BILLING CODE 4910-13-C

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 39

[Docket No. FAA-2007-0073; Directorate Identifier 2007-NM-229-AD; Amendment 39-15240; AD 2007-22-04]

RIN 2120-AA64

Airworthiness Directives; Airbus Model A330 Airplanes

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Final rule; correction.

SUMMARY: The FAA is correcting a typographical error in an existing airworthiness directive (AD) that was published in the **Federal Register** on October 24, 2007 (72 FR 60238). The error resulted in an inadvertent omission of the deadline for submitting comments. This AD applies to all Airbus Model A330 airplanes. This AD requires revising the Procedures and Emergency sections of the Airbus A330 Airplane Flight Manual.

DATES: This correction is effective November 13, 2007. The AD published at 72 FR 60238 remains effective November 8, 2007. Comments on the AD at 72 FR 60238 must be received by December 17, 2007.

ADDRESSES: You may examine the AD docket on the Internet at <http://www.regulations.gov>; or in person at the Docket Management Facility between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD docket contains this AD, the regulatory evaluation, any comments received, and other information. The address for the Docket Office (telephone 800-647-5527) is the Document Management Facility, U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590.

FOR FURTHER INFORMATION CONTACT: Tim Backman, Aerospace Engineer, International Branch, ANM-116, Transport Airplane Directorate, FAA, 1601 Lind Avenue, SW., Renton, Washington 98057-3356; telephone (425) 227-2797; fax (425) 227-1149.

SUPPLEMENTARY INFORMATION: On October 12, 2007, the FAA issued AD 2007-22-04, amendment 39-15240 (72 FR 60238, October 24, 2007), for all Airbus Model A330 airplanes. The AD requires revising the Procedures and Emergency sections of the Airbus A330 Airplane Flight Manual.

As published, that AD did not include the sentence that contains the deadline for submitting comments.

No part of the regulatory information has been changed; therefore, the final rule is not republished in the **Federal Register**.

The effective date of this AD remains November 8, 2007.

In the **Federal Register** of October 24, 2007, on page 60238, in the second column, the **DATES** section of AD 2007-22-04 is corrected to read as follows:

“**DATES:** This AD becomes effective November 8, 2007.

The Director of the Federal Register approved the incorporation by reference of a certain publication listed in the AD as of November 8, 2007.

We must receive comments on this AD by December 17, 2007.”

Issued in Renton, Washington, on November 2, 2007.

Ali Bahrami,

Manager, Transport Airplane Directorate, Aircraft Certification Service.

BILLING CODE 4910-13-P

DEPARTMENT OF HOMELAND SECURITY

Bureau of Customs and Border Protection

19 CFR Part 123

[CBP Dec. 07-84]

Advance Electronic Presentation of Cargo Information for Truck Carriers Required To Be Transmitted Through ACE Truck Manifest at Ports in the State of Alaska

AGENCY: Customs and Border Protection, Department of Homeland Security.

ACTION: Final rule.

SUMMARY: Pursuant to section 343(a) of the Trade Act of 2002 and implementing regulations, truck carriers and other eligible parties are required to transmit advance electronic truck cargo information to Customs and Border Protection (CBP) through a CBP-approved electronic data interchange. In a previous document, CBP designated the Automated Commercial Environment (ACE) Truck Manifest

System as the approved interchange and announced that the requirement that advance electronic cargo information be transmitted through ACE would be phased in by groups of ports of entry. This document announces that at all land border ports in the state of Alaska truck carriers will be required to file electronic manifests through the ACE Truck Manifest System.

DATES: Trucks entering the United States through land border ports of entry in the state of Alaska will be required to transmit the advance information through the ACE Truck Manifest system effective February 11, 2008.

FOR FURTHER INFORMATION CONTACT: Mr. James Swanson, via e-mail at james.d.swanson@dhs.gov.

SUPPLEMENTARY INFORMATION:

Background

Section 343(a) of the Trade Act of 2002, as amended (the Act; 19 U.S.C. 2071 note), required that CBP promulgate regulations providing for the mandatory transmission of electronic cargo information by way of a CBP-approved electronic data interchange (EDI) system before the cargo is brought into or departs the United States by any mode of commercial transportation (sea, air, rail or truck). The cargo information required is that which is reasonably necessary to enable high-risk shipments to be identified for purposes of ensuring cargo safety and security and preventing smuggling pursuant to the laws enforced and administered by CBP.

On December 5, 2003, CBP published in the **Federal Register** (68 FR 68140) a final rule to effectuate the provisions of the Act. In particular, a new section 123.92 (19 CFR 123.92) was added to the regulations to implement the inbound truck cargo provisions. Section 123.92 describes the general requirement that, in the case of any inbound truck required to report its arrival under section 123.1(b), if the truck will have commercial cargo aboard, CBP must electronically receive certain information regarding that cargo through a CBP-approved EDI system no later than 1 hour prior to the carrier's reaching the first port of arrival in the United States. For truck carriers arriving with shipments qualified for clearance under the FAST (Free and Secure Trade) program, section 123.92 provides that CBP must electronically receive such cargo information through the CBP-approved EDI system no later than 30 minutes prior to the carrier's reaching the first port of arrival in the United States.
