

* * * * *

(c) *Memorial headstones or markers.* VA will furnish, when requested, a *memorial* headstone or marker to commemorate an eligible individual whose remains are unavailable. A Government memorial headstone or marker for placement in a national cemetery will be of the standard design authorized for the cemetery in which it will be placed. In addition to the authorized inscription on a Government memorial headstone or marker, the phrase "In Memory Of" is mandatory.

(1) *Eligible individuals.* An eligible individual for purposes of paragraph (c) is:

(i) A veteran, which includes an individual who dies in the active military, naval, or air service;

(ii) The spouse or surviving spouse of a veteran, which includes an unremarried surviving spouse whose subsequent remarriage was terminated by death or divorce; or

(iii) An eligible dependent child of a veteran.

(A) A dependent child of a veteran is eligible if the child is under the age of 21 years, or under the age of 23 years if pursuing a course of instruction at an approved educational institution.

(B) A dependent child of a veteran is also eligible if the child is unmarried and became permanently physically or mentally disabled and incapable of self-support before reaching the age of 21 years, or before reaching the age of 23 years if pursuing a course of instruction at an approved educational institution.

(2) *Unavailable remains.* An individual's remains are considered unavailable if they:

(i) Have not been recovered or identified;

(ii) Were buried at sea, whether by the individual's own choice or otherwise;

(iii) Were donated to science; or

(iv) Were cremated and the ashes scattered without interment of any portion of the ashes.

(3) *Placement of memorial headstones or markers.* (i) *Veterans.* A Government memorial headstone or marker to commemorate a veteran may be placed in a national cemetery, in a State veterans cemetery, or in a private cemetery.

(ii) *Other eligible individuals.* A Government memorial headstone or marker to commemorate a veteran's spouse or surviving spouse, who died after November 11, 1998, may be placed in a national cemetery or in a State veterans cemetery. A Government memorial headstone or marker to commemorate a veteran's dependent child who died after December 22, 2006, may be placed in a national cemetery or in a State veterans cemetery.

(Authority: 38 U.S.C. 2306)

§ 38.631 [Amended]

■ 3. Amend § 38.631 as follows:

■ a. In paragraphs (a), (c), (d), and (e), remove "marker" each place it appears and add, in its place, "headstone or marker".

■ b. In paragraph (f) remove "markers" and add, in its place, "headstones or markers".

■ c. In paragraph (g) remove "marker" and add, in its place, "headstone or marker" and remove "December 31, 2006" and add, in its place, "December 31, 2007".

(Authority: 38 U.S.C. 2306)

BILLING CODE 8320-01-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Parts 52 and 81

[EPA-R04-OAR-2007-0548-200741; FRL-8466-4]

Approval and Promulgation of Implementation Plans and Designation of Areas for Air Quality Planning Purposes; Georgia: Redesignation of Macon, Georgia 8-Hour Ozone Nonattainment Area to Attainment for Ozone

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: EPA is taking final action to approve a request submitted on June 15, 2007, from the State of Georgia, through the Georgia Environmental Protection Division (EPD), to redesignate the Macon 8-hour ozone nonattainment area to attainment for the 8-hour ozone National Ambient Air Quality Standard (NAAQS). The Macon 8-hour ozone area is comprised of Bibb County, and a portion of Monroe County located in middle Georgia (hereafter referred to as the "Macon Area"). EPA's approval of the redesignation request is based on the determination that Georgia has demonstrated that the Macon Area has met the criteria for redesignation to attainment specified in the Clean Air Act (CAA), including the determination that the Macon Area has attained the 8-hour ozone standard. Additionally, EPA is approving a revision to the Georgia State Implementation Plan (SIP) including the 8-hour ozone maintenance plan for the Macon Area that contains the new regional 2020 motor vehicle emission budgets (MVEBs) for nitrogen oxides (NO_x) and volatile organic compounds (VOCs). Through this action, EPA is also finding the new regional 2020 MVEBs adequate for the purposes of transportation conformity.

DATES: *Effective Date:* This rule will be effective October 19, 2007.

ADDRESSES: EPA has established a docket for this action under Docket Identification No. EPA-R04-OAR-2007-0548. All documents in the docket are listed on the www.regulations.gov Web site. Although listed in the index, some information is not publicly available, i.e., Confidential Business Information or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through

www.regulations.gov or in hard copy at the Regulatory Development Section, Air Planning Branch, Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street, SW., Atlanta, Georgia 30303-8960. EPA requests that if at all possible, you contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. The Regional Office's official hours of business are Monday through Friday, 8:30 to 4:30, excluding federal holidays.

FOR FURTHER INFORMATION CONTACT: Stacy Harder, Regulatory Development Section, Air Planning Branch, Air, Pesticides and Toxics Management Division, Region 4, U.S. Environmental Protection Agency, 61 Forsyth Street, SW., Atlanta, Georgia 30303-8960. Ms. Harder can be reached via telephone number at (404) 562-9042 or electronic mail at *Harder.Stacy@epa.gov*.

I. What is the Background for the Actions?

On June 15, 2007, Georgia, through EPD, submitted a request to redesignate the Macon Area to attainment for the 8-hour ozone standard, and for EPA approval of the Georgia SIP revision containing a maintenance plan for the Macon Area. In an action published on August 2, 2007 (72 FR 42354), EPA proposed to approve the redesignation of Macon Area to attainment. EPA also proposed approval of Georgia's plan for maintaining the 8-hour NAAQS as a SIP revision, and proposed to approve the new regional 2020 MVEBs for the Macon Area that were contained in the maintenance plan. In the August 2, 2007, proposed action, EPA also provided information on the status of its transportation conformity adequacy determination for the Macon Area MVEBs. EPA received no comments on the August 2, 2007, proposal. This rule is EPA's final action following the August 2, 2007, proposal.

In this action, EPA is also finalizing its determination that the new regional MVEBs for the Macon Area are adequate for transportation conformity purposes. The new regional MVEBs included in the maintenance plan area as follows:

MACON 2020 MVEBS
[Tons per day]

	2020
VOCs	7.8744
NO _x	14.7712

EPA's adequacy public comment period on these MVEBs began on June 21, 2007, and closed on July 23, 2007. No comments were received during EPA's adequacy public comment period. Through this **Federal Register** document, EPA is finding the new regional 2020 MVEBs, as contained in Georgia's submittal, adequate. These MVEBs meet the adequacy criteria contained in the Transportation Conformity Rule. The new regional MVEBs must be used for future transportation conformity determinations.

As was discussed in greater detail in the August 2, 2007, proposal, this redesignation is for the 8-hour ozone designations finalized in 2004 (69 FR 23857, April 30, 2007). Various aspects of EPA's Phase 1 8-hour ozone implementation rule were challenged in court and on December 22, 2006, the U.S. Court of Appeals for the District of Columbia Circuit (D.C. Circuit Court) vacated EPA's Phase 1 Implementation Rule for the 8-hour Ozone Standard. (69 FR 23951, April 30, 2004). *South Coast Air Quality Management Dist. (SCAQMD) v. EPA*, 472 F.3d 882 (D.C. Cir. 2006). On June 8, 2007, in response to several petitions for rehearing, the D.C. Circuit Court clarified that the Phase 1 Rule was vacated only with regard to those parts of the Rule that had been successfully challenged. Therefore, the Phase 1 Rule provisions related to classifications for areas currently classified under subpart 2 of title I, part D of the CAA as 8-hour nonattainment areas, the 8-hour attainment dates and the timing for emissions reductions needed for attainment of the 8-hour ozone NAAQS, remain effective. The June 8th decision left intact the Court's rejection of EPA's reasons for implementing the 8-hour standard in certain nonattainment areas under subpart 1 in lieu of subpart 2. By limiting the vacatur, the Court let stand EPA's revocation of the 1-hour standard and those anti-backsliding provisions of the Phase 1 Rule that had not been successfully challenged. The June 8th decision affirmed the December 22, 2006, decision that EPA had improperly failed to retain measures required for 1-hour nonattainment areas under the anti-backsliding provisions of the regulations: (1) Nonattainment area New Source Review (NSR) requirements

based on an area's 1-hour nonattainment classification; (2) Section 185 penalty fees for 1-hour severe or extreme nonattainment areas; and (3) measures to be implemented pursuant to section 172(c)(9) or 182(c)(9) of the CAA, on the contingency of an area not making reasonable further progress toward attainment of the 1-hour NAAQS, or for failure to attain that NAAQS. The June 8th decision clarified that the Court's reference to conformity requirements for anti-backsliding purposes was limited to requiring the continued use of 1-hour MVEBs until 8-hour budgets were available for 8-hour conformity determinations, which is already required under EPA's conformity regulations. The Court thus clarified that 1-hour conformity determinations are not required for anti-backsliding purposes.

With respect to the requirement for transportation conformity under the 1-hour standard, the Court in its June 8th decision clarified that for those areas with 1-hour MVEBs in their 1-hour maintenance plans, anti-backsliding requires only that those 1-hour budgets must be used for 8-hour conformity determinations until replaced by 8-hour budgets. To meet this requirement, conformity determinations in such areas must continue to comply with the applicable requirements of EPA's conformity regulations at 40 CFR Part 93. The Macon Area was never designated nonattainment for the 1-hour ozone standard and thus does not have 1-hour MVEBs to consider.

For the above reasons, and those set forth in the August 2, 2007, proposal for the redesignation of the Macon Area, EPA does not believe that the Court's rulings alter any requirements relevant to this redesignation action so as to preclude redesignation, and do not prevent EPA from finalizing this redesignation. EPA believes that the Court's December 22, 2006, and June 8, 2007, decisions impose no impediment to moving forward with redesignation of Macon to attainment. Even in light of the Court's decisions, redesignation is appropriate under the relevant redesignation provisions of the CAA and longstanding policies regarding redesignation requests.

II. What Actions Is EPA Taking?

EPA is taking final action to approve Georgia's redesignation request and to change the legal designation of the Macon Area from nonattainment to attainment for the 8-hour ozone NAAQS. The Macon Area is composed of Bibb County, and a portion of Monroe County located in middle Georgia. EPA is also approving Georgia's 8-hour ozone

maintenance plan for the Macon Area (such approval being one of the CAA criteria for redesignation to attainment status). The maintenance plan is designed to help keep the Macon Area in attainment for the 8-hour ozone NAAQS through 2020. These approval actions are based on EPA's determination that Georgia has demonstrated that the Macon Area has met the criteria for redesignation to attainment specified in the CAA, including a demonstration that the Macon Area has attained the 8-hour ozone standard. EPA's analyses of Georgia's 8-hour ozone redesignation request and maintenance plan are described in detail in the proposed rule published August 2, 2007 (72 FR 42354).

Consistent with the CAA, the maintenance plan that EPA is approving also includes new regional 2020 MVEBs for NO_x and VOCs for the Macon Area. In this action, EPA is approving these new regional 2020 MVEBs. For regional emission analysis years that involve years prior to 2020, there are no applicable budgets (for the purpose of conducting transportation conformity analyses), so the transportation conformity partners should consult with the area's interagency consultation group to determine the appropriate interim tests to use. For regional emission analysis years that involve the year 2020 and beyond, the applicable budgets, for the purpose of conducting transportation conformity analyses, are the new regional 2020 MVEBs. In this action, EPA is also finding adequate and approving the Macon Area's new regional MVEBs for NO_x and VOCs.

III. Why Is EPA Taking These Actions?

EPA has determined that the Macon Area has attained the 8-hour ozone standard and has also determined that Georgia has demonstrated that all other criteria for the redesignation of the Macon Area from nonattainment to attainment of the 8-hour ozone NAAQS have been met. See, section 107(d)(3)(E) of the CAA. EPA is also taking final action to approve the maintenance plan for the Macon Area as meeting the requirements of sections 175A and 107(d) of the CAA. Furthermore, EPA is finding adequate and approving the new regional 2020 MVEBs contained in Georgia's maintenance plan because these MVEBs are consistent with maintenance for the Macon Area. In the August 2, 2007, proposal to redesignate the Macon Area, EPA described the applicable criteria for redesignation to attainment and its analysis of how those criteria have been met. The rationale for EPA's findings and actions is set forth

in the proposed rulemaking and summarized in this rulemaking.

IV. What Are the Effects of These Actions?

Approval of the redesignation request changes the legal designation of the Macon Area for the 8-hour ozone NAAQS, found at 40 CFR Part 81. The approval also incorporates into the Georgia SIP a plan for maintaining the 8-hour ozone NAAQS in the Macon Area through 2020. The maintenance plan includes contingency measures to remedy future violations of the 8-hour ozone NAAQS, and establishes new regional MVEBs for the year 2020 for the Macon Area.

V. Final Action

After evaluating Georgia's redesignation request, EPA is taking final action to approve the redesignation and change the legal designation of Macon, Georgia from nonattainment to attainment for the 8-hour ozone NAAQS. Through this action, EPA is also approving into the Georgia SIP the 8-hour ozone maintenance plan for the Macon Area, which includes the new regional 2020 MVEBs of 7.8744 tpd for VOCs, and 14.7712 tpd for NO_x. Within 24 months from the publication date for this final rule, the Georgia transportation partners will need to demonstrate conformity to these new regional MVEBs pursuant to 40 CFR 93.104(e) as effectively amended by section 172(c)(2)(E) of the CAA as added by the Safe, Accountable, Flexible, Efficient Transportation Equity Act—A Legacy for Users (SAFETEA-LU), which was signed into law on August 10, 2005.

VI. Statutory and Executive Order Reviews

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a "significant regulatory action" and therefore is not subject to review by the Office of Management and Budget. For this reason, this action is also not subject to Executive Order 13211, "Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use" (66 FR 28355, May 22, 2001). This action merely approves state law as meeting Federal requirements and imposes no additional requirements beyond those imposed by state law. Accordingly, the Administrator certifies that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). Because this rule approves pre-existing requirements under state law and does not impose any additional enforceable duty beyond

that required by state law, it does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4).

This rule also does not have tribal implications because it will not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes, as specified by Executive Order 13175 (65 FR 67249, November 9, 2000). This action also does not have Federalism implications because it does not have substantial direct effects on the states, on the relationship between the national government and the states, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999). This action merely affects the status of a geographical area, does not impose any new requirements on sources or allow a state to avoid adopting or implementing other requirements, and does not alter the relationship or the distribution of power and responsibilities established in the CAA. This rule also is not subject to Executive Order 13045, "Protection of Children from Environmental Health Risks and Safety Risks" (62 FR 19885, April 23, 1997), because it is not economically significant and because the Agency does not have reason to believe that the rule concerns an environmental health risk or safety risk that may disproportionately affect children.

In reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the CAA. In this context, in the absence of a prior existing requirement for the State to use voluntary consensus standards (VCS), EPA has no authority to disapprove a SIP submission for failure to use VCS. It would thus be inconsistent with applicable law for EPA, when it reviews a SIP submission, to use VCS in place of a SIP submission that otherwise satisfies the provisions of the CAA. Thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply. This rule does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides

that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by November 19, 2007. Filing a petition for reconsideration by the Administrator of this final rule does not

affect the finality of this rule for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See, section 307(b)(2) of the CAA.)

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY**40 CFR Part 180**

[EPA-HQ-OPP-2007-0106; FRL-8147-8]

Pendimethalin; Pesticide Tolerance**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Final rule.

SUMMARY: This regulation establishes tolerances for combined residues of pendimethalin in or on artichoke, globe; asparagus; brassica head and stem, subgroup 5-A; and grape. Interregional Research Project Number 4 requested these tolerances under the Federal Food, Drug, and Cosmetic Act (FFDCA).

DATES: This regulation is effective September 19, 2007. Objections and requests for hearings must be received on or before November 19, 2007, and must be filed in accordance with the instructions provided in 40 CFR part 178 (see also Unit I.C. of the **SUPPLEMENTARY INFORMATION**).

ADDRESSES: EPA has established a docket for this action under docket identification (ID) number EPA-HQ-OPP-2007-0106. To access the electronic docket, go to <http://www.regulations.gov>, select "Advanced Search," then "Docket Search." Insert the docket ID number where indicated and select the "Submit" button. Follow the instructions on the regulations.gov website to view the docket index or access available documents. All documents in the docket are listed in the docket index available in www.regulations.gov. Although listed in the index, some information is not publicly available, e.g., Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available in the electronic docket at <http://www.regulations.gov>, or, if only available in hard copy, at the OPP Regulatory Public Docket in Rm. S-4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. The Docket Facility is open from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The Docket Facility telephone number is (703) 305-5805.

FOR FURTHER INFORMATION CONTACT: Susan Stanton, Registration Division

(7505P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 305-5218; e-mail address: stanton.susan@epa.gov.

SUPPLEMENTARY INFORMATION:**I. General Information***A. Does this Action Apply to Me?*

You may be potentially affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. Potentially affected entities may include, but are not limited to those engaged in the following activities:

- Crop production (NAICS code 111), e.g., agricultural workers; greenhouse, nursery, and floriculture workers; farmers.
- Animal production (NAICS code 112), e.g., cattle ranchers and farmers, dairy cattle farmers, livestock farmers.
- Food manufacturing (NAICS code 311), e.g., agricultural workers; greenhouse, nursery, and floriculture workers; ranchers; pesticide applicators.
- Pesticide manufacturing (NAICS code 32532), e.g., agricultural workers; commercial applicators; farmers; greenhouse, nursery, and floriculture workers; residential users.

This listing is not intended to be exhaustive, but rather to provide a guide for readers regarding entities likely to be affected by this action. Other types of entities not listed in this unit could also be affected. The North American Industrial Classification System (NAICS) codes have been provided to assist you and others in determining whether this action might apply to certain entities. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Access Electronic Copies of this Document?

In addition to accessing an electronic copy of this **Federal Register** document through the electronic docket at <http://www.regulations.gov>, you may access this **Federal Register** document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr>. You may also access a frequently updated electronic version of EPA's tolerance regulations at 40 CFR part 180 through the Government Printing Office's pilot e-CFR site at <http://www.gpoaccess.gov/ecfr>.

C. Can I File an Objection or Hearing Request?

Under section 408(g) of FFDCA, any person may file an objection to any aspect of this regulation and may also request a hearing on those objections. You must file your objection or request a hearing on this regulation in accordance with the instructions provided in 40 CFR part 178. To ensure proper receipt by EPA, you must identify docket ID number EPA-HQ-OPP-2007-0106 in the subject line on the first page of your submission. All requests must be in writing, and must be mailed or delivered to the Hearing Clerk as required by 40 CFR part 178 on or before November 19, 2007.

In addition to filing an objection or hearing request with the Hearing Clerk as described in 40 CFR part 178, please submit a copy of the filing that does not contain any CBI for inclusion in the public docket that is described in **ADDRESSES**. Information not marked confidential pursuant to 40 CFR part 2 may be disclosed publicly by EPA without prior notice. Submit this copy, identified by docket ID number EPA-HQ-OPP-2007-0106, by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.
- *Mail:* Office of Pesticide Programs (OPP) Regulatory Public Docket (7502P), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001.
- *Delivery:* OPP Regulatory Public Docket (7502P), Environmental Protection Agency, Rm. S-4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. Deliveries are only accepted during the Docket's normal hours of operation (8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays). Special arrangements should be made for deliveries of boxed information. The Docket Facility telephone number is (703) 305-5805.

II. Petition for Tolerance

In the **Federal Register** of April 4, 2007 (72 FR 16352-16356) (FRL-8119-2), EPA issued a notice pursuant to section 408(d)(3) of FFDCA, 21 U.S.C. 346a(d)(3), announcing the filing of a pesticide petition (PP 6E7129) by Interregional Research Project Number 4 (IR-4), 500 College Road East, Suite 201W, Princeton, NJ 08540. The petition requested that 40 CFR 180.361 be amended by establishing tolerances for combined residues of the herbicide pendimethalin, N-(1-ethylpropyl)-3,4-dimethyl-2,6-dinitrobenzenamine, and
