Rural Utilities Service

Dry Fork Station and Hughes Transmission Project

AGENCY: Rural Utilities Service, USDA.

ACTION: Notice of Termination of Environmental Impact Statement.

SUMMARY: Notice is hereby given that the Rural Utilities Service (RUS), an agency delivering the United States Department of Agriculture (USDA) Rural Development Utilities Programs, hereinafter referred to as Rural Development, is terminating further preparation of an Environmental Impact Statement (EIS) for the Dry Fork Station and Hughes Transmission Project in Campbell and Sheridan Counties, Wyoming.

The purpose of the EIS was to evaluate the potential environmental impacts of and alternatives to the Basin Electric Power Cooperative, Inc. (Basin Electric) application for a Rural Development loan guarantee to construct and operate a coal-fired electric generation facility referred to as the Dry Fork Station. Basin Electric did not request a loan guarantee from Rural Development for the Hughes Transmission Line, but it was being evaluated as a connected action for the EIS. Basin Electric withdrew their application to Rural Development on October 17, 2007.

A Draft EIS was filed with the U.S. Environmental Protection Agency on August 24, 2007, and notice of an extension of the public comment period to November 19, 2007, appeared in the **Federal Register** on October 17, 2007 ("Notice of Extension of Public Comment Period, Draft Environmental Impact Statement, Dry Fork Station and Hughes Transmission Line, Wyoming", 72 FR 59071). Public hearings on the Draft EIS were held in Sheridan, Wyoming on September 25, 2007, and in Gillette, Wyoming on September 26, 2007.

Certain Cut-to-Length Carbon-Quality Steel Plate Products From the Republic of Korea: Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Review and Countervailing Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: November 6, 2007.

FOR FURTHER INFORMATION CONTACT: Yang Jin Chun or Minoo Hatten at (202) 482-5760 and (202) 482-1690, respectively (antidumping), and Jolanta Lawska or Eric Greynolds at (202) 482-8362 and (202) 482-6071, respectively (countervailing duty), Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

At the request of interested parties, the Department of Commerce (the Department) initiated an administrative review of the antidumping duty order on certain cut-to-length carbon-quality steel plate products from the Republic of Korea for the period February 1, 2006, through January 31, 2007. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 72 FR 14516 (March 28, 2007) (*March Initiation Notice*), for Dongkuk Steel Mill Co., Ltd. (DSM), and *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 72 FR 20986 (April 27, 2007), for DSEC Co., Ltd., a subsidiary of Daewoo Shipbuilding & Marine Engineering (DSEC), and Tae Chang Steel Co., Ltd. (TC Steel). The Department initiated an administrative review of the countervailing duty order on certain cut-to-length carbon-quality

steel plate products from the Republic of Korea for the period January 1, 2006, through December 31, 2006. See *March Initiation Notice* for DSM, DSEC, and TC Steel. We rescinded the review of TC Steel. See *Certain Cut-to-Length Carbon-Quality Steel Plate from the Republic of Korea: Notice of Partial Rescission of Countervailing Duty Administrative Review*, 72 FR 36962 (July 6, 2007). The preliminary results of both reviews are currently due no later than October 31, 2007.

Extension of Time Limit for Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to make a preliminary determination within 245 days after the last day of the anniversary month of an order for which a review is requested and a final determination within 120 days after the date on which the preliminary determination is published. If it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary determination to a maximum of 365 days after the last day of the anniversary month. See also 19 CFR 351.213(h).

We determine that it is not practicable to complete the preliminary results of these reviews by the current deadline of October 31, 2007. Specifically, for the antidumping review, there are a number of complex factual issues such as one respondent's corporate affiliations, whether certain of its sales are outside the ordinary course of trade, and selection of an adverse facts-available rate for an uncooperative respondent which affect the calculations for the preliminary results. For the countervailing duty review, we need to resolve a question concerning shipments by one of the respondents. Therefore, we are extending the time period for issuing the preliminary results of these reviews by 15 days until November 15, 2007.

This notice is published in accordance with sections 751(a)(3)(A) and 777(i)(1) of the Act and 19 CFR 351.213(h)(2).

Dated: October 31, 2007.

Stephen J. Claeys,

Deputy Assistant Secretary for Import Administration.

Postponement of Preliminary Determination of Antidumping Duty Investigation: Circular Welded Carbon Quality Steel Pipe from the People's Republic of China

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: November 6, 2007.

FOR FURTHER INFORMATION CONTACT:

Thomas Martin, AD/CVD Operations, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone (202) 482-3936.

SUPPLEMENTARY INFORMATION:

Postponement of Preliminary Determination

On June 27, 2007, the Department of Commerce ("Department") initiated the antidumping duty investigation of circular welded carbon quality steel pipe from the People's Republic of China. See *Initiation of Antidumping Duty Investigation: Circular Welded Carbon Quality Steel Pipe from the People's Republic of China*, 72 FR 36663 (July 5, 2007) ("*Initiation Notice*"). The notice of initiation stated that the Department would make its preliminary determination for this antidumping duty investigation no later than 140 days after issuance. See *Initiation Notice*, 72 FR at 36667.

On October 2, 2007, Allied Tube & Conduit, Sharon Tube Company, IPSCO Tubulars, Inc., Western Tube & Conduit Corporation, Northwest Pipe Company, Wheatland Tube Co., *i.e.*, the Ad Hoc Coalition For Fair Pipe Imports From China, and the United Steelworkers (collectively "Petitioners") made a timely request pursuant to 19 CFR 351.205(e) and section 733(c)(1)(A) of the Tariff Act of 1930, as amended ("the Act"), for a postponement of the preliminary determination. Petitioners requested postponement of the preliminary determination because it needs additional time to evaluate the questionnaire responses filed by respondents, and, if warranted, prepare an allegation of targeted dumping. See 19 CFR 351.301(d)(5).

For the reasons identified by the Petitioners, and because there are no compelling reasons to deny the request, the Department is postponing the preliminary determination under

section 733(c)(1)(A) of the Act, by fifty days from November 14, 2007, to January 3, 2008. The deadline for the final determination will continue to be 75 days after the date of the preliminary determination, unless extended.

This notice is issued and published pursuant to sections 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: October 31, 2007.

Acting Assistant Secretary for Import Administration.
