system, and, in general, to protect investors and the public interest.

The Commission believes that the proposal could facilitate the execution of stock-option orders on the CBOE by providing for the electronic handling and execution of these orders, which currently must be handled manually. The Commission notes that proposal provides for the execution of stock-option orders in a manner that is consistent with the CBOE’s existing priority rules for stock-option orders, which provide the options leg of a stock-option order with priority over bids (offers) in the trading crowd at the same price, but not over public customer bids (offers) at the same price. In addition, the execution of the stock component of a stock-option order on CBSX will be consistent with CBSX’s order execution rules.

IV. Conclusion

It is therefore ordered, pursuant to section 19(b)(2) of the Act, that the proposed rule change (SR–CBOE–2007–68), as modified by Amendment No. 1, is approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.

Florence E. Harmon,
Deputy Secretary.

I. Introduction

On July 20, 2007, The NASDAQ Stock Market LLC (“Nasdq” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) a proposed rule change, pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”) and Rule 19b–4 thereunder, to amend its Limited Liability Company Agreement (“LLC Agreement”). On September 26, 2007, Nasdq filed Amendment No. 1 to the proposed rule change. The proposed rule change, as modified by Amendment No. 1, was published for comment in the Federal Register on October 5, 2007. The Commission received no comments on the proposal. On November 16, 2007, Nasdq filed Amendment No. 2 to the proposed rule change (“Amendment No. 2”). This notice and order notices Amendment No. 2; solicits comments from interested persons on Amendment No. 2; and approves the proposed rule change, as amended, on an accelerated basis.

II. Description of the Proposal

Nasdq proposes to amend its LLC Agreement, which includes its by-laws (“By-Laws”) to: (1) Revise the process by which its directors (“Directors”) are nominated and elected; (2) amend the compositional requirements for its board of directors (“Board”) and several committees; and (3) make certain other changes as described below.

A. Election of Fair Representation Directors

Nasdq proposes to amend its LLC Agreement, including its By-Laws, to revise the process by which the members of its Board are nominated and elected. Section 6(b)(3) of the Act requires a national securities exchange to establish rules that assure a fair representation of its members in the selection of its directors. Nasdq’s LLC Agreement currently provides that twenty percent of the directors on the Board will be “Member Representative Directors.” The Board appoints a “Member Nominating Committee,” which nominates and creates a list of candidates for each Member Representative Director position on the Board, and nominates candidates for appointment by the Board for each vacant or new position on a committee that is to be filled with a Member Representative under Nasdq’s By-Laws. Additional candidates may be added to the list of candidates for Member Representative Director positions if a Nasdq Exchange Member submits a timely and duly executed written nomination to the Secretary of the Exchange. These candidates, together with those nominated by the Member Nominating Committee, are then presented to Exchange members for election.

Under the proposal, the Board will continue to appoint a Member Nominating Committee, which will nominate candidates for each Member Representative Director position on the Board, and nominate candidates for appointment by the Board for each vacant or new position on a committee that is to be filled with a Member Representative under Nasdq’s By-Laws. In Amendment No. 2, Nasdq proposes to add the requirement that, in appointing the Member Nominating Committee, the Board will consult with representatives of members of the Exchange. Also, members will continue to be able to add candidates to the list of candidates for Member Representative Director positions through the petition process. The timing and method for the petition process will not change pursuant to the proposal. The list of candidates for Member Representative Director positions and the election date will be announced by the Exchange in a Notice to Members and in a prominent location on a publicly accessible Web site. Such announcement also will describe the procedures for Exchange members to nominate candidates for election at the next annual meeting.

If the list of candidates (comprised of those candidates nominated by the Member Nominating Committee and any candidates added through the petition process) exceeds the number of positions to be elected, a formal notice of the election date and list of candidates will be sent by the Exchange to its members as of the record date at least 10 days, but no more than 60 days, prior to the election date. As is currently the case, each Exchange member that is eligible to vote will have the right to cast one vote for each Member Representative Director position to be filled, and the persons on the list of candidates who receive the

SECURITIES AND EXCHANGE COMMISSION

February 11, 2007

Self-Regulatory Organizations; The NASDAQ Stock Market LLC: Notice of Filing of Amendment No. 2 to a Proposed Rule Change To Amend the Limited Liability Company Agreement of The NASDAQ Stock Market LLC; and Order Granting Accelerated Approval of the Proposed Rule Change, as Modified by Amendment Nos. 1 and 2

I. Introduction

On July 20, 2007, The NASDAQ Stock Market LLC (“Nasdq” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) a proposed rule change, pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”) and Rule 19b–4 thereunder, to amend its Limited Liability Company Agreement (“LLC Agreement”). On September 26, 2007, Nasdq filed Amendment No. 1 to the proposed rule change. The proposed rule change, as modified by Amendment No. 1, was published for comment in the Federal Register on October 5, 2007. The Commission received no comments on the proposal. On November 16, 2007, Nasdq filed Amendment No. 2 to the proposed rule change (“Amendment No. 2”). This notice and order notices Amendment No. 2; solicits comments from interested persons on Amendment No. 2; and approves the proposed rule change, as amended, on an accelerated basis.

II. Description of the Proposal

Nasdq proposes to amend its LLC Agreement, which includes its by-laws (“By-Laws”) to: (1) Revise the process by which its directors (“Directors”) are nominated and elected; (2) amend the compositional requirements for its board of directors (“Board”) and several committees; and (3) make certain other changes as described below.

A. Election of Fair Representation Directors

Nasdq proposes to amend its LLC Agreement, including its By-Laws, to revise the process by which the members of its Board are nominated and elected. Section 6(b)(3) of the Act requires a national securities exchange to establish rules that assure a fair representation of its members in the selection of its directors. Nasdq’s LLC Agreement currently provides that twenty percent of the directors on the Board will be “Member Representative Directors.” The Board appoints a “Member Nominating Committee,” which nominates and creates a list of candidates for each Member Representative Director position on the Board, and nominates candidates for appointment by the Board for each vacant or new position on a committee that is to be filled with a Member Representative under Nasdq’s By-Laws. Additional candidates may be added to the list of candidates for Member Representative Director positions if a Nasdq Exchange Member submits a timely and duly executed written nomination to the Secretary of the Exchange. These candidates, together with those nominated by the Member Nominating Committee, are then presented to Exchange members for election.

Under the proposal, the Board will continue to appoint a Member Nominating Committee, which will nominate candidates for each Member Representative Director position on the Board, and nominate candidates for appointment by the Board for each vacant or new position on a committee that is to be filled with a Member Representative under Nasdq’s By-Laws. In Amendment No. 2, Nasdq proposes to add the requirement that, in appointing the Member Nominating Committee, the Board will consult with representatives of members of the Exchange. Also, members will continue to be able to add candidates to the list of candidates for Member Representative Director positions through the petition process. The timing and method for the petition process will not change pursuant to the proposal. The list of candidates for Member Representative Director positions and the election date will be announced by the Exchange in a Notice to Members and in a prominent location on a publicly accessible Web site. Such announcement also will describe the procedures for Exchange members to nominate candidates for election at the next annual meeting.

If the list of candidates (comprised of those candidates nominated by the Member Nominating Committee and any candidates added through the petition process) exceeds the number of positions to be elected, a formal notice of the election date and list of candidates will be sent by the Exchange to its members as of the record date at least 10 days, but no more than 60 days, prior to the election date. As is currently the case, each Exchange member that is eligible to vote will have the right to cast one vote for each Member Representative Director position to be filled, and the persons on the list of candidates who receive the
most votes will be elected to the Member Representative Positions. If there is only one candidate for each Member Representative position to be filled, the Member Representative Directors will be elected from the list of candidates by The Nasdaq Stock Market, Inc., Nasdaq’s parent company.

B. Board and Committee Compositional Requirements

Nasdaq proposes to make several changes to its By-Laws pertaining to the compositional requirements of its Board and committees thereof.

First, Nasdaq’s By-Laws currently require that twenty percent of its directors shall be Member Representative Directors. Nasdaq proposes to amend the LLC Agreement to require that at least twenty percent of Nasdaq’s directors shall be Member Representative Directors. Thus, Nasdaq would not be required to remove a previously elected Member Representative Director if the Board’s size was reduced.

Second, Nasdaq proposes to amend the compositional requirements of its Quality of Markets Committee (“QMC”). Currently, Nasdaq’s QMC must be comprised of an equal number of Industry and Non-Industry Directors. Nasdaq proposes to amend this provision such that the number of Non-Industry members on the QMC must equal or exceed the number of Industry members and Member Representative members. The Exchange represents that this change is consistent with certain undertakings made by Nasdaq with regard to the composition of this committee.

Third, Nasdaq proposes to amend the compositional requirements applicable to its Arbitration and Mediation Committee (“Arbitration Committee”), which currently provide that the committee shall consist of no fewer than 10 and no more than 25 members. As amended, Nasdaq’s By-Laws would require the committee consist of no fewer than 3 and no more than 10 members. The balance requirements applicable to this committee will remain unchanged, consistent with the 1996 Settlement Order.

Fourth, Nasdaq proposes to amend the compositional requirements of the Nasdaq Review Council (“NRC”), which currently require this committee to be comprised of no fewer than 2 and no more than 3 members. As amended, Nasdaq’s By-Laws would require the NRC to be comprised of no fewer than 8 and no more than 12 members. The Exchange believes that because Nasdaq and FINRA are parties to an agreement under Rule 17d–2 of the Act that allocates responsibility to FINRA for enforcing a wide range of common rules with respect to common members, the caseload of the NRC is likely to be considerably lower than that of the FINRA’s comparable committee, the National Adjudicatory Council. Therefore, Nasdaq believes that reducing the size of this committee will be consistent with the efficient discharge of its responsibilities.

Nasdaq is also proposing an amendment to allow NRC members to serve two consecutive three-year terms, consistent with Nasdaq’s other appellate review body, the Nasdaq Listing and Hearing Review Council.

C. Other Changes

Nasdaq is proposing to make various other changes to its LLC Agreement. Specifically, the proposal would remove out of date references to the Exchange’s initial directors and officers, and provisions that were applicable to the transitional period between the formation of Nasdaq and when it commenced operations as a national securities exchange. The proposed rule change also amends Nasdaq’s LLC Agreement to provide that amendments to the LLC Agreement (including the By-Laws) must be approved by the Board and also reflected in a written agreement executed by The Nasdaq Stock Market, Inc., as sole member of Nasdaq within the meaning of the Delaware Limited Liability Company Act. Changes to the LLC Agreement must also be filed with the Commission pursuant to section 19(b) of the Act. Further, Nasdaq is amending Article IX, Section 1 of its By-Laws (i) to make explicit that Nasdaq’s Board is authorized to adopt and amend rules for the required or voluntary arbitration of controversies between members and between members and customers or others, and (ii) to delete from the list of the Board’s specified authorities the

32 Nasdaq represents that up-to-date information regarding the current directors of Nasdaq and its parent corporation, The Nasdaq Stock Market, Inc., is maintained at http://ir.nasdaq.com/directors.cfm (with a link provided from http://www.nasdaq.com). The Exchange also certifies that information regarding the officers of Nasdaq is kept up to date and is available to the Commission and the public upon request, and is filed with the Commission as an amendment to its Form 1 every three years, as required by Rule 6a–2 under the Act, 17 CFR 240.6a–2. See Notice, supra note 3, at note 10.

authority to issue exemptions from, suspend, or cancel Exchange rules. Finally, the proposal amends Nasdaq’s By-Laws to correct typographical errors.

III. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning Amendment No. 2, including whether Amendment No. 2 is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments
- Use the Commission’s Internet comment form ([http://www.sec.gov/rules/sro.shtml](http://www.sec.gov/rules/sro.shtml)); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR–NASDAQ–2007–068 on the subject line.

Paper Comments
- Send paper comments in triplicate to Nancy M. Morris, Secretary, Securities and Exchange Commission, Station Place, 100 F Street, NE., Washington, DC 20549–1090. All submissions should refer to Amendment No. 2 to File Number SR–NASDAQ–2007–068. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission’s Internet Web site ([http://www.sec.gov/rules/sro.shtml](http://www.sec.gov/rules/sro.shtml)). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission’s Public Reference Room, 100 F Street, NE., Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of such filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to Amendment No. 2 to File Number SR–NASDAQ–2007–068 and should be submitted on or before January 2, 2008.

IV. Discussion

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange. In particular, the Commission finds that the proposal is consistent with section 6(b)(3) of the Act, which requires, among other things, that the rules of an exchange assure a fair representation of its members in the selection of its directors and administration of its affairs. The Commission also finds that the proposal is consistent with section 6(b)(1) of the Act, which requires, among other things, that an exchange be so organized and have the capacity to carry out the purposes of the Act, and to comply and enforce compliance by its members and persons associated with its members, with the provisions of the Act, the rules and regulation thereunder, and the rules of the exchange.

The Commission notes that although the Exchange will no longer hold a member election for Member Representative Directors if the number of candidates for election does not exceed the number of vacancies, members will continue to be able to petition to have candidates added to the list of candidates, as is currently the case. Also, the Commission notes that should the number of candidates exceed the number of vacancies, Exchange members will have the opportunity to elect the candidates to fill the open Member Representative Director positions. If no such election is required (i.e., the number of candidates equals the number of position to be filled), The Nasdaq Stock Market, Inc. will elect the candidates on the list of candidates prepared by the Member Nominating Committee. Additionally, the Exchange’s Board will now be obligated to consult with Exchange members when appointing individuals to the Member Nominating Committee. The Commission previously considered and approved rules of another Exchange that provide a similar structure for the selection of directors. In addition, the Commission believes that the requirement that at least twenty percent of the directors be Member Representative Directors, and the means by which Member Representative Directors are to be nominated and elected, provides for the fair representation of the Exchange’s members in the selection of its directors and administration of its affairs, consistent with the requirements of section 6(b)(3) of the Act.

Pursuant to the proposal, the Exchange’s By-Laws will provide that the number of Non-Industry members of the Exchange’s QMC must equal or exceed the number of Industry members. The proposal also will reduce the size of the Exchange’s Arbitration Committee and the NRC, but will not otherwise alter the compositional requirements of, or method for designating, these committees. The Commission notes that the proposed compositional balance for the QMC and Arbitration Committee is consistent with the 1996 Settlement Order requirement that such committees maintain at least fifty percent independent public and non-industry membership. The Commission therefore believes that the proposal is designed to assure that the Exchange be organized and have the capacity to carry out the purposes of the Act.

For the foregoing reasons, the Commission finds that the proposed rule is consistent with the Act.

V. Accelerated Approval

The Commission finds good cause for approving the proposed rule change, as modified by Amendment No. 2, prior to the thirtieth day after publishing notice of Amendment No. 2 in the Federal Register pursuant to section 19(b)(2) of the Act. In Amendment No. 2, Nasdaq added the that requirement the Board will appoint individuals to the Member Nominating Committee after appropriate consultation with Exchange members. The Commission believes that such a requirement is consistent with the

34 Nasdaq notes that the deletion of a reference to the Board’s authority to issue exemptions from Nasdaq rules should not be construed to limit Nasdaq’s authority under rules that, by their terms, explicitly authorize waivers or exemptions. See Notice, supra note 3, at note 15 and accompanying text.

39 15 U.S.C. 78s(b)(2). Pursuant to Section 19(b)(2) of the Act, the Commission may not approve any proposed rule change, or amendment thereto, prior to the thirtieth day after the date of publication of the notice thereof, unless the Commission finds good cause for so doing.

40 The changes pursuant to Amendment No. 2 are discussed more fully in Section II.A. See supra notes 9 and 10 and accompanying text.
I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is proposing to amend Exchange Rule 16.2(b) and the NSX BLADE Fee Schedule (“Schedule”) in order to implement a series of fee changes, including changes to its tape credit programs. The text of the proposed rule change is available at NSX, http://www.nsx.com, and the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, NSX included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. NSX has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

NSX proposes a series of fee changes, including changes to its tape credit program for ETP Holders using the Order Delivery mode of order interaction as set forth in Exchange Rule 11.13(b)(2) (“Order Delivery”). In general, as further described below, the Exchange proposes to restructure its market data rebates (known as “tape credits”) so as to credit ETP Holders using Order Delivery for market data revenue derived from both transactions and quotes. The Exchange also will decrease the rate at which it rebates those ETP Holders using Order Delivery who have executed liquidity providing shares. Finally, the Exchange proposes that its liquidity provider rebate be simplified for all transactions in shares executed at less than $1.00 per share to a single rate.

Market Data Rebates

Exchange Rule 16.2(b) currently provides for a 100% pro rata credit on market data revenues generated by transactions in Tape A, Tape B and Tape C securities except for transactions executed using AutoEx and involving certain Designated ETF Shares as set forth in Exhibit A to the Schedule. NSX currently provides no credit on market data revenue generated by quotes in Tape A, Tape B and Tape C securities.

With the instant proposed rule change, the Exchange proposes that Exchange Rule 16.2(b) be amended such that the Exchange will share 50% of its market data revenue generated by transactions and 50% of its market data revenue generated by quotes to those ETP Holders using Order Delivery. Thus, while the market data revenue derived from trades is being reduced, there will be a corresponding increase in market data revenue derived from quotes. This rebate program is consistent with other rebate programs provided to Order Delivery firms by other self-regulatory organizations.

The instant proposed rule change does not affect ETP Holders using AutoEx. AutoEx ETP Holders will continue to receive a 100% pro rata credit on market data revenue generated by transactions, unless the subject of the transaction is a Designated ETF Share, but will not receive any credit on market data revenue derived from quoting. All of these market data credits will continue to be allocable to ETP Holders on a pro rata, or symbol-by-symbol, basis based upon Tape A, Tape B and Tape C securities generated by an ETP Holder’s transactions or an ETP Holder’s quotes on the Exchange, as applicable.

Liquidity Provider Rebates in Order Delivery Transactions

Currently, the Schedule provides that Order Delivery ETP Holders providing liquidity on securities executed at more than $1.00 per share will receive a...
