SUPPLEMENTARY INFORMATION:

I. Abstract

The License Limitation Program (LLP) restricts access to the commercial groundfish fisheries in the Exclusive Economic Zone off Alaska except for certain areas where alternative programs exist. The LLP also restricts access to the commercial crab fisheries for the Bering Sea and Aleutian Islands (BSAI) and access to the commercial scallop fisheries off Alaska.

Applications for permits were a one-time process. An LLP application

originally was used to determine owners of vessels who were qualified to obtain an LLP license, and no new LLP permits may be issued except under very specific conditions. Permits have no expiration date, but are transferable. This collection now supports LLP transfer activities for crab, scallops, and groundfish, and any appeals resulting from denied actions.

II. Method of Collection

Transfer requests may be submitted by FAX or as paper submissions. Appeals may be submitted by mail as paper submissions.
