

Are There Changes in the Estimates from the Last Approval?

The previous ICR covered only Part 1 applications. This ICR covers both Part 1 and Part 2 applications as well as the permitting authorities' review and approval of those applications, development of case-by-case MACT, public notice and comment, and issuance of the final permit. The burden between the previous ICR and this ICR are very significant primarily because they cover different activities.

What is the Next Step in the Process for this ICR?

EPA will consider any comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. At that time, EPA will issue another **Federal Register** notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

II. Contractor Requirements

Under Contract No. EP-C-07-022, the contractor will review and evaluate the most recent toxicity, occurrence and exposure information for atrazine and triazines (simazine and propazine) and other pesticides in water to support health effect reviews under the Safe Drinking Water Act and the Clean Water Act. Access by The Cadmus Group Inc. to this information will enable the Office of Water to have increased support and use of the best available, peer reviewed science to support decisions and develop the analyses

required under both the Safe Drinking Water Act and the Clean Water Act.

This contract involves no subcontractors.

OPP has determined that the contract described in this document involves work that is being conducted in connection with FIFRA, in that pesticide chemicals will be the subject of certain evaluations to be made under this contract. These evaluations may be used in subsequent regulatory decisions under FIFRA.

Some of this information may be entitled to confidential treatment. The information has been submitted to EPA under sections 3, 4, 6, and 7 of FIFRA and under sections 408 and 409 of FFDCA.

In accordance with the requirements of 40 CFR 2.307(h)(3), the contract with The Cadmus Group, Inc., prohibits use of the information for any purpose not specified in the contract; prohibits disclosure of the information to a third party without prior written approval from the Agency; and requires that each official and employee of the contractor sign an agreement to protect the information from unauthorized release and to handle it in accordance with the *FIFRA Information Security Manual*. In addition, The Cadmus Group, Inc. is required to submit for EPA approval a security plan under which any CBI will be secured and protected against unauthorized release or compromise. No information will be provided to The Cadmus Group, Inc. until the requirements in this document have been fully satisfied. Records of information provided to The Cadmus Group, Inc. will be maintained by EPA Project Officers for this contract. All information supplied to The Cadmus Group, Inc. by EPA for use in connection with this contract will be returned to EPA when The Cadmus Group, Inc. has completed its work.
