Title: Specialty Sugar Import Certificates.

OMB Number: 0551-0025.

Expiration Date of Approval: March 31, 2008.

Type of Request: Extension of a currently approved information collection.

Abstract: The quota system established by Presidential Proclamation 4941 of May 5, 1982 prevented the importation of certain sugars used for specialized purposes which originated in countries which did not have quota allocations. Therefore, the regulation at 15 CFR part 2011 (Allocation of Tariff-Rate Quota on Imported Sugars, Syrups, and Molasses, Subpart B—Specialty Sugar) established terms and conditions under which certificates are issued permitting U.S. importers holding certificates to enter specialty sugars from specialty sugar source countries at the in-quota tariff rates under the sugar tariff-rate quota (TRQ). Nothing in this subpart affects the ability to enter specialty sugars at the over-quota tariff rate. Applicants for certificates for the import of specialty sugars must supply the information required by 15 CFR 2011.205 to be eligible to receive a specialty sugar certificate. The specific information required on an application must be collected from those who wish to participate in the program in order to grant specialty sugar certificates, ensure that imported specialty sugar does not disrupt the current domestic sugar program, and administer the issuance of the certificates effectively.
