DEPARTMENT OF LABOR

Employment Standards Administration

Proposed Extension of the Approval of Information Collection Requirements

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Employment Standards Administration is soliciting comments concerning its proposal to extend OMB approval of the information collection: Claim for Continuance of Compensation (CA–12). A copy of the proposed information collection request can be obtained by contacting the office listed below in the addresses section of this Notice.

DATES: Written comments must be submitted to the office listed in the addresses section below on or before February 5, 2008.

ADDRESSES: Mr. Steven Andoseh, U.S. Department of Labor, 200 Constitution Ave., NW, Room S–3201, Washington, DC 20210, telephone (202) 693–0373, fax (202) 693–1451, E-mail andoseh.steven@dol.gov. Please use only one method of transmission for comments (mail, fax, or E-mail).

SUPPLEMENTARY INFORMATION:
I. Background

The Office of Workers’ Compensation Programs (OWCP) administers the Federal Employees’ Compensation Act (FECA), 5 U.S.C. 8133. The Act provides that eligible dependents of deceased employees receive compensation benefits on account of the employee’s death. OWCP has to monitor death benefits for current marital status, potential for dual benefits, and other criteria for qualifying as a dependent under the law. The CA–12 is sent annually to beneficiaries in death cases to ensure that their status has not changed and that they remain entitled to benefits. This information collection is currently approved for use through June 30, 2008.

II. Review Focus

The Department of Labor is particularly interested in comments which:
• Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
• Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
• Enhance the quality, utility and clarity of the information to be collected; and
• Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions

The Department of Labor seeks the approval for the extension of this currently approved information collection in order to ensure that compensation is being paid correctly and to determine eligibility for benefits.
