

interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the sideboard directed fishing closure of Pacific cod apportioned to non-AFA crab vessels catching Pacific cod for processing by the inshore component in the Western Regulatory Area of the GOA. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of October 10, 2007.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 680.22 and is exempt from review under Executive Order 12866.

RIN 0648-XD41

#### Fisheries of the Economic Exclusive Zone Off Alaska; Trawl Gear in the Gulf of Alaska

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Temporary rule; closure.

**SUMMARY:** NMFS is prohibiting directed fishing for groundfish by vessels using trawl gear in the Gulf of Alaska (GOA), except for directed fishing for pollock by vessels using pelagic trawl gear in those portions of the GOA open to directed fishing for pollock. This closure also does not apply to fishing by vessels participating in the cooperative fishery in the Rockfish Pilot Program for the Central GOA. This action is necessary to prevent exceeding the 2007 Pacific halibut prohibited species catch (PSC) limit specified for trawl gear in the GOA.

**DATES:** Effective 1200 hrs, Alaska local time (A.l.t.), October 15, 2007, through 2400 hrs, A.l.t., December 31, 2007.

**FOR FURTHER INFORMATION CONTACT:**

Jennifer Hogan, 907-586-7228.

**SUPPLEMENTARY INFORMATION:** NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2007 Pacific halibut PSC limit for vessels using trawl was established as 2,000 metric tons by the 2007 and 2008 harvest specifications for groundfish of the GOA (72 FR 9676, March 5, 2007, as corrected by 72 FR 13217, March 21, 2007). The fishery was closed on October 8, 2007 (72 FR 57888, October 11, 2007) and was reopened on October 10, 2007.

The Administrator, Alaska Region, has determined, in accordance with § 679.21(d)(7)(i), that the 2007 Pacific halibut PSC limit allocated to vessels using trawl gear in the GOA will soon be reached. Therefore, NMFS is prohibiting directed fishing for groundfish by vessels using trawl gear

in the GOA, except for directed fishing for pollock by vessels using pelagic trawl gear in those portions of the GOA that remain open to directed fishing for pollock. This closure also does not apply to fishing by vessels participating in the cooperative fishery in the Rockfish Pilot Program for the Central GOA.

#### Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA, (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such a requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay closing directed fishing for groundfish by vessels using trawl gear in the GOA. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of October 12, 2007.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.21 and is exempt from review under Executive Order 12866.
