Assessment

The Department will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries, pursuant to 19 CFR 351.212(b). We calculate importer-specific duty assessment rates on the basis of the ratio of the total amount of antidumping duties calculated for the examined sales to the total quantity of the sales for that importer. Where the assessment rate is above *de minimis*, we instruct CBP to assess duties on all entries of subject merchandise by that importer. As explained in the *Preliminary Results*, the Department will apply the importer-specific assessment rates calculated in the previous review. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of these final results of review.

The Department clarified its "automatic assessment" regulation on May 6, 2003 (68 FR 23954). This clarification will apply to entries of subject merchandise during the POR produced by companies included in these final results of review for which the reviewed companies did not know their merchandise was destined for the United States. In such instances, the Department will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction. For a full discussion of this clarification, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

Cash Deposits

The following cash deposit requirements were effective upon publication of the final results of the previous administrative review (see *Notice of Final Results of Antidumping Duty Administrative Review: Steel Concrete Reinforcing Bars from Latvia*, 71 FR 74900 (December 13, 2006)) for all shipments of rebar from Latvia entered, or withdrawn from warehouse, for consumption on or after December 13, 2006, as provided by section 751(a)(1) of the Tariff Act of 1930, as amended ("the Act"), and will continue to be in effect: (1) The cash deposit rate listed above for LM will be 5.94 percent; (2) for previously reviewed or investigated companies not listed above,

the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous review conducted by the Department, the cash deposit rate will be 17.21 percent, the "All Others" rate established in the LTFV investigation. These cash deposit requirements shall remain in effect until further notice.

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred, and in the subsequent assessment of double antidumping duties.

This notice also is the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing these results and notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

October 2, 2007.

Assistant Secretary for Import Administration.

Polyethylene Terephthalate Film, Sheet, and Strip From India: Final Results of Expedited Five-Year (Sunset) Review of the Countervailing Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On June 1, 2007, the Department of Commerce (the Department) published in the **Federal Register** the notice of initiation of the first five-year sunset review of the countervailing duty order on polyethylene terephthalate (PET) film from India, pursuant to section 751(c) of

the Tariff Act of 1930, as amended (the Act). *See Initiation of Five-Year ("Sunset") Reviews*, 72 FR 30544 (June 1, 2007) (*Initiation*). On the basis of notices of intent to participate and adequate substantive responses filed on behalf of domestic interested parties, and inadequate responses from respondent interested parties (in this case, neither the Government of India nor any of the respondent companies covered by the order provided a response), the Department conducted an expedited sunset review of these orders pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(B) and (C). As a result of this sunset review, the Department finds that revocation of the countervailing duty order is likely to lead to continuation or recurrence of countervailable subsidies at the levels indicated in the "Final Results of Review" section of this notice.

DATES: *Effective Dates:* October 9, 2007.

FOR FURTHER INFORMATION CONTACT: Elfi Blum or Dana Mermelstein, AD/CVD Operations, Office 6, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Ave., NW., Washington, DC 20230; telephone: (202) 482-0197 or (202) 482-1391, respectively.

SUPPLEMENTARY INFORMATION:

Background

On June 1, 2007, the Department initiated the first sunset review of the countervailing duty order on PET film from India, pursuant to section 751(c) of the Act. *See Initiation*, 72 FR 30544. The Department received notices of intent to participate from DuPont Teijin Films (DuPont), Mitsubishi Polyester Film of America (MFA), SKC, Inc. (SKC), and Toray Plastics (America), Inc. (TPA) (collectively, domestic interested parties), within the deadline specified in 19 CFR 351.218(d)(1)(i). Domestic interested parties claimed interested party status as U.S. producers engaged in the manufacture, production, or wholesale of PET film in the United States, pursuant to section 771(9)(C) of the Act. On June 15, 2007, respondent, Garware Polyester Ltd. (Garware) notified the Department of its interest in participating in this sunset review.

On July 2, 2007, the Department received a substantive response from domestic interested parties within the deadline specified in 19 CFR 351.218(d)(3)(i). The Department did not receive any substantive responses from any respondent interested party to this proceeding. Although Garware notified the Department of its interest in participating in the review, it did not

file a substantive response. In accordance with 19 CFR 351.218(e)(1)(ii)(C)(1), the Department notified the International Trade Commission (ITC) that respondent interested parties to the CVD order on PET film from India, provided inadequate responses to the *Initiation*, 72 FR 30544. The Department, therefore, has conducted an expedited sunset review of the countervailing duty order, pursuant to 19 CFR 351.218(e)(1)(ii)(B) and (C)(2).

Since the publication of the countervailing duty order, there have been three completed administrative reviews of this order. *See Notice of Countervailing Duty Order: Polyethylene Terephthalate Film, Sheet, and Strip (PET Film) from India*, 67 FR 44179 (July 1, 2002). There have been no requests for scope clarifications and no changed circumstances reviews.

Scope of the Order

The products covered by this order are all gauges of raw, pretreated, or primed polyethylene terephthalate film, sheet and strip (PET film), whether extruded or coextruded. Excluded are metallized films and other finished films that have had at least one of their surfaces modified by the application of a performance-enhancing resinous or inorganic layer of more than 0.00001 inches thick. Imports of PET film were classifiable in the Harmonized Tariff Schedule of the United States (HTSUS) under item number 3920.62.00. Effective July 1, 2003, the HTSUS subheading 3920.62.00.00 was divided into 3920.62.00.10 (metallized PET film) and 3920.62.00.90 (non-metallized PET film). HTSUS subheadings are provided for convenience and customs purposes. The written description of the scope of this order is dispositive.

Analysis of Comments Received

All issues raised, in the substantive responses, by parties to this sunset review are addressed in the *Issues and Decision Memorandum for Final Results of Expedited Sunset Review of the Countervailing Duty Orders on Polyethylene Terephthalate Film, Sheet, and Strip from India*, from Stephen J. Claeys, Deputy Assistant Secretary for Import Administration, to David M. Spooner, Assistant Secretary for Import Administration, dated concurrently with this notice (*Decision Memorandum*), which is hereby adopted by this notice. The issues discussed in the *Decision Memorandum* include the likelihood of continuation or recurrence of a countervailable subsidy, the net countervailable subsidy rate likely to prevail if the order were
