each set of comments by the date specified above. The Department will consider all comments received by the close of the comment period. Comments received after the end of the comment period will be considered, if possible, but their consideration cannot be assured. The Department will not accept comments accompanied by a request that a part or all of the material be treated confidentially because of its business proprietary nature or for any other reason. The Department will return such comments and materials to the persons submitting the comments and will not consider them in its development of a targeted dumping analysis. The Department requires that comments be submitted in written form. The Department also requests submission of comments in electronic form to accompany the required paper copies. Comments filed in electronic form should be submitted either by e-mail to the webmaster below, or on CD-ROM, as comments submitted on diskettes are likely to be damaged by postal radiation treatment.

Comments received in electronic form will be made available to the public in Portable Document Format (PDF) on the Internet at the Import Administration website at the following address: http://ia.ita.doc.gov. Any questions concerning file formatting, document conversion, access on the Internet, or other electronic filing issues should be addressed to Andrew Lee Beller, Import Administration Webmaster, at (202) 482-0866, email address: webmaster-support@ita.doc.gov.

David M. Spooner,
Assistant Secretary for Import Administration.

ACTION: Notice of availability and request for public comments.

SUMMARY: The National Oceanic and Atmospheric Administration publishes this notice to announce a 45-day public comment period for the draft report titled, U.S. Climate Change Science Program Synthesis and Assessment Product 4.7: “Impacts of Climate Change and Variability on Transportation Systems and Infrastructure: Gulf Coast Study.”

This draft document is being released solely for the purpose of pre-dissemination peer review under applicable information quality guidelines. This document has not been formally disseminated by NOAA. It does not represent and should not be construed to represent any Agency policy or determination. After consideration of comments received on the draft report, a revised version along with the comments received will be published on the CCSP web site.

DATES: Comments must be received by December 10, 2007.

ADDRESSES: The draft synthesis and assessment product 4.7: “Impacts of Climate Change and Variability on Transportation Systems and Infrastructure: Gulf Coast Study” draft report, can be accessed at the following website: http://www.noaa.gov/CCSP/CCSPDrafts.htm.
Infrastructure: Gulf Coast Study.” is posted on the CCSP Web site at: www.climatescience.gov/Library/sap/sap4-7/public-review-draft/default.htm.

Detailed instructions for making comments on this draft report are provided on the SAP webpage. Comments must be prepared in accordance to these instructions and must be submitted to: 4.7-transport@usgcrp.gov

FOR FURTHER INFORMATION CONTACT: Dr. Fabien Laurier, Climate Change Science Program Office, 1717 Pennsylvania Avenue NW, Suite 250, Washington, DC 20006, Telephone: (202) 419 3481.

SUPPLEMENTARY INFORMATION: The CCSP was established by the President in 2002 to coordinate and integrate scientific research on global and climate changes sponsored by 13 participating departments and agencies of the U.S. Government. The CCSP is charged with preparing information resources that promote climate-related discussions and decisions, including scientific synthesis and assessment analyses that support evaluation of important policy issues. Synthesis and Assessment Product 4.7 identifies the potential effects of climate variability and change in transportation infrastructure and systems in the central U.S. Gulf coast. The purpose of this study is to develop knowledge and tools that will assist transportation decision makers in incorporating climate-related trend information into transportation system planning, design, engineering, and operational decisions. Implications for all transportation modes–surface, marine, and aviation–are addressed.

William J. Brennan,
Deputy Assistant Secretary of Commerce for International Affairs, and Acting Director, Climate Change Science Program.
