

record, if the Selling Broker-Dealer is the Lead Placement Agent, and would be available for inspection by the Commission and the applicable SRO.

7. Record Retention Period

The requested exemption does not contain a separate record retention period.³³

E. Recordkeeping by the Lead Placement Agent

1. Collection of Information

The requested exemption would require the Lead Placement Agent to maintain a copy of each of the documents that is to be made and/or delivered at closing, as discussed above (*i.e.*, the buyer's agent agreement, the statutory disqualification representations, the suitability representation, and, if applicable, the customer's written affirmation), and the relevant part of the real estate closing documents that evidences the amount of the Real Estate Advisory Fee paid to any RE Participant involved in the TIC Security transaction.³⁴

2. Proposed Use of the Information

The proposed use of this information is to facilitate monitoring compliance with the exemption by compelling the Lead Placement Agent to maintain records of all documents that are required to be delivered at closing.

3. Respondents

The proposed collection of information would apply to Lead Placement Agents that act pursuant to the requested exemption.

4. Reporting and Recordkeeping Burden

The Commission estimates that approximately 45 Lead Placement Agents³⁵ would act pursuant to the requested exemption. On average, a Lead Placement Agent would maintain copies of the relevant documents for approximately 117.87 TIC Security transactions³⁶ a year. The Commission also estimates that a Lead Placement

Agent would spend 10 minutes per closing to maintain a copy of these documents. Thus, the estimated total annual reporting and recordkeeping burden for this requirement is 884 hours.³⁷

5. Collection of Information Is Mandatory

This proposed collection of information would be mandatory for Lead Placement Agents that act pursuant to the requested exemption.

6. Confidentiality

The proposed collection of information does not address the confidentiality of information prepared under this rule; however, the collection of information would be available for inspection by the Commission and the applicable SRO.

7. Record Retention Period

As specified, the Lead Placement Agent would be required to maintain copies of these documents for a period of three years in accordance with its existing obligations under Exchange Act Rule 17a-4(f).

F. Request for Comment

Pursuant to 44 U.S.C. 3506(c)(2)(A), the Commission solicits comments to:

(1) Evaluate whether the proposed collections of information are necessary for the proper performance of the functions of the Commission, including whether the information would have practical utility;

(2) Evaluate the accuracy of the Commission's estimate of the burden of the proposed collections of information;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collections of information on those required to respond, including through the use of automated collection techniques or other forms of information technology.

Persons desiring to submit comments on the proposed collection of information requirements should direct them to the Office of Management and Budget, Attention: Desk Officer for the Securities and Exchange Commission, Office of Information and Regulatory Affairs, Washington, DC 20503, and should send a copy of their comments to Nancy M. Morris, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-1090, and refer to File No. S7-26-07. OMB is required to make a

³⁷ 5,304 TIC Security transactions × 10 minutes = 53,040/60 = 884.

decision concerning the collection of information between 30 and 60 days after publication of this notice in the **Federal Register**. Therefore, comments to OMB are best assured of having full effect if OMB receives them within 30 days of this publication. Requests for materials submitted to OMB by the Commission with regard to this collection of information should be in writing, refer to File No. S7-26-07, and be submitted to the Securities and Exchange Commission, Branch of Records Management, 100 F Street, NE., Washington, DC 20549-1110.

By the Commission.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-56774; File No. SR-CBOE-2007-114]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Order Granting Accelerated Approval of a Proposed Rule Change and Amendment No. 1 Thereto To List and Trade Options Already Listed on Another National Securities Exchange

November 8, 2007.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on September 21, 2007, Chicago Board Options Exchange, Incorporated ("CBOE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been substantially prepared by the Exchange. On October 26, 2007, CBOE filed Amendment No. 1 to the proposed rule change.³ This order provides notice of the proposal, as amended, and approves the proposal on an accelerated basis.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to add new Interpretation .01(c) to CBOE Rule 5.3 (Criteria for Underlying Securities) for the purpose of permitting the Exchange to list and trade individual equity options on the Exchange that are

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ Amendment No. 1 supercedes the original filing and replaces it in its entirety.

³³ See note 15.

³⁴ The requested exemption also would require the Lead Placement Agent to maintain a copy of any other records that are required to be maintained in accordance with the recordkeeping requirements of the federal securities laws. See note 15.

³⁵ Based on discussions with industry representatives, the Commission estimates that there are 45 sponsors of TIC Security transactions and that each would have a Lead Placement Agent.

³⁶ 5,304 TIC Security transactions/45 Lead Placement Agents = 117.87. The Commission has rounded its calculation to two decimal places. Assuming a relatively even distribution of transactions among potential respondents, some Lead Placement Agents would maintain copies of the relevant documents for 117 transactions a year, and others would do so for 118 transactions a year.

otherwise ineligible for listing and trading if such options are listed and traded on another national securities exchange. The text of the proposed rule change is available on the Exchange's Web site (<http://www.cboe.org/legal>), at CBOE's principal office and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item III below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to revise the Exchange's options listing standards so that as long as the continued listing criteria set forth in CBOE Rule 5.4 (Withdrawal of Approval of Underlying Securities) are met and the option is listed and traded on another national securities exchange, the Exchange would be able to list and trade the option. CBOE Rule 5.3 sets forth the requirements that an underlying equity security must meet before the Exchange may initially list options on that security. The Exchange notes that these requirements are relatively uniform among the options exchanges.

Interpretation .01 to CBOE Rule 5.3 relates to the minimum market price at which an underlying security must trade for an option to be listed on it, and applies to the listing of individual equity options on both "covered" and "uncovered" underlying securities.⁴ In the case of an underlying security that is a "covered security" as defined under section 18(b)(1)(A) of the Securities Act, the closing market price of the underlying security must be at least

⁴ Section 18(b)(1)(A) of the Securities Act of 1933 ("Securities Act") provides, "[a] security is a covered security if such security is—A. listed, or authorized for listing, on the New York Stock Exchange or the American Stock Exchange, or listed, or authorized for listing, on the National Market System of the Nasdaq Stock Market (or any successor to such entities) * * *." See 15 U.S.C. 77r(b)(1)(A).

\$3.00 for the five previous consecutive business days preceding the date on which the Exchange submits a certification to The Options Clearing Corporation ("OCC") for listing and trading.⁵

In connection with an underlying security deemed to be "uncovered," Exchange rules require that the market price per share of the underlying security be at least \$7.50 for the majority of business days during the three calendar months preceding the date of selection, as measured by the lowest closing price reported in any market in which the underlying security traded on each of the subject days.

CBOE Rule 5.4 sets forth the Exchange's continued listing criteria, which the Exchange notes are less stringent than the initial listing criteria contained in CBOE Rule 5.3. This is due largely because, in total, the Exchange's listing criteria assure that options will be listed and traded on securities of companies that are financially sound and subject to adequate minimum standards. The Exchange believes that the continued listing criteria are uniform among the options exchanges.

To address the circumstance in which an options class is currently ineligible for listing on the Exchange, while at the same time such option is listed and trading on another options exchange(s), the Exchange proposes to amend CBOE Rule 5.3. Specifically, the Exchange proposes to add new paragraph (c) to Interpretation .01 to CBOE Rule 5.3 to provide that notwithstanding that a particular underlying security may not meet the requirements set forth in paragraphs (a)(1), (a)(2), (b)(1) and (b)(2) of that Interpretation, the Exchange nonetheless could list and trade an option on such underlying security if (1) the underlying security meets the criteria for continued listing in CBOE Rule 5.4, and (2) options on such underlying security are listed and traded on at least one other registered national securities exchange. In connection with the proposed changes, the Exchange represents that the procedures currently employed to determine whether a particular underlying security meets the initial listing criteria will similarly be applied to the continued listing criteria.

The Exchange believes that this proposal is narrowly tailored to address the circumstances where an options class is currently ineligible for listing on the Exchange while at the same time,

⁵ See Interpretation .01(b)(2)(A) of Rule 5.3. For purposes of this Interpretation, the market price of an underlying security is measured by the closing price reported in the primary market in which the underlying security is traded.

such option is trading on another options exchange(s). The Exchange notes that when an underlying security meets the Exchange's continued listing criteria and at least one other exchange trades options on the underlying security, the option is already available to the investing public. Therefore, the Exchange notes that the current proposal will not introduce any inappropriate additional listed options classes. Further, the adoption of the proposal is for competitive purposes and to promote a free and open market for the benefit of investors.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with section 6(b) of the Act⁶ and the rules and regulations under the Act applicable to national securities exchanges. Specifically, the Exchange believes the proposed rule change is consistent with the section 6(b)(5)⁷ requirements that the rules of an exchange be designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts, to remove impediments to and to perfect the mechanism for a free and open market and a national market system, and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposal.

III. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-CBOE-2007-114 on the subject line.

⁷ 15 U.S.C. 78f(b)(5).

Paper Comments

- Send paper comments in triplicate to Nancy M. Morris, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-CBOE-2007-114. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room, 100 F Street, NE., Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of such filing also will be available for inspection and copying at the principal office of CBOE. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-CBOE-2007-114 and should be submitted on or before December 7, 2007.

IV. Commission's Findings and Order Granting Accelerated Approval of the Proposed Rule Change

After careful consideration, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.⁸ In particular, the Commission finds that the proposed rule change is consistent with section 6(b)(5) of the Act,⁹ which requires that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and

⁸ In approving this rule change, the Commission notes that it has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

⁹ 15 U.S.C. 78f(b)(5).

perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The proposal is narrowly tailored to address the circumstances where an equity option class is currently ineligible for initial listing on the Exchange even though it meets the Exchange's continued listing standards and is trading on another options exchange. Allowing CBOE to list and trade options on such underlying securities should help promote competition among the exchanges that list and trade options. The Commission notes, and the Exchange represents, that the procedures that the Exchange currently employs to determine whether a particular underlying security meets the initial equity option listing criteria for the Exchange will similarly be applied when determining whether an underlying security meets the Exchange's continued listing criteria.

The Commission finds good cause, pursuant to section 19(b)(2)(B) of the Act,¹⁰ for approving the proposed rule change prior to the 30th day after the publication of the notice of the filing thereof in the **Federal Register**. The Commission notes that the proposed rule change is substantially identical to the proposed rule change submitted by the American Stock Exchange LLC,¹¹ which was previously approved by the Commission after an opportunity for notice and comment, and therefore does not raise any new regulatory issues.

V. Conclusion

It is therefore ordered, pursuant to section 19(b)(2) of the Act,¹² that the proposed rule change (SR-CBOE-2007-114), as amended, be, and it hereby is, approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹³
