Bureau of Land Management

**Privacy Act of 1974 as Amended;
Notice of Proposed Addition of a New
System of Records**

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: Pursuant to the provisions of the Privacy Act of 1974, as amended, (5 U.S.C. 552a), the Bureau of Land Management (BLM) is issuing public notice of its intent to add a new electronic Bureau-wide system of records, the Wild Horse and Burro Program System (WHBPS). This system supports the management of the Wild Horse and Burro (WHB) program and will contain data covered by the Privacy Act of 1974, as amended (5 U.S.C. 552A). The WHBPS is a centrally hosted Web-based application that is only accessible by authorized government users through the BLM intranet for the purpose of administering the WHB program. This action is necessary to meet the requirements of the Privacy Act to publish in the **Federal Register** notice of the existence and character of records systems maintained by the agency (5 U.S.C. 552a(e)(4)).

DATES: *Effective Date:* 5 U.S.C. 552a(e)(11) requires that the public be provided a 30-day period in which to comment on the agency's intended use of the information in the system of records. The Office of Management and Budget, in its Circular A-130, requires an additional 10-day period (for a total of 40 days) in which to make these comments. Any persons interested in commenting on this proposed system of records may do so by submitting comments in writing to the Bureau of Land Management Privacy Act Officer, Information Resources Management Governance Division, Department of the Interior, WO560/725 LS, 1849 C Street, NW., Washington, DC 20240. Comments received within 40 days of the publication of this notice in the **Federal Register** will be considered. The system will be effective as proposed at the end of the comment period unless comments are received which would require a contrary determination.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying

information from public review, we cannot guarantee that we will be able to do so.

ADDRESSES: Send written comments to the Bureau of Land Management Privacy Act Officer, Information Resources Management Governance Division, Department of the Interior, WO560/725 LS, 1849 C Street, NW., Washington, DC 20240. Hand deliver comments to the Information Resources Management Policy Group, Room 725, 1620 L Street, NW., Washington, DC. Comments may be submitted by e-mail to Ms. Laura F. Bell, via *lfbell@blm.gov*.

FOR FURTHER INFORMATION CONTACT: Don Glenn, Group Manager, Wild Horse and Burro Program, U.S. Department of the Interior, Bureau of Land Management, 18th and C Streets, NW., Washington, DC 20240.

SUPPLEMENTARY INFORMATION: The BLM is proposing to add a new system of records, the Wild Horse and Burro Program System (WHBPS), to support management of the Wild Horse and Burro (WHB) program. This system will replace the legacy Wild Horse and Burro Information System (WHBIS) as the WHBIS is no longer technologically supported. The WHBPS is a centrally hosted web-based application that is only accessible by authorized government users through the BLM intranet. The new system covers the full range of activities related to management of wild horses and burros. As a part of managing those activities, the WHBPS will contain information on adopters and buyers of wild horses or burros and information on government employees, contractors, volunteers and service providers supporting WHB program activities.
