

Estimated Annual Burden: 111 responses; 888 total annual hours; 8 hours per response.

Needs and uses: This collection was approved as an extension to an existing collection with adjustments to the number of respondents and burden hours to reflect the most current information available. FCC Form 492 is filed by each local exchange carrier (LEC) or group of carriers who file individual access tariffs or who are not subject to sections 61.41 through 61.49 of the Commission's rules. Each LEC, or group of affiliated carriers subject to the previously stated sections file FCC Form 492A. Both forms are filed annually. The reports contain rate-of-return information and are needed to enable the Commission to fulfill its regulatory responsibilities.

OMB Control No.: 3060-1062.

OMB Approval Date: 7/27/2007.

Expiration Date: 07/31/2010.

Title: Schools and Libraries Universal Service Support Mechanism—Notification of Equipment Transfers.

Form No.: N/A.

Estimated Annual Burden: 100 responses; 100 total annual hours; 1 hour per response.

Needs and uses: This collection was approved as an extension to an existing collection with adjustments to the number of burden hours to reflect the most current information available. In the event that a participant of the schools and libraries universal service mechanism (also known as the e-rate program) is permanently or temporarily closed and equipment is transferred, the transferring entity must notify the Administrator of the transfer. Both the transferring and receiving entities must maintain detailed records documenting the transfer and the reason for the transfer for a period of five years.

OMB Control No.: 3060-0855.

OMB Approval Date: 9/11/2007.

Expiration Date: 09/30/2010.

Title: Telecommunications Reporting Worksheets and Related Collections.

Form No.: 499-A, 499-Q.

Estimated Annual Burden: 36,068 responses; 273,129 total annual burden, 15-25 hours per response.

Needs and uses: This collection was approved as a revision to a currently approved collection by OMB. The Federal Communications Commission (Commission) requires telecommunications carriers and other providers of telecommunications to contribute to the Universal Service Fund (USF) and other funds. Contribution revenue data, as well as other information, are reported by carriers and other providers of telecommunications on FCC Forms 499-

A and 499-Q. Accompanying these forms are instructions on how to report revenue. This revision is necessary to incorporate the changes required by the *Vonage Holdings Corp. Decision and TRS Contribution Order* and will go into effect with the November 1, 2007 quarterly filing of FCC Form 499-Q.

FEDERAL DEPOSIT INSURANCE CORPORATION

Agency Information Collection Activities: Proposed Information Collection; Comment Request

AGENCY: Federal Deposit Insurance Corporation (FDIC).

ACTION: Notice and request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and the respondent is not required to respond to, an information collection unless it displays a currently valid Office of Management and Budget (OMB) control number. The FDIC is contemplating initiating a survey relating to large-bank deposit insurance account systems. Institutions with the largest number of deposit accounts would be asked to provide information about their deposit account systems to the FDIC. The FDIC is exploring new methods to modernize its deposit insurance determination process, whereby the insurance status of each depositor is determined in the event of failure, and information collected through the survey would be used to facilitate those efforts.

DATES: Comments must be submitted on or before November 23, 2007.

ADDRESSES: You may submit comments by any of the following methods:

- *Agency Web Site:* <http://www.fdic.gov/regulations/laws/federal>.

Follow instructions for submitting comments on the Agency Web Site.

- *E-mail:* Comments@FDIC.gov.
- *Mail:* Leneta Gregorie, Legal

Division, Attention: Comments, Federal Deposit Insurance Corporation, 550 17th Street, NW., Washington, DC 20429.

- *Hand Delivery/Courier:* Guard station at the rear of the 550 17th Street Building (located on F Street) on business days between 7 a.m. and 5 p.m. (EST).

All comments should refer to "Survey of Large-Bank Deposit Insurance Programs." Copies of comments may also be submitted to the OMB desk officer for the FDIC, Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, Washington, DC 20503.

Public Inspection: All comments received will be posted without change

to <http://www.fdic.gov/regulations/laws/federal> including any personal information provided. Comments may be inspected and photocopied in the FDIC Public Information Center, 3501 North Fairfax Drive, Room E-1002, Arlington, VA 22226, between 9 a.m. and 5 p.m. (EST) on business days. Paper copies of public comments may be ordered from the Public Information Center by telephone at (877) 275-3342 or (703) 562-2200.

FOR FURTHER INFORMATION CONTACT:

Interested members of the public may obtain additional information about the collection by contacting Leneta Gregorie at the address identified above or by calling 202-898-3719.

SUPPLEMENTARY INFORMATION: Proposal to seek OMB approval for the following new collection of information:

Title: Survey of Large-Bank Deposit Insurance Programs.

OMB Number: New collection (3064-xxxx).

Frequency of Response: One-time.

Affected Public: Insured depository institutions with over 250,000 deposit accounts and total deposit domestic accounts of at least \$2 billion, and institutions with total assets over \$20 billion with less than 250,000 deposit accounts and total domestic deposits of at least \$2 billion.

Estimated Number of Respondents: 159.

Estimated Time per Response: Estimated average of 16 hours per respondent.

Estimated Total Annual Burden: 159 respondents times 16 hours per respondent = 2544 hours.

General Description of Collection

In view of the significant industry consolidation in recent years, the FDIC is exploring new methods to modernize the process to determine the insurance status of each depositor in the event of a depository institution failure. The FDIC's current procedures to determine deposit insurance coverage may result in unacceptable delays if used for an FDIC insured institution with a large volume of deposit accounts. In developing a new system to determine insurance coverage, the FDIC's goals are to minimize disruption to depositors and communities, and maximize recoveries for the deposit insurance fund in the event one of the largest insured institutions should fail. On December 13, 2005, the FDIC published in the **Federal Register** for a 90-day comment period, an advance notice of proposed rulemaking ("ANPR") seeking public comment on the best means to accomplish these objectives. 70 FR

73652 (Dec. 13, 2005). On December 13, 2006, the FDIC published a follow-up ANPR seeking further comment on whether and how the largest insured depository institutions should be required to modify their deposit account systems to speed depositor access to funds in the event of failure. 71 FR 74857 (Dec. 13, 2006). The proposed survey is designed to help the FDIC better understand the deposit account systems used by the largest banks. The proposed collection and instructions, in its current form, are set forth in Appendix A.

The focus of the survey is on FDIC-insured institutions with complex deposit systems. These include those institutions with the largest volume of deposit accounts, currently expected to include 152 insured institutions with over 250,000 deposit accounts and total domestic deposits of at least \$2 billion, as well as seven additional institutions with total assets over \$20 billion, with less than 250,000 deposit accounts and total domestic deposits of at least \$2 billion ("Covered Institutions").

The preferred method for collecting the data is through electronic submission in order to minimize burden on respondents. The study will conform to privacy rules and will not request any information that could be used to identify individual bank customers, such as name, address, or account number. All data from participating insured institutions will remain confidential. It is the intent of the FDIC to publish only general findings of the study.

Request for Comment

Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the FDIC's functions, including whether the information has practical utility; (b) the accuracy of the estimates of the burden of the information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs, and costs of operation, maintenance and purchase of services to provide the information.
