

years should be needed to implement data systems consistent with guidance in this area.

The Department recognizes that its delay in issuing final guidance, including its decision to delay issuing guidance until after EEOC issued its guidance in final form as discussed in Part IV of this notice, may result in implementation difficulties for some educational institutions and other recipients. The Department regrets any inconvenience that its delay in issuing guidance may cause. Nevertheless, given the vital importance of collecting racial and ethnic data under the 1997 Standards and the fact that educational institutions and other recipients are being provided a considerable amount of time to comply with the 1997 Standards, the Department expects that all educational institutions and other recipients will meet this deadline.
