Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2007–0030]

Agency Information Collection Activities; Request for Comment; Revision of an Information Collection: Hours of Service (HOS) of Drivers Regulations, Supporting Documents

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FMCSA announces its plans to submit the Information Collection Request described below to the Office of Management and Budget (OMB) for review and approval, and invites public comment. The FMCSA invites comments on its plan to request OMB approval to revise an existing information collection (IC) entitled, “Hours of Service of Drivers Regulations,” OMB Control Number 2126–0001. The Agency has updated its calculation of the paperwork burden of the hours of service (HOS) rules to reflect changes in the number of commercial motor vehicle (CMV) drivers, and to clarify the burden associated with supporting documents. The Agency requires most CMV drivers to complete and maintain a record of

duty status (RODS), commonly referred to as a logbook, reflecting details of changes in duty status during each 24-hour period. Drivers retain the RODS for a minimum period and then forward them, along with supporting documents (e.g., fuel receipts, road toll tickets), to the motor carrier. The motor carrier uses the supporting documents to assist in reviewing the RODS for accuracy, and retains the RODS and supporting documents for a minimum of 6 months. This IC promotes safety in the operations of motor carriers of property and passengers by assisting the carrier and enforcement officials in ensuring compliance with the HOS rules that ensure drivers are provided adequate opportunities for rest.
