Title: Specialty Sugar Import Certificates.

OMB Number: 0551-0025.

Expiration Date of Approval: March 31, 2008.

Type of Request: Extension of a currently approved information collection.

Abstract: The quota system established by Presidential Proclamation 4941 of May 5, 1982 prevented the importation of certain sugars used for specialized purposes which originated in countries which did not have quota allocations. Therefore, the regulation at 15 CFR part 2011 (Allocation of Tariff-Rate Quota on Imported Sugars, Syrups, and Molasses, Subpart B—Specialty Sugar) established terms and conditions under which certificates are issued permitting U.S. importers holding certificates to enter specialty sugars from specialty sugar source countries at the in-quota tariff rates under the sugar tariff-rate quota (TRQ). Nothing in this subpart affects the ability to enter specialty sugars at the over-quota tariff rate. Applicants for certificates for the import of specialty sugars must supply the information required by 15 CFR 2011.205 to be eligible to receive a specialty sugar certificate. The specific information required on an application must be collected from those who wish to participate in the program in order to grant specialty sugar certificates, ensure that imported specialty sugar does not disrupt the current domestic sugar program, and administer the issuance of the certificates effectively.

Forest Service

Notice of Proposed New Fee Sites; Federal Lands Recreation Enhancement Act (Title VIII, Public Law 108-447)

AGENCY: Boise National Forest, USDA Forest Service.

ACTION: Notice of proposed new fee sites.

SUMMARY: The Boise National Forest is planning to charge fees at 22 recreation sites. Fees are assessed based on the level of amenities and services provided, cost of operation and maintenance, market assessment, and public comment. The fees listed are currently proposed and will be determined upon further analysis and public comment. Funds from fees would be used for the continued operation and maintenance of these recreation sites.

Swanholm and Rice Peak Lookouts, along with cabins at the Landmark Ranger Station and Johnson Creek Guard Station will be available for overnight rental. A fee study, financial analysis, and public involvement efforts were completed. As a result, cabin

rental fees would range between \$30 and \$50 per night. Lookout, ranger, and guard station rentals offer a unique experience and are a widely popular offering on National Forests. The Landmark Ranger Station is eligible for listing on the National Register of Historic Places and is being restored to its original purpose as a working Forest Service administrative site, and to adapt the compound for public use and enjoyment. Fees would continue to help protect and maintain all these administrative structures and their historic integrity. The cabin rentals would be available once a final decision is made and they are listed with the National Recreation Reservation Service which would be in May of 2008 at the earliest.

New \$5 day use fees are also proposed for the Arrowrock and Campbell Creek boating access sites and the Granite Creek picnic site. These fees will help address the deferred maintenance needs, such as substandard boat docks at both of the boating sites as well as general operation and maintenance needs at all three sites. The Granite Creek picnic site also serves as a trailhead for an important interpretive trail in the summer and groomed snowmobile trail access in the winter. Amenities include covered picnic shelters, a toilet, and interpretive exhibits.

Fees are proposed at 15 campgrounds including Badger Creek, Castle Creek, Cottonwood, Evans Creek, Little Roaring River Lake, Troutdale, Bald Mountain, Neimeyer, Powerplant, Queens River, Riverside, Golden Gate, Ice Hole, Penny Springs, and Yellow Pine campgrounds. Many of these sites have been improved with new toilets and picnic tables over the last 8 to 10 years and additional income is needed for their continued operation and maintenance. A fee study, financial analysis, and public involvement efforts were completed in the spring and summer of 2007 in an effort to determine campground fees across the Boise National Forest, including both existing fee campgrounds as well as those proposed for new fees. Fees at campgrounds are proposed to be \$15 at sites that provide both drinking and water and trash removal and \$12 at sites that do not provide both of these amenities. A \$5 day use fee is also proposed at some sites.

DATES: New fees would begin in May 2007 and contingent upon completion of certain improvements at a few sites.
