

Partial Recession of the Administrative Review

In the *Preliminary Results*, the Department issued a notice of intent to rescind the administrative review with respect to Baoding Mantong Fine Chemistry Co., Ltd. (“Baoding Mantong”) because we found no evidence that it made shipments of subject merchandise during the POR. The Department received no comments on this issue, and we did not receive any further information since the issuance of the *Preliminary Results* that provides a basis for a reconsideration of this determination. Therefore, the Department is rescinding this administrative review with respect to Baoding Mantong.

Separate Rates

In our *Preliminary Results*, we determined that NDCI met the criteria for the application of a separate rate. We have not received any information or comments since the issuance of the *Preliminary Results* that provides a basis for reconsideration of this determination. Therefore, the Department continues to find that NDCI meets the criteria for a separate rate.

Final Results of the Review

The Department has determined that the following final dumping margin exists for the period March 1, 2005, through February 28, 2006:

GLYCINE FROM THE PRC

Manufacturer/Exporter	Weighted-Average Margin (Percent)
Nantong Dongchang Chemical Industry Corp.	38.67

The Department will disclose calculations performed for these final results to the parties within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Assessment Rates

Upon issuance of the final results, the Department will determine, and U.S. Customs and Border Protection (“CBP”) shall assess, antidumping duties on all appropriate entries. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of review. Pursuant to 19 CFR 351.212(b)(1), we will calculate importer-specific (or customer) *ad valorem* duty assessment rates based on the ratio of the total amount of the dumping margins calculated for the examined sales to the total entered

value of those same sales. We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review if any importer-specific assessment rate calculated in the final results of this review is above *de minimis*.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of these final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Tariff Act of 1930, as amended (“the Act”): (1) for subject merchandise exported by Nantong Dongchang, the cash-deposit rate will be that established in the final results of review; (2) for previously reviewed or investigated exporters not listed above that have separate rates, the cash-deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise, which have not been found to be entitled to a separate rate, the cash-deposit rate will be the PRC-wide rate of 155.89 percent; (4) for all non-PRC exporters of subject merchandise that have not received their own rate, the cash-deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter. These deposit requirements shall remain in effect until further notice.

Notification of Interested Parties

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the review period. Pursuant to 19 CFR 351.402(f)(3), failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (“APO”) of their responsibility concerning the disposition of proprietary information disclosed under APO as explained in the administrative protective order itself. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This notice of the final results of this administrative review is issued and published in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.213 and 351.221(b)(5).

Dated: October 9, 2007.

David M. Spooner,
Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION:

I. Abstract

The National Marine Fisheries Service (NMFS) Northwest Region manages the

U.S. groundfish fisheries of the Exclusive Economic Zone (EEZ) off Washington, Oregon and California under the Pacific Coast Fishery Management Plan. In its consideration of a groundfish trawl rationalization program, the Pacific Fishery Management Council (PFMC) has requested that NMFS collect detailed information for owners of trawl endorsed limited entry permits in order to develop an appropriate policy. The recent reauthorization of the Magnuson-Stevens Fishery Conservation and Management Act (MSA) placed a deadline on the PFMC to complete its consideration of the trawl rationalization program. Further, the MSA (Section 303A(5)(B)(ii)) requires that the Secretary of Commerce consider procedures to address concerns over excessive geographic and/or other consolidation in harvesting and processing sectors of the fishery. NMFS would request that all trawl endorsed permit owners who are business entities to provide the names of individuals who have an ownership interest in the entity and the percentage of interest held in the entity by such individuals. This information would be requested annually on a voluntary basis.

In addition, NMFS would revise its existing sablefish ownership interest form to request that all business entities who own or hold a sablefish permit to provide the percentage of ownership interest each individual has in the business entity. This information about the percentage of ownership interest by an individual would be requested on a voluntary basis.
