Agency Information Collection Request. 60-Day Public Comment Request

AGENCY: Office of the Secretary, HHS.
 In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, is publishing the following summary of a proposed information collection request for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the

use of automated collection techniques or other forms of information technology to minimize the information collection burden. To obtain copies of the supporting statement and any related forms for the proposed paperwork collections referenced above, e-mail your request, including your address, phone number, OMB number, and OS document identifier, to *Sherette.funncoleman@hhs.gov*, or call the Reports Clearance Office on (202) 690-6162. Written comments and recommendations for the proposed information collections must be directed to the OS Paperwork Clearance Officer at the above e-mail address within 60-days.

Proposed Project: Evaluation of the Parents Speak-Up National Campaign: Youth Survey. (New)—OMB No. 0990-New—Office of Adolescent Pregnancy Program .

Abstract: The Evaluation of the Parents Speak-Up National Campaign Youth Survey is designed to evaluate the Parents Speak-Up National Campaign, a campaign designed to

encourage parents to talk with their children about sexual activity. The campaign includes paid and public service announcement (PSA)-type spots, as well as a Web site, 4parents.gov. As the campaign aims to increase parent-child communication about sex, the purpose of this information collection is to measure youth self-reported communication with parents, their related attitudes and beliefs about sex, and determine whether their parents' exposure to PSUNC affects the youth reports of communication. Parents of the youth in this study are participating in an OMB-approved, randomized controlled study of the behavioral effects of PSUNC message exposure.

This collection is follow-up of youth aged 13-15 whose parents participated in the parent efficacy study for the campaign. We are requesting a 2 year clearance; respondents will be 13-15 years old, who will be surveyed once, and the affected public will be individuals.

ESTIMATED ANNUALIZED BURDEN TABLE

Forms	Type of respondent	Number of respondents	Number of responses per respondent	Average burden hours per response (in hours)	Total burden hours
Youth Survey	13-15 year old youth	760	1	20/60	253

Proposed Project: Training Ph.D.s: Faculty Views on Their Role and Their Institution's Role to Promote the Development of Responsible Researchers—OMB No. 0990-New—Office of Research Integrity.

Abstract: Preventing research misconduct and abuse is of paramount

importance. The Institute of Medicine (IOM) has issued two reports in the last 10 years addressing this concern and clearly states that mentoring is a key factor in promoting the development of responsible researchers. However, little is actually known about the qualities and activities of effective mentors. The proposed project will focus on collecting descriptive information from faculty about their role as advisor and mentor and how faculty members perform these roles in their daily work with PhD candidates. In addition faculty members will be asked to describe how involved their institution is in promoting training or otherwise supporting research mentoring and advising.

The data will come from a random selection of 10,000 investigators drawn from the 2005 and 2006 National Institutes of Health or National Science Foundation grant recipients who have supervised doctoral students in the last five years and are faculty in two types of institutions: (1) Medical schools (within universities or stand alone) and (2) all other universities. We are requesting clearance for a one-time web
