SUPPLEMENTARY INFORMATION:

Background

On April 17, 2007, the Copyright Royalty Judges (“Judges”) published a notice in the **Federal Register** requesting comment on proposed regulations that set rates and terms for the noncommercial educational broadcasting statutory license under section 118 of the Copyright Act, title 17 of the United States Code, for the license period 2008–2012. 72 FR 19138. These proposed rates and terms were part of a joint proposal submitted on March 15, 2007, by the following parties to this proceeding: the American Council on Education (“ACE”); the American Society of Composers, Authors and Publishers (“ASCAP”); Broadcast Music, Inc. (“BMI”); the Harry Fox Agency (“HFA”); the National Music Publishers’ Association, Inc. (“NMPA”); National Public Radio, Inc. (“NPR”); the National Religious Broadcasters Noncommercial Music License Committee (“NRBNMLC”); the Public Broadcasting Service (“PBS”) and SESAC, Inc.

Section 801(b)(7)(A) of the Copyright Act allows the Judges to adopt such a proposal, which would be binding on all copyright owners and public broadcasting entities,¹ provided that:

- (i) the Copyright Royalty Judges shall provide to those that would be bound by the terms, rates, or other determination set by any agreement in a proceeding to determine royalty rates an opportunity to comment on the agreement and shall provide to participants in the proceeding under section 803(b)(2) that would be bound by the terms, rates, or other determination set by the agreement an opportunity to comment on the agreement and object to its adoption as a basis for statutory terms and rates; and
- (ii) the Copyright Royalty Judges may decline to adopt the agreement as a basis for statutory terms and rates for participants that are not parties to the agreement, if any participant described in clause (i) objects to the agreement and the Copyright Royalty Judges conclude, based on the record before

them if one exists, that the agreement does not provide a reasonable basis for setting statutory terms or rates.

17 U.S.C. 801(b)(7)(A). Accordingly, the Judges published the joint proposal, with certain modifications, pursuant to this provision. See 72 FR at 19139 (April 17, 2007). Comments were due on or before May 17, 2007.

In response to the notice, the Judges received only one comment, which was jointly submitted by NPR and PBS. The parties stated in pertinent part that due to “an inadvertent administrative error [in the parties’ joint proposal], some of the NPR and PBS proposed royalty rates * * * were incorrectly transcribed,” thereby making the rates proposed in § 381.7(b)(1)(i) “incorrect.” Joint Comments of National Public Radio and Public Broadcasting Service, filed May 15, 2007, at 2. They then set out the intended rates, which were lower than those published on April 17. *Id.*

Consequently, as required by section 801(b)(7)(A), the Judges are publishing for comment rates correcting those previously proposed in § 381.7(b)(1)(i). Therefore, the public may comment and object only to the rates contained in today’s notice of proposed rulemaking. Those who do comment and object, however, must be prepared to participate in further proceedings in this docket to establish rates and terms for the section 118 license.

Approval and Promulgation of Implementation Plans; Arkansas; Clean Air Interstate Rule Nitrogen Oxides Ozone Season Trading Program

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve a revision to the Arkansas State Implementation Plan (SIP) submitted on August 10, 2007, enacted at Regulation 19—Arkansas Plan of Implementation for Air Pollution Control; Chapter 14, Sections 19.1401–19.1404; and Chapter 15, Section 19.1501. This revision addresses the requirements of EPA’s Clean Air Interstate Rule (CAIR) Nitrogen Oxides (NO_x) Ozone Season Trading Program, promulgated on May 12, 2005 and subsequently revised on April 28 and December 13, 2006. EPA is proposing to determine that the SIP revision fully implements the CAIR NO_x ozone season requirements for Arkansas. Therefore, as a consequence of the SIP approval, EPA will also withdraw the CAIR Federal Implementation Plan (CAIR FIP) concerning NO_x emissions for Arkansas. The CAIR FIPs for all States in the CAIR region were promulgated on April 28, 2006 and subsequently revised on December 13, 2006.

The intended effect of this action is to reduce NO_x emissions from the State of Arkansas that are contributing to nonattainment of the 8-hour ozone National Ambient Air Quality Standard (NAAQS or standard) in downwind states. This action is being taken under section 110 of the Federal Clean Air Act (the Act or CAA).

¹ A “public broadcasting entity” is defined as a “noncommercial educational broadcast station as defined in section 397 of title 47 and any nonprofit institution or organization engaged in the activities described in paragraph (2) of subsection (c)” of section 118.

DATES: Comments must be received on or before October 26, 2007.

ADDRESSES: Comments may be mailed to Mr. Jeff Robinson, Chief, Air Permits Section (6PD-R), Environmental Protection Agency, 1445 Ross Avenue, Suite 1200, Dallas, Texas 75202-2733. Comments may also be submitted electronically or through hand delivery/courier by following the detailed instructions in the **ADDRESSES** section of the direct final rule located in the rules section of this **Federal Register**.

FOR FURTHER INFORMATION CONTACT: If you have questions concerning today's proposal, please contact Ms. Adina Wiley (6PD-R), Air Permits Section, Environmental Protection Agency, Region 6, 1445 Ross Avenue (6PD-R), Suite 1200, Dallas, TX 75202-2733. The telephone number is (214) 665-2115. Ms. Wiley can also be reached via electronic mail at wiley.adina@epa.gov.

SUPPLEMENTARY INFORMATION: In the final rules section of this **Federal Register**, EPA is approving the State's SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no relevant adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no relevant adverse comments are received in response to this action, no further activity is contemplated. If EPA receives relevant adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of the rule, and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment.

For additional information, see the direct final rule which is located in the rules section of this **Federal Register**.
