

part 34 of all future issuances of securities and assumptions of liability by Logan Wind Energy.

On October 16, 2007, pursuant to delegated authority, the Director, Division of Tariffs and Market Development—West, granted the requests for blanket approval under Part 34 (Director's Order). The Director's Order also stated that the Commission would publish a separate notice in the **Federal Register** establishing a period of time for the filing of protests.

Accordingly, any person desiring to be heard concerning the blanket approvals of issuances of securities or assumptions of liability by Logan Wind Energy, should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure. 18 CFR 385.211, 385.214 (2004).

Notice is hereby given that the deadline for filing protests is November 15, 2007.

Absent a request to be heard in opposition to such blanket approvals by the deadline above, Logan Wind Energy is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of Logan Wind Energy, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approvals of Logan Wind Energy's issuance of securities or assumptions of liability.

Copies of the full text of the Director's Order are available from the Commission's Public Reference Room, 888 First Street, NE., Washington, DC 20426. The Order may also be viewed on the Commission's Web site at <http://www.ferc.gov>, using the eLibrary link. Enter the docket number excluding the last three digits in the docket number filed to access the document. Comments, protests, and interventions may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the

"e-Filing" link. The Commission strongly encourages electronic filings.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. QF04-132-001]

#### North Texas Wind Center, LLC; Notice of Filing

October 16, 2007.

Take notice that on October 11, 2007, North Texas Wind Center, LLC, c/o Noble Environmental Power, LLC, 8 Railroad Avenue, Suite 8, Essex, CT 06426, on behalf of the NTWC-4 Project (NTWC-4) filed with the Federal Energy Regulatory Commission (Commission) an application for recertification of a facility as a qualifying small power production facility pursuant to 18 CFR 292.207(b) of the Commission's regulations. No determination has been made that the submittal constitutes a complete filing.

NTWC-4 is small power production wind facility currently in development that consists of multiple wind turbine generators with an approximate net power production capacity of 78.3 MW. The facility will be located in Hansford County, Texas.

Interconnection of NTWC-4 will be with a transmission line owned by Xcel Energy, Inc. and operated by its operating subsidiary Southwestern Public Service Company (SPS). NTWC-4 also expects that SPS will be the electric utility that will provide the facility with supplementary, back-up and maintenance power.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and

interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov), or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

*Comment Date:* 5 p.m. Eastern Time on November 13, 2007.

### Federal Energy Regulatory Commission

[Docket No. QF03-11-001]

#### North Texas Wind Center, LLC; Notice of Filing

October 16, 2007.

Take notice that on October 9, 2007, North Texas Wind Center, LLC, c/o Noble Environmental Power, LLC, 8 Railroad Avenue, Suite 8, Essex, CT 06426, on behalf of the NTWC-1 Project (NTWC-1) filed with the Federal Energy Regulatory Commission (Commission) an application for recertification of a facility as a qualifying small power production facility pursuant to 18 CFR 292.207(b) of the Commission's regulations. No determination has been made that the submittal constitutes a complete filing.

NTWC-1 is small power production wind facility currently in development that consists of multiple wind turbine generators with an approximate net power production capacity of 76.7 MW. The facility will be located in Hansford County, Texas.

Interconnection of NTWC-1 will be with a transmission line owned by Xcel energy, Inc. and operated by its operating subsidiary Southwestern Public Service Company (SPS). NEWC-1 also expects that SPS will be the electric utility that will provide the
