

individual and supervisor assessments, without specifically identifying individuals. Agencies can request raw data reports that will contain the identity of individuals. An employee can retrieve individual reports (which contain a record of how the individuals assessed themselves, along with how the supervisor assessed the position). All reports are accessed via the Internet through a password-restricted system.

**SAFEGUARDS:**

These electronic records are maintained in controlled access areas. Identification cards are verified to ensure that only authorized personnel are present. Electronic records are protected by restricted access procedures, including the use of passwords and sign-on protocols which are periodically changed. Only employees whose official duties require access are allowed to view, administer, and control these records.

**RETENTION AND DISPOSAL:**

Completed verifications are archived to a storage disk nightly and retained on a server for five years. When records are purged from the server, the records are transferred to a CD or other electronic media. Records in electronic media are electronically erased. CD or other electronic media are maintained for five years.
