[EPA-R05-OAR-2007-0293; FRL-8490-2]

Approval and Promulgation of Air Quality Implementation Plans; Indiana; VOC Emissions From Fuel Grade Ethanol Production Operations; Withdrawal of Direct Final Rule

AGENCY: Environmental Protection Agency (EPA).

ACTION: Withdrawal of direct final rule.

SUMMARY: Due to the receipt of an adverse comment, the EPA is withdrawing the September 13, 2007 (72 FR 52286), direct final rule approving the State of Indiana's March 30, 2007, request to revise the Indiana State Implementation Plan (SIP) by adding a volatile organic compound (VOC) rule for fuel grade ethanol production at dry mills. In the direct final rule, EPA stated that if adverse comments were submitted by October 15, 2007, the rule would be withdrawn and not take effect. On October 8, 2007, EPA received a comment. EPA believes this comment is adverse and, therefore, EPA is withdrawing the direct final rule. EPA will address the comment in a subsequent final action based upon the proposed action also published on September 13, 2007 (72 FR 52320). EPA will not institute a second comment period on this action.

DATES: The direct final rule published at 72 FR 52286 on September 13, 2007, is withdrawn as of November 1, 2007.

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

Final Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final rule.

SUMMARY: Base (1% annual chance) Flood Elevations (BFEs) and modified BFEs are made final for the communities listed below. The BFEs and modified BFEs are the basis for the floodplain management measures that each community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The date of issuance of the Flood Insurance Rate Map (FIRM) showing BFEs and modified BFEs for each community. This date may be obtained by contacting the office where the maps are available for inspection as indicated on the table below.

ADDRESSES: The final BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: William R. Blanton, Jr., Engineering Management Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-3151.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final determinations listed below for the modified BFEs for each community listed. These modified elevations have been published in newspapers of local circulation and

ninety (90) days have elapsed since that publication. The Mitigation Division Director of FEMA has resolved any appeals resulting from this notification.

This final rule is issued in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67. FEMA has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR part 60.

Interested lessees and owners of real property are encouraged to review the proof Flood Insurance Study and FIRM available at the address cited below for each community. The BFEs and modified BFEs are made final in the communities listed below. Elevations at selected locations in each community are shown.

National Environmental Policy Act. This final rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601-612, a regulatory flexibility analysis is not required.

Regulatory Classification. This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This final rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This final rule meets the applicable standards of Executive Order 12988.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 64

[WC Docket No. 04-36, CG Docket No. 03-123, WT Docket No. 96-198 and CC Docket No. 92-105; DA 07-4178]

IP-Enabled Services; Implementation of Sections 255 and 251(a)(2) of The Communications Act of 1934, as Enacted by The Telecommunications Act of 1996: Access to Telecommunications Service, Telecommunications Equipment and Customer Premises Equipment by Persons With Disabilities; Telecommunications Relay Services and Speech-to-Speech Services for Individuals With Hearing and Speech Disabilities; The Use of N11 Codes and Other Abbreviated Dialing Arrangements

AGENCY: Federal Communications Commission.

ACTION: Final rule; petition for waiver.

SUMMARY: In this document, the Commission grants in part and denies in part petitions filed by the Voice on the Net (VON) Coalition, United States Telecom Association (USTelecom) and Hamilton Telephone Company (Hamilton) seeking a stay or waiver of certain aspects of the Commission's Voice Over Internet Protocol (VoIP)

Telecommunications Relay Services (TRS) Order (*VoIP TRS Order*). The Commission recognizes that, in certain circumstances, there are technical challenges to the ability of interconnected VoIP providers to route 711 abbreviated TRS dialing access calls to an "appropriate relay center," as that term is clarified herein. Similarly, the Commission recognizes that, in certain circumstances, TRS providers receiving 711 emergency calls via an interconnected VoIP service may not be able to determine an appropriate public safety answering point (PSAP) to call in compliance with the TRS emergency call handling requirements. As a result, the Commission finds good cause to grant to interconnected VoIP providers a limited, six month waiver of the requirement that they route 711 calls to an appropriate relay center. The Commission also finds good cause to grant for a period of six months a limited waiver of the TRS emergency call handling requirements, as applied to interconnected VoIP customers, so that TRS providers can implement a means of directing the outbound leg of a 711 call received via an interconnected VoIP service to an appropriate PSAP.

DATES: Effective October 9, 2007.
