We consulted with FDA's Nonprescription Drugs Advisory Committee and Pulmonary and Allergy Drugs Advisory Committee at a joint meeting held on January 24, 2006, to discuss the essential-use status of MDIs containing epinephrine. During the meeting, several committee members expressed opinions that MDIs containing epinephrine provide important public health benefits to individuals with asthma who face barriers to health care and cannot obtain prescription drugs. You may wish to read the transcript of the joint meeting (available on the Division of Dockets Management Web site (see **ADDRESSES**)) or the summaries of the discussions at the meeting in the proposed rule (72 FR 53711 at 53716 to 53724).

III. Registration, Agenda, and Transcript

IV. Extension of the Comment Period for the Proposed Rule

FDA is extending the comment period for the proposed rule to December 19, 2007. We believe that extending the comment period is reasonable to accommodate the public meeting and to provide a short period after the meeting to receive additional comments.

V. Request for Comments

Regardless of your attendance at the meeting, you may submit to the Division of Dockets Management (see **ADDRESSES**) written or electronic comments related to the proposed rule (see **DATES**). All relevant data and information should be submitted with the written comments.
