

outcomes will contribute to the success and quality of oral health programs and are essential for long term sustainability and viability of health centers funded by HRSA.

This award is being made non-competitively because there is no current, pending, or planned funding opportunity announcement under which this proposal could be competed. HRSA/BPHC has identified three key reasons to support rationale for not awarding competitively:

1. NNOHA is uniquely positioned to provide oral health program support services on a national basis to community health centers. As the only organization of health center dental providers, NNOHA is dedicated to increasing the effectiveness of dental programs in reaching all underserved populations by supporting efforts to strengthen existing health center dental programs; manage the growth of new health center dental programs; and manage the quality improvement in health center dental programs.

2. With this experience, and its nationwide membership of health center dentists, NNOHA has a proven track record of effective collaborations with health center dental programs. Increased access to quality oral health is enhanced through NNOHA's partnerships with organizations and governmental agencies at the local, State and national levels.

3. No other organization has the national scope of respected experience in the area of health center oral health leadership and can perform immediately, especially given the complexity of activities that are critical to HRSA.

Legislative Authority: Section 330(l) of the Public Health Service Act.

FOR FURTHER INFORMATION CONTACT: Jay R. Anderson, DMD, MHSA, Office of Quality and Data, Bureau of Primary Health Care, Health Resources and Services Administration. Dr. Anderson may be contacted by e-mail at Janderson@hrsa.gov or via telephone at (301) 594-4295.

Dated: October 15, 2007.

Elizabeth M. Duke,
Administrator.
