The proposed revisions to the existing data collection package were recommended in order to; (1) Respond to OMB PART recommendations to collect job retention and earnings information that is consistent with the common measures for federal job training programs; (2) include demographic and other descriptive data on the individuals served by the program; and (3) consolidate the two existing reporting requirements thereby reducing the number of reports submitted by PWI grantees from two to one annually. The information collected will be aggregated in order to provide information to Congress, Office of Management and Budget, policy makers and the public.
