## DEPARTMENT OF COMMERCE

### Bureau of Economic Analysis

#### Proposed Data Sharing Activity

**AGENCY:** Bureau of Economic Analysis, Department of Commerce.

**ACTION:** Notice and request for public comment.

**SUMMARY:** The Bureau of Economic Analysis (BEA) proposes to provide to the Bureau of Labor Statistics (BLS) data collected from several surveys that it conducts on U.S. direct investment abroad, foreign direct investment in the United States, and U.S. international

services transactions for statistical purposes exclusively. In accordance with the requirement of Section 524(d) of the Confidential Information Protection and Statistical Efficiency Act of 2002 (CIPSEA), we are providing the opportunity for public comment on this data-sharing action.

The data provided to BLS will be used for two purposes:

(1) The BLS International Price Program is researching the feasibility of producing price indexes for imports and exports of services, such as financial services, film and tape rentals, and royalties and license fees. BLS will use data from BEA surveys to develop sample frames of companies that trade these services and to directly collect price information from the selected companies. BLS will also use BEA data as weighting sources for the price indexes. Should it prove feasible to produce price indexes for international services, BEA will share data collected in its direct investment and international services surveys with BLS each time BLS draws a new sample and reweights the indexes. BLS will share sample frame and revenue information that it collects with BEA, which will allow BEA to identify errors or omissions in the data collected on its surveys. This data sharing effort will improve the quality of price indexes for imported and exported services that BEA uses in compiling the National Income and Product Accounts.

(2) The BLS Division of Foreign Labor Statistics will use BEA data collected on employment, compensation, and (as available) hours worked at the foreign affiliates of U.S. multinational companies to estimate their hourly compensation costs for research comparing the levels and trends of hourly compensation costs of foreign affiliates with the average costs for establishments in the same industries and same host countries as the affiliates.

**DATES:** Written comments must be submitted on or before February 4, 2008.

**ADDRESSES:** Please direct all written comments on this proposed program to the Director, Bureau of Economic Analysis (BE-1), Washington, DC 20230.

**FOR FURTHER INFORMATION CONTACT:** Requests for additional information on this proposed program should be directed to Maria Borga, Bureau of Economic Analysis (BE-50), Washington, DC 20230, by phone on
