

following vehicles did not include either the installation instructions or the instructions for the proper use and maintenance of the replacement seat belt assemblies. This fails to comply with both paragraph S4.1(k) and paragraph S4.1(l) of the standard:

 2007 MY Mazda CX–9, delivered from 2006 to 2007
 2007 MY Mazda B-Series Truck, delivered from 2006 to 2007

And finally, all remaining replacement seat belt assemblies produced for use in the United States and its territories did not include the instructions for the proper use and maintenance of the replacement seat belt assemblies. This fails to comply with S4.1(l) of the standard.

MAZDA makes the argument that the MAZDA parts ordering system used by Mazda dealers clearly identifies the correct service seat belt components for any given model/model year seat position combination. The parts are unique to each belt and are designed to assemble properly only in their intended application. When ordering Mazda replacement seat belt parts, the dealer must refer to the Mazda parts catalog to identify the ordering part number with the information on the specific vehicle model type, location and model year. Each replacement seat belt assembly is packaged individually with a specific part number label to ensure shipping the correct parts. Then, the dealer routinely checks to confirm that the part received matches the one ordered. Given the ordering system and process, the dealers could select, order, and obtain the correct parts. Also, installation instructions for seat belts are readily available in the Mazda workshop manuals and on the Internet. Therefore, the seat belt parts can be successfully installed with the information already available even though installation instructions did not

accompany the replacement seat belt assemblies.

MAZDA further argues that since the instruction for proper use and maintenance is described in the owner's manual which is installed in the vehicle, incorrect usage and maintenance by the vehicle owner is highly unlikely.

MAZDA is not aware of any customer or field reports of service seat belt assemblies being incorrectly installed in the subject applications as a result of installation instructions not accompanying the service part.

MAZDA also stated that it is not aware of any reports requesting installation instructions, which it believed to be related to the noncompliances.

Upon discovery of the subject noncompliance, MAZDA took action to ensure that all replacement seat belt assemblies shipped in the future are packaged with the required installation instructions. MAZDA has also corrected all the replacement seat belt assemblies in the inventory for shipment to dealers.

In summation, MAZDA states that it has corrected the problem that caused these errors so that they will not be repeated in future production and that it believes that because the noncompliances are inconsequential to motor vehicle safety that no corrective action is warranted.

Surface Transportation Board

Notice and Request for Comments

AGENCY: Surface Transportation Board, Department of Transportation.

ACTION: Notice of intent to seek approval of existing collection: Waybill Sample.

SUMMARY: As required by the Paperwork Reduction Act of 1995, 44 U.S.C. 3501 *et seq.* (PRA), the Surface Transportation Board (Board) gives notice that it has submitted a request to the Office of Management and Budget (OMB) for approval of the currently existing collection of Waybill Sample data, which is described in detail below. The Board previously published a notice about these collections in the **Federal Register** on May 21, 2007, at 72 FR 28549. That notice allowed for a 60-day public review and comment period. No comments were received. Comments may now be submitted to OMB concerning (1) the accuracy of the Board's burden estimates; (2) ways to enhance the quality, utility, and clarity of the information collected; (3) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology, when appropriate; and (4) whether this collection of information is necessary for the proper performance of the functions of the Board, including whether the collection has practical utility.

Description of Collection

Title: Waybill Sample.
OMB Control Number: 2140–00.

STB Form Number: None.

Type of Review: Approval of existing collection.

Respondents: Any regulated railroad that terminated at least 4,500 carloads on its line in any of the three preceding years or that terminated at least 5% of the total revenue carloads that terminated in a particular state.

Number of Respondents: 64.

Estimated Time per Response: 75 minutes.

Frequency: 59 respondents report quarterly; 5 respondents report monthly.

Total Burden Hours (annually including all respondents): 370 hours.

Total "Non-hour Burden" Cost: No "non-hour cost" burdens associated with this collection have been identified.

Needs and Uses: The Surface Transportation Board is, by statute, responsible for the economic regulation of common carrier rail transportation in the United States. Under 49 CFR part 1244, a railroad is required to file carload-Waybill-Sample information (Waybill Sample) for all line-haul revenue waybills terminating on its lines if, in any of the three preceding years, it terminated 4500 or more carloads, or it terminated at least 5% of the total revenue carloads that terminate in a particular state. The information in the Waybill Sample is used by the Board, other Federal and state agencies, and industry stakeholders to monitor traffic flows and rate trends in the industry, and to develop testimony in Board proceedings. The Board has authority to collect this information under 49 U.S.C. 11144, 11145, and 11901(e).

DATES: Comments on this information collection should be submitted by December 3, 2007.

ADDRESSES: Comments should be faxed to the Office of Management and Budget, Office of Information and Regulatory Affairs, Attention: Surface Transportation Board Desk Officer, at (202) 395-6974. When submitting comments, please refer to "Paperwork Reduction Comments: Waybill Sample."

For Further Information or To Obtain a Copy of Pertinent Regulations, Contact: Mac Frampton at (202) 245-0317 or at hugh.frampton@stb.dot.gov. [Assistance for the hearing impaired is available through the Federal Information Relay Service (FIRS) at 1-800-877-8339.] These regulations are codified at 49 CFR parts 1244.1-1244.9 and are also available on the Web through <http://www.gpoaccess.gov/cfr/index.html>.

SUPPLEMENTARY INFORMATION: Under the PRA, a Federal agency conducting or

sponsoring a collection of information must display a currently valid OMB control number. A collection of information, which is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c), includes agency requirements that persons submit reports, keep records, or provide information to the agency, third parties, or the public. Under section 3507(b) of the PRA, Federal agencies are required to provide, concurrent with their submitting a collection to OMB for approval, a 30-day notice and comment period through publication in the **Federal Register** concerning each proposed collection of information.

Dated: October 4, 2007.

Surface Transportation Board

[STB Docket No. AB-33 (Sub-No. 209)]

Union Pacific Railroad Company— Discontinuance—in Utah County, UT

On September 14, 2007, Union Pacific Railroad Company (UP) filed with the Surface Transportation Board (Board) an application for permission to discontinue service over a line of railroad known as the Elberta Line (Line). The Line consists of four end-to-end line segments consisting of the Tintic Industrial Lead from milepost 5.52 to milepost 26.00, the West Tintic Industrial Lead from milepost 26.00 to milepost 27.23, the Goshen Valley Branch from milepost 0.0 to milepost 3.80 (equation milepost 2.89 = milepost 2.98), and the Iron King Branch from milepost 0.0 to milepost 2.15, extending for a total distance of 27.57 miles in Utah County, Utah. The Line traverses U.S. Postal Service Zip Codes 84626, 84633, and 84651, and includes a station at Elberta.

The Line does contain federally granted rights-of-way.¹ Any documentation in UP's possession will be made available promptly to those requesting it. The applicant's entire case for discontinuance (case-in-chief) was filed with the application.

The Line has appeared on UP's system diagram map in category 1 since July 7, 2003.

The interest of railroad employees will be protected by the conditions set

¹ The Line contains several segments of federally granted rights-of-way that are reversionary and that collectively account for approximately 50% of the property affected by the proposed discontinuance.

forth in *Oregon Short Line R. Co.—Abandonment—Goshen*, 360 I.C.C. 91 (1979).

Any interested person may file with the Board written comments concerning the proposed discontinuance or protests (including the protestant's entire opposition case) by October 29, 2007. Because this is a discontinuance proceeding, and not an abandonment, trail use/rail banking and public use requests are not appropriate. Also, only offers of financial assistance (OFA) under 49 U.S.C. 10904 to subsidize (not purchase) the line will be entertained.

Persons opposing the discontinuance who wish to participate actively and fully in the process should file a protest. Persons who oppose the discontinuance but who do not wish to participate fully in the process by submitting verified statements of witnesses containing detailed evidence should file comments. Persons seeking information concerning the filing of protests should refer to 49 CFR 1152.25.

In addition, a commenting party, or protestant may provide: (i) An OFA to subsidize rail service under 49 U.S.C. 10904 (due 120 days after the application is filed or 10 days after the application is granted by the Board, whichever occurs sooner); and (ii) recommended provisions for protection of the interests of employees.

The line sought to be discontinued will be available for subsidy for continued rail use, if the Board decides to permit the discontinuance, in accordance with applicable laws and regulations (49 U.S.C. 10904 and 49 CFR 1152.27). Each OFA must be accompanied by a \$1,300 filing fee. See 49 CFR 1002.2(f)(25). No subsidy arrangement approved under 49 U.S.C. 10904 shall remain in effect for more than 1 year unless otherwise mutually agreed by the parties (49 U.S.C. 10904(f)(4)(B)). Applicant will promptly provide upon request to each interested party an estimate of the subsidy required to keep the line in operation. The carrier's representative to whom inquiries may be made concerning subsidy terms is set forth below.

Any filing in response to this notice must refer to STB Docket No. AB-33 (Sub-No. 209) and must be submitted either via the Board's e-filing format or in the traditional paper format. Any person using e-filing should attach a document and otherwise comply with the instructions found on the Board's Web site at <http://www.stb.dot.gov> at the "E-FILING" link. Any person submitting a filing in the traditional paper format should send an original and 10 paper copies of the filing (and also an electronic version) with a certificate of
