Submission for OMB Review; Comment Request

Title: Low Income Home Energy Assistance Program (LIHEAP) Household Report.

OMB No.: 0970-0060.

Description: This statistical report is an annual activity required by statute (42 U.S.C. 8629) and Federal regulations (45 CFR 96.92) for the Low Income Energy Assistance Program (LIHEAP).

Submission of the completed report is one requirement for LIHEAP grantee applying for Federal LIHEAP block grant funds. States, the District of Columbia, and the Commonwealth of Puerto Rico are required to report statistics for the previous Federal fiscal year on the number and income levels of LIHEAP applicants and assisted households, as well as the number of LIHEAP-assisted households with at least one member who is elderly, disabled, or a young child.

The statistical report required States, the District of Columbia, and the Commonwealth of Puerto Rico to report on an unduplicated count of assisted households having at least one member who is elderly, disabled, or a young child, and an unduplicated count of assisted households receiving one or more types of LIHEAP assistance. The Administration deleted on the proposal to add the reporting requirement of "assisted households having at least one elderly person who is homebound" based on comments received in response to the first notice.

Insular areas receiving less than \$200,000 annually in LIHEAP funds and

Indian Tribal Grantees are required to submit data only on the number of households receiving heating, cooling, energy crisis, or weatherization benefits. The information is being collected for the Department's annual LIHEAP report to Congress. The data also provides information about the need for LIHEAP funds. Finally, the data are used in the calculation of LIHEAP performance measures under the Government Performance and Results Act of 1993. The additional data elements will improve the accuracy of measuring LIHEAP targeting performance and LIHEAP cost efficiency.

The form will remain the same as in the past until Fiscal Year 2010. Start-up for the updated format will require significantly higher burden hours per response. Therefore, the Annual Burden

Estimates below reflect an average of the first two years of this renewal period before the burden changes with the third year of this renewal period during the revisions.

Respondents: State Governments, Tribal Governments, Insular Areas, the District of Columbia, and the Commonwealth of Puerto Rico.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Assisted Household Report-Long Form	52	1	190	9,880
Assisted Household Report-Short Form	144	1	1	144

The program is designed to reach the President's goal of establishing 100,000 mentor/mentee relationships between a

caring adult and a young person whose parent(s) is incarcerated in a correctional facility by the end of FY 2008. Administration for Children, Youth and Families; Award Announcement

AGENCY: Administration on Children, Youth and Families.

ACTION: Award announcement, Administration for Children and Families, Department of Health and Human Services.

CFDA NO.: 93.616.

SUMMARY: The Administration on Children, Youth and Families, Family and Youth Services Bureau (FYSB), herein announces the awarding of ten supplemental awards in the amount of \$1,932,300 to fund Fiscal Year (FY) 2007 Runaway and Homeless Youth Training and Technical Assistance cooperative agreements. The average amount per grantee would be \$192,230.

Section 439 of the Social Security Act, as amended by the Child and Family Services Improvement Act of 2006 (Pub. L. 109-288) authorizes the Secretary of Health and Human Services (HHS) to award grants for the purpose of supporting the establishment or expansion and operation of community-based programs to provide one-on-one mentoring relationships between a child of incarcerated parent(s) and a caring, supportive adult mentor under the Mentoring Children of Prisoners Program (MCP). This supplemental funding will be used to access the capacity building expertise of the ten Runaway and Homeless Youth Training and Technical Assistance Providers for the purpose of enhancing the capacity of newly awarded lower scoring community and faith-based MCP grantees. It is expected that the supplementing of the ten RHY Training and Technical Assistance Providers will result in the reduction in program start-up issues and other barriers to high performance.

It is critical that these MCP grantees receive the best possible services as it relates to enhancing their capacity to develop and maintain a quality mentoring program. The following agencies are receiving grant funds for a twelve month project period:
