

JBB petitioner's members claim descent only from individuals who were not part of the historical Indian tribe at Mission SJC as it existed between 1776 and 1834. This PF finds that only 4 percent (36 of 908) of JBB members have actually demonstrated descent from one of the Indians of the historical SJC Indian tribe. Therefore, because the petitioner's membership does not consist of individuals who descend from the historical SJC Indian tribe in 1834 (96 percent have not sufficiently demonstrated descent), JBB petitioner does not meet the requirements of criterion 83.7(e).

Criterion 83.7(f) requires that the membership of the petitioning group be composed principally of persons who are not members of any acknowledged North American Indian tribe. A review of the membership rolls of those mission Indian tribes in California that would most likely include the JBB petitioner's members revealed that the JBB membership is composed principally of persons who are not members of any acknowledged North American Indian tribe. Therefore, the JBB petitioner meets the requirements of criterion 83.7(f).

Criterion 83.7(g) requires that neither the petitioner nor its members be the subject of congressional legislation that has expressly terminated or forbidden the Federal relationship. No evidence has been found to indicate that the JBB petitioner was the subject of congressional legislation to terminate or prohibit a Federal relationship as an Indian tribe. The JBB petitioner meets the requirements of criterion 83.7(g).

Based on this preliminary factual determination, the Department proposes not to extend Federal Acknowledgment as an Indian tribe under 25 CFR part 83 to the JBB petitioner known as the Juaneño Band of Mission Indians.

As provided by 25 CFR 83.1(h), a report summarizing the evidence, reasoning, and analyses that are the basis for the PF will be provided to the petitioner and interested parties, and is available to other parties upon written request.

Comments on the PF and/or requests for a copy of the summary evaluation of the evidence should be addressed to the Office of the Assistant Secretary—Indian Affairs, Attention: Office of Federal Acknowledgment, 1951 Constitution Avenue, NW., Mail Stop 34B–SIB, Washington, DC 20240.

Comments on the PF should be submitted within 180 calendar days from the date of publication of this notice. Comments by interested and informed parties must be provided to the petitioner as well as to the Federal

Government (83.10(h)). After the close of the 180-day comment period, the petitioner has 60 calendar days to respond to third-party comments (83.10(k)).

After the expiration of the comment and response periods described above, the Department will consult with the petitioner concerning establishment for a schedule for preparation of the FD. The AS–IA will publish the FD of the petitioner's status in the **Federal Register** as provided in 25 CFR 83.10(1), at a time that is consistent with that schedule.

On November 23, 2007, the AS–IA, Carl J. Artman, approved the Proposed Finding Against Acknowledgment of the Juaneño Band of Mission Indians (Petitioner #84B). On November 26, 2007, he authorized his acting AS–IA to approve this **Federal Register** notice.

Dated: November 26, 2007.

Debbie Clark,

Acting Assistant Secretary—Indian Affairs.
