BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP07-447-000]

Northern Natural Gas Company; Notice of Intent To Prepare an Environmental Assessment for the Proposed Ogden Compressor Replacement Project and Request for Comments on Environmental Issues

November 7, 2007.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental assessment (EA) that will discuss the environmental impacts of the Ogden Compressor Replacement Project involving the abandonment of two compressor units by Northern Natural Gas Company (Northern) from an existing compressor station in Boone County, Iowa, and installation of a compressor unit at an existing compressor station within a gas storage field in Dallas County, Iowa.¹ This EA will be used by the Commission in its decision-making process to determine whether the project is in the public convenience and necessity.

A fact sheet prepared by the FERC entitled "An Interstate Natural Gas Facility On My Land? What Do I Need To Know?" was attached to the project notice that Northern provided to landowners with a residence within 1/2-mile of the proposed facilities. This fact sheet addresses a number of typically asked questions, including the use of eminent domain and how to participate in the Commission's proceedings. It is available for viewing on the FERC Internet Web site (<http://www.ferc.gov>).

Summary of the Proposed Project

Northern is proposing to optimize its ability to transport gas to and from the Redfield Gas Storage Field in Dallas County, Iowa by decreasing the amount of horsepower (hp) at the Ogden Compressor Station (Ogden) in Boone County, Iowa, and increasing the amount of hp at the Redfield Compressor Station (Redfield) in Dallas County, Iowa. Northern is proposing to abandon-in-place two 1,600-hp horizontal reciprocating compressor units at Ogden and install one 1,400-hp vertical reciprocating compressor unit at Redfield. The location of the project facilities is shown in Appendix 1.²

¹ Northern's application was filed with the Commission under section 7 of the Natural Gas Act.

² The appendices referenced in this notice are not being printed in the **Federal Register**. Copies of all appendices, other than Appendix 1 (maps), are available on the Commission's Web site at the
