

Notices

Federal Register

Vol. 72, No. 233

Wednesday, December 5, 2007

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

AGENCY FOR INTERNATIONAL DEVELOPMENT

Notice of Public Information Collection Requirements Submitted to OMB for Review

SUMMARY: U.S. Agency for International Development (USAID) has submitted the following information collections to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding this information collection are best assured of having their full effect if received within 30 days of this notification. Comments should be sent via e-mail to David_Rostker@omb.eop.gov or fax to 202-395-7285. Copies of submission may be obtained by calling (202) 712-1365.

SUPPLEMENTARY INFORMATION:

OMB Number: OMB 0412-NEW.

Form Number: N/A.

Title: Partner Information Form.

Type of Submission: New Information Collection.

Purpose: The United States Agency for International Development (USAID), Office of Security, intends to collect information from approximately 2000 individuals and/or officers of non-governmental organizations (NGOs) who apply for USAID contracts, grants, cooperative agreements, other funding from USAID, or who apply for registration with USAID as Private and Voluntary Organizations (PVO). Collection of personally identifiable information from these individuals is specifically used to conduct screening to ensure that neither USAID funds nor USAID-funded activities inadvertently provide support to entities or individuals associated with terrorism.

Annual Reporting Burden

Respondents: 2000.

Total annual responses: 2000.

Total annual hours requested: 500 hours.

Dated: November 27, 2007.

Joanne Paskar,

*Chief, Information and Records Division
Office of Administrative Services Bureau for Management.*

BILLING CODE 6116-01-M

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[Doc. No. AMS-TM-07-0126; TM-07-13]

Notice of Funds Availability (NOFA) Inviting Applications for the Federal-State Marketing Improvement Program (FSMIP)

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Notice.

SUMMARY: The Agricultural Marketing Service (AMS) announces the availability of approximately \$1.3 million in competitive grant funds for fiscal year 2008 to enable States to explore new market opportunities for U.S. food and agricultural products and to encourage research and innovation aimed at improving the efficiency and performance of the U.S. marketing system. Eligible applicants include State departments of agriculture, State agricultural experiment stations, and other appropriate State Agencies. Applicants are encouraged to involve industry groups, academia, community-based organizations, and other stakeholders in developing proposals and conducting projects. In accordance with the Paperwork Reduction Act of 1995, the information collection requirements have been previously approved by OMB under 0581-0240, Federal-State Marketing Improvement Program (FSMIP).

DATES: Proposals will be accepted through February 11, 2008.

ADDRESSES: Submit proposals and other required documents to: FSMIP Staff Officer, Transportation and Marketing Programs, Agricultural Marketing Service (AMS), U.S. Department of Agriculture, 1400 Independence Avenue, SW., Room 4009 South Building, Washington, DC 20250; telephone (202) 720-8043; e-mail janise.zygmont@usda.gov.

FOR FURTHER INFORMATION CONTACT: Janise Zygmont, FSMIP Staff Officer;

telephone (202) 720-8043; fax (202) 690-4948; or e-mail janise.zygmont@usda.gov.

SUPPLEMENTARY INFORMATION: FSMIP is authorized under Section 204(b) of the Agricultural Marketing Act of 1946 (7 U.S.C. 1621 *et seq.*). FSMIP provides matching grants on a competitive basis to enable States to explore new market opportunities for U.S. food and agricultural products and to encourage research and innovation aimed at improving the efficiency and performance of the U.S. marketing system. Eligible applicants include State departments of agriculture, State agricultural experiment stations, and other appropriate State Agencies. Other organizations interested in participating in this program should contact their State Department of Agriculture's Marketing Division. State agencies specifically named under the authorizing legislation should assume the lead role in FSMIP projects, and use cooperative or contractual linkages with other agencies, universities, institutions, and producer, industry or community-based organizations as appropriate. Multi-State projects are encouraged as long as one State assumes the coordinating role, using appropriate cooperative arrangements with the other States involved. Applicants other than State Departments of Agriculture and State agricultural experiment stations may wish to include with their applications an explanation of how they meet the definition of "other appropriate State agency."

Proposals must be accompanied by completed Standard Forms (SF) 424 and 424A. AMS will not approve the use of FSMIP funds for advertising or, with limited exceptions, for the purchase of equipment. Detailed program guidelines may be obtained from the contact listed above, and are available at the FSMIP Web site: <http://www.ams.usda.gov/tmd/fsmip.htm>.

Background

FSMIP funds a wide range of applied research projects that address barriers, challenges, and opportunities in marketing, transportation, and distribution of U.S. food and agricultural products domestically and internationally.

Eligible agricultural categories include livestock, livestock products, food and feed crops, fish and shellfish,

horticulture, viticulture, apiary, and forest products and processed or manufactured products derived from such commodities. Reflecting the growing diversity of U.S. agriculture, in recent years, FSMIP has funded projects dealing with nutraceuticals, bioenergy, compost, and products made from agricultural residues.

Proposals may deal with barriers, challenges, or opportunities manifesting at any stage of the marketing chain including direct, wholesale, and retail. Proposals may involve small, medium, or large scale agricultural entities but should potentially benefit multiple producers or agribusinesses. Proprietary proposals that benefit one business or individual will not be considered.

Proposals that address issues of importance at the State, regional or national level are appropriate for FSMIP. FSMIP also seeks unique proposals on a smaller scale that may serve as pilot projects or case studies useful as a model for other States. Of particular interest are proposals that reflect a collaborative approach among the States, academia, the farm sector and other appropriate entities and stakeholders. FSMIP's enabling legislation authorizes projects to:

- Determine the best methods for processing, preparing for market, packing, handling, transporting, storing, distributing, and marketing agricultural products.
- Determine the costs of marketing agricultural products in their various forms and through various channels.
- Assist in the development of more efficient marketing methods, practices, and facilities to bring about more efficient and orderly marketing, and reduce the price spread between the producer and the consumer.
- Develop and improve standards of quality, condition, quantity, grade, and packaging in order to encourage uniformity and consistency in commercial practices.
- Eliminate artificial barriers to the free movement of agricultural products in commercial channels.
- Foster new/expanded domestic/foreign markets and new/expanded uses of agricultural products.
- Collect and disseminate marketing information to anticipate and meet consumer requirements, maintain farm income, and balance production and utilization.

Paperwork Reduction Act

In accordance with the Paperwork Reduction Act of 1995, the FSMIP information collection requirements were previously approved by the Office of Management and Budget (OMB) and

were assigned OMB control number 0581-0240.

AMS is committed to compliance with the Government Paperwork Elimination Act (GPEA), which requires Government agencies in general to provide the public with the option of submitted information or transacting business electronically to the maximum extent possible.

How To Submit Proposals and Applications

Applicants have the option of submitting FSMIP applications electronically through the Federal grants Web site, <http://www.grants.gov> instead of mailing hard copy documents. Applicants considering the electronic application option are strongly urged to familiarize themselves with the Federal grants Web site well before the application deadline and to begin the application process before the deadline. Additional details about the FSMIP application process for all applicants are available at the FSMIP Web site: <http://www.ams.usda.gov/tmd/fsmip.htm>.

FSMIP is listed in the "Catalog of Federal Domestic Assistance" under number 10.156 and subject agencies must adhere to Title VI of the Civil Rights Act of 1964, which bars discrimination in all federally assisted programs.

Authority: 7 U.S.C. 1621-1627.

Dated: November 29, 2007.

Lloyd C. Day,

Administrator, Agricultural Marketing Service.

DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service

[Docket No. APHIS-2007-0149]

National Animal Identification System; Updated Program Standards

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Notice of availability and request for comments.

SUMMARY: We are advising the public that we are making available for review and comment a revised version of the National Animal Identification System (NAIS) Program Standards and Technical Reference document. A previous Program Standards document was originally made available in May 2005. The revised Program Standards and Technical Reference document

reflects the continuing evolution of the NAIS, particularly with regard to identification devices available for official use within the system, and provides further guidance to NAIS participants and other interested stakeholders.

ADDRESSES: The revised Program Standards and Technical Reference document is available on the Internet at <http://animalid.aphis.usda.gov/nais/>. The document may also be viewed in our reading room. The reading room is located in Room 1141 of the USDA South Building, 14th Street and Independence Avenue, SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 690-2817 before coming.

FOR FURTHER INFORMATION CONTACT: Dr. Adam Grow; Director, Surveillance and Identification Programs, National Center for Animal Health Programs, VS, APHIS, 4700 River Road Unit 200, Riverdale, MD 20737-1231; (301) 734-3752.

SUPPLEMENTARY INFORMATION:

Background

On May 6, 2005, the Animal and Plant Health Inspection Service (APHIS) published in the **Federal Register** (70 FR 23961-23963, Docket No. 05-015-1) a notice advising the public that two documents related to the National Animal Identification System (NAIS), a Draft Strategic Plan and a Draft Program Standards document, were being made available to the public for review and comment. The Draft Program Standards document provided technical data standards to be used for information systems in the NAIS. Subsequently, a Draft User Guide for the NAIS replaced the 2005 Draft Program Standards, as well as other draft NAIS documents. We published a notice of availability of the Draft User Guide in the **Federal Register** (72 FR 4680-4681, Docket No. APHIS-2007-0007) on February 1, 2007. The February 2007 notice also announced the availability of a technical specification document for animal tracking databases and an updated Program Standards and Technical Reference document.

The Program Standards and Technical Reference document supplemented the User Guide and contained an update of the data element standards that were in the 2005 Draft Program Standards. It was targeted to entities that are involved in the administration of the program, including manufacturers of animal identification devices. At that time, only
