[Docket No. CGD07-07-102]

RIN 1625-AA08

Special Local Regulations; Recurring Marine Events in the Seventh Coast Guard District

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to create special local regulations to regulate recurring marine events in the Seventh Coast Guard District. These regulations will apply to all permitted events listed on the table attached to the regulation, and include events such as regattas, parades, and fireworks displays. These regulations are being proposed to reduce the Coast Guard's administrative workload and expedite public notification of events.

DATES: Comments and related material must reach the Coast Guard on or before December 13, 2007.

ADDRESSES: You may mail comments and related material to Commander, U.S. Coast Guard Seventh District (dpi), 909 SE 1st Ave, Miami, FL 33131-3050. The Seventh District Prevention Division maintains the public docket for this rulemaking. Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, will become part of this docket and will be available for inspection or copying at the Brickell Plaza Federal Building, Miami, FL, between 8 a.m. and 3:30 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: LT Clint Smith, U.S. Coast Guard District Seven Prevention Division, (305) 415-6860.

SUPPLEMENTARY INFORMATION:

Request for Comments

We encourage you to participate in this rulemaking by submitting comments and related material. If you do so, please include your name and address, identify the docket number for this rulemaking CGD07-07-102, indicate the specific section of this document to which each comment applies, and give the reason for each comment. Please submit all comments and related material in an unbound format, no larger than 8½ by 11 inches, suitable for copying. If you would like

to know they reached us, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period. We may change this proposed rule in view of them.

Public Meeting

We do not now plan to hold a public meeting. But you may submit a request for a meeting by writing to the U.S. Coast Guard District Seven Prevention Division at the address under **ADDRESSES** explaining why one would be beneficial. If we determine that one would aid this rulemaking, we will hold one at a time and place announced by a later notice in the *Federal Register*.

Background and Purpose

Marine events are frequently held on the navigable waters within the boundary of the Seventh Coast Guard District. These include events such as sailing regattas, holiday parades, and fireworks displays. Currently, there are over 250 annually recurring marine events and many other non-recurring events within the district. In the past, the Coast Guard regulated these events by creating individual special local regulations on a case by case basis. Most of these events required only the establishment of a regulated area and assignment of a patrol commander to ensure safety. Issuing individual, annual special local regulations has created a significant administrative burden on the Coast Guard. In 2005, the Coast Guard created over 60 temporary regulations for marine events in the Seventh District. That number rose to over 110 in 2006 and is expected to rise even higher in 2007.

Additionally, for the majority of these events, the Coast Guard does not receive notification of the event, or important details of the event are not finalized by event organizers, with sufficient time to publish a notice of proposed rulemaking and final rule before the event date. The Coast Guard must therefore create temporary final rules that sometimes are not completed until only days before the event. This results in delayed notification to the public, potentially placing the public and event participants at risk.

This proposed rule will significantly relieve the administrative burden on the Coast Guard, and at the same time allow the sponsor of the event and the Coast Guard to notify the public of these events in a timely manner. The public will be provided with notice of events through the table attached to this regulation. This table lists each recurring event that may be regulated by the Coast Guard, and indicates the

sponsor, as well as the date and location of the event. Because the dates and location of these events may change slightly from year to year, the specific information on each event, including the exact dates, specific areas, and description of the regulated area, will be provided to the public through a Local Notice to Mariners published before the event, as well as through Broadcast Notice to Mariners. This table will be updated by the Coast Guard periodically to add new recurring events, remove events that no longer occur, and update listed events to ensure accurate information is provided.

Discussion of Proposed Rule

This proposed rule will apply to each event listed in the attached table to this rule. Events listed in the table are events that recur annually in the Seventh Coast Guard District. The table provides the event name and sponsor, as well as an approximate date and location of the event. The specific date and regulated area for each event will be provided in a Local Notice to Mariners and Broadcast Notice to Mariners prior to each event. Some events listed in the table currently have permanent regulations published in 33 CFR part 100, and these regulations will be removed.

For each event listed in the table, an event patrol, with a Patrol Commander in charge may be assigned. The Patrol Commander may control the movement of all vessels in the regulated area(s). When hailed or signaled by an official patrol vessel, a vessel in these areas shall immediately comply with the directions given. Failure to do so may result in expulsion from the area, citation for failure to comply, or both. The Coast Guard Patrol Commander may terminate the event, or the operation of any vessel participating in the event, at any time it is deemed necessary for the protection of life or property.

Only event sponsors, designated participants, and official patrol vessels are allowed to enter a regulated area. All persons and vessels not registered with the event sponsor as participants or official patrol vessels are considered spectators. Spectators may not enter the regulated area and may be confined to a designated spectator area to view the event. Spectators may contact the Coast Guard Patrol Commander to request permission to pass through the regulated area. If permission is granted, spectators must pass directly through the regulated area at safe speed and without loitering.

Regulatory Evaluation

This proposed rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order.

We expect the economic impact of this proposed rule to be so minimal that a full Regulatory Evaluation is unnecessary.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this proposed rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities. This proposed rule would affect the following entities, some of which might be small entities: The owners or operators of vessels intending to transit or anchor in the areas where marine events are being held. This proposed regulation will not have a significant impact on a substantial number of small entities because it will only be enforced on marine events that have been permitted by the Coast Guard Captain of the Port. The Captain of the Port will ensure that small entities are able to operate in the areas where events are occurring. Additionally, in most cases, vessels will be able to safety transit around the regulated area at all times, and, with the permission of the Patrol Commander, vessels may transit through the regulated area.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule so that

they can better evaluate its effects on them and participate in the rulemaking. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**. The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

Collection of Information

This proposed rule would call for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520.).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this proposed rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This proposed rule would not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This proposed rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this proposed rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically

significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

Indian Tribal Governments

This proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this proposed rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a "significant energy action" under that order because it is not a "significant regulatory action" under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This proposed rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this proposed rule under Commandant Instruction M16475.ID and Department of Homeland Security Management Directive 5100.1, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969

(NEPA)(42 U.S.C. 4321–4370f), and have made a preliminary determination that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, we believe that this rule should be categorically excluded, under figure 2–1, paragraph (34)(h), of the Instruction, from further environmental documentation. This proposed rule fits the category of paragraph 34(h) because it proposes to create special local regulations for regattas and marine parades.

Under figure 2–1, paragraph (34)(h), of the Instruction, an "Environmental Analysis Check List" is not required for this rule. Comments on this section will be considered before we make the final decision on whether to categorically exclude this rule from further environmental review.

List of Subjects in 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

For the reasons discussed in the preamble, the Coast Guard proposes to amend 33 CFR part 100 as follows:

PART 100—REGATTAS AND MARINE PARADES

1. The authority citation for part 100 continues to read as follows:

Authority: 33 U.S.C. 1233.

§§ 100.709, 100.710, 100.714, 100.715, 100.716, 100.721, 100.722, 100.723, 100.730, 100.731, 100.733, and 100.735 [Removed]

2. Remove the following sections from this part: §§ 100.709, 100.710, 100.714, 100.715, 100.716, 100.721, 100.722, 100.723, 100.730, 100.731, 100.733, and 100.735.

3. Add a new § 100.701 to read as follows:

§ 100.701 Special Local Regulations; Marine Events in the Seventh Coast Guard District.

The following regulations apply to the marine events listed in Table 1 of this section. These regulations will be effective annually, for the duration of each event listed in Table 1. Annual notice of the exact dates and times of the effective period of the regulation with respect to each event, the geographical area, and details concerning the nature of the event and the number of participants and type(s) of vessels involved will also be published in local notices to mariners and/or a Notice of Enforcement in the **Federal Register**.

(a) *Definitions.* The following definitions apply to this section:

Patrol Commander. A Patrol Commander is a commissioned, warrant, or petty officer of the Coast Guard who has been designated by the respective Coast Guard Sector Commander to enforce these regulations.

Spectators. All persons and vessels not registered with the event sponsor as participants or official patrol vessels.

(b) *Event Patrol.* The Coast Guard may assign an event patrol, as described in § 100.40 of this part, to each regulated event listed in the table. Additionally, a Patrol Commander may be assigned to oversee the patrol. The event patrol and Patrol Commander may be contacted on VHF Channel 16.

(c) *Special Local Regulations.* (1) The Coast Guard Patrol Commander may forbid and control the movement of all vessels in the regulated area(s). When hailed or signaled by an official patrol vessel, a vessel in these areas shall immediately comply with the directions given. Failure to do so may result in expulsion from the area, citation for failure to comply, or both.

(2) The Coast Guard Patrol Commander may terminate the event, or the operation of any vessel participating in the event, at any time it is deemed necessary for the protection of life or property.

(3) Only event sponsor designated participants and official patrol vessels are allowed to enter the regulated area.

(4) Spectators are only allowed inside the regulated area if they remain within a designated spectator area. Spectators may contact the Coast Guard Patrol Commander to request permission to pass through the regulated area. If permission is granted, spectators must pass directly through the regulated area at safe speed and without loitering.

(d) *Contact Information.* Questions about marine events should be addressed to the local Coast Guard Captain of the Port for the area in which the event is occurring. Contact information is listed below. For a description of the geographical area of each Captain of the Port zone, please see subpart 3.35 of this chapter.

(1) Captain of the Port Charleston, South Carolina: (843) 724–7616.

(2) Captain of the Port Savannah, Georgia: (912) 652–4353.

(3) Captain of the Port Jacksonville, Florida: (904) 247–7318.

(4) Captain of the Port Miami, Florida: (305) 535–8701.

(5) Captain of the Port Key West, Florida: (305) 292–8779.

(6) Captain of the Port Sector St. Petersburg, Florida: (727) 824–7506.

(7) Captain of the Port San Juan, Puerto Rico: (787) 289–2041.

(e) *Application for Marine Events.* The application requirements of § 100.15 of this part apply to all events listed in Table 1. For information on applying for a marine event, contact the Captain of the Port for the area in which the event will occur, at the phone numbers listed above.

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule; notice of reconsideration of final rule.

SUMMARY: On December 31, 2002, we (the EPA) issued our final New Source Review (NSR) Improvement Rule which, among other things, requires all sources to include "fugitive emissions" in assessing whether a proposed physical or operational change qualifies as a "major modification" that is subject to review under major NSR. On July 11, 2003, we received a petition for reconsideration on behalf of Newmont

USA Limited, dba Newmont Mining Corporation ("Newmont") arguing that the December 31, 2002 final rule failed to comply with the Clean Air Act (Act) requirement that EPA conduct a rulemaking to list source categories for which fugitive emissions must be included in computing a source's emissions to determine whether it is a "major stationary source." In January 2004, we agreed to reconsider this issue. In this action, we are proposing to revise the provisions of the December 2002 final rules related to the treatment of fugitive emissions for purposes of determining whether a physical or operational change at an existing major source qualifies as a major modification. We request public comment on the proposed revisions. In this action, we are also providing guidelines for determining when and how emissions are to be considered fugitive for NSR and Title V permitting.

DATES: Comments. Comments must be received on or before January 14, 2008.

Public Hearing. If anyone contacts us requesting to speak at a public hearing on or before December 3, 2007, we will hold a public hearing approximately 30 days after publication in the **Federal Register**.
