without use of grant dollars, such as those who pay tuition. In place of the above deletion, add to Section V.A.4.b: the number of individuals participating in training activities under the grant regardless of the source of the funds paying for the training activities. b. On page 44586, in the middle column, Part V. 4. Outcomes, Benefits, and Impact, there is confusion as to the total number of points this section is worth because of formatting issues in the Solicitation. This amendment provides clarification that the total points available for this section are 30. The Solicitation is hereby amended to reflect that: Part V.4. Outcomes, Benefits, and Impact is worth a total of 30 points. Part V. 4. a. Description of Outcomes is worth a total of 20 points. 4.a.1. (formerly 4.b.) Training: 10 points. 4.a.2. (formerly 4.c) Capacity Building: 10 points. Part V 4. b. (formerly 4.d). Appropriateness of Outcomes is worth 10 points. c. On page 44586, in the right hand column, Part V. 4. c. Capacity Building, add the following sentence: Please note, in their projected impact numbers, applicants must include a projection of the impact that the capacity building activities will have in the long-term (beyond the life of the grant) on the number of individuals trained by the college in the program areas enhanced by the grant. 6. On page 44581, in the right hand column, Section III.C.2. Required Capacity Building and Training Activities, and on page 44586, in the left hand column, Section V.A.3 Training and Capacity building Plan, the first bullet: Effective, Innovative Training and Capacity Building Strategies, add the following text: Applicants should also describe how their capacity building activities will ensure there will be demand for the program developed under the grant. This description should include outreach and recruitment strategies for new students and trainees and include roles of the industry, workforce system, and education partners in the outreach and recruitment strategies. Signed at Washington, DC, this 12th day of September 2007. Eric Luetkenhaus, Grant Officer, Employment & Training Administration. [FR Doc. E7–18826 Filed 9–24–07; 8:45 am] BILLING CODE 4510–FN–P

SUPPLEMENTARY INFORMATION:

I. Background

The Black Lung Benefits Act of 1977, as amended, 30 U.S.C. 901 et seq., provides for the payment of benefits to coal miners who have contracted black lung disease as a result of coal mine employment, and their dependents and survivors.
