

oral health services for HIV-positive individuals. Institutions eligible for these programs are accredited schools of dentistry, post-doctoral dental education programs and dental hygiene programs.

The DRP Application is the Dental Services Report that schools and programs use to apply for funding of non-reimbursed costs incurred in providing oral health care to patients with HIV, or to report annual program data. Awards are authorized under section 2692(b) of the Public Health Service Act (42 U.S.C. § 300ff-111(b)). The Dental Services Report collects data in four different areas: program information, patient demographics and services, funding, and training. It also

requests applicants to provide narrative descriptions of their services and facilities, as well as their links and collaboration with community-based providers of oral health services.

The primary purpose of collecting this information annually is to verify eligibility and determine reimbursement amounts for DRP applicants, as well as to document the program accomplishments of Community-Based Dental Partnership Program grant recipients. This information also allows HRSA to learn about (1) the extent of the involvement of dental schools and programs in treating patients with HIV, (2) the number and characteristics of clients who receive HIV/AIDS program-supported oral health services, (3) the

types and frequency of the provision of these services, (4) the non-reimbursed costs of oral health care provided to patients with HIV, and (5) the scope of grant recipients' community-based collaborations and training of providers. In addition to meeting the goal of accountability to Congress, clients, advocacy groups, and the general public, information collected in the Dental Services Report is critical for HRSA, State and local grantees, and individual providers, to help assess the status of existing HIV-related health service delivery systems.

The reporting burden for reviewing the Dental Services Report Instructions and completing the Report is estimated as:

Instrument	Number of respondents	Responses per respondent	Total responses	Hours per response	Total burden hours
Dental Services Report	80	1	80	20	1600

Send comments to Susan G. Queen, PhD, HRSA Reports Clearance Officer, Room 10-33, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857. Written comments should be received within 60 days of this notice.

Dated: December 11, 2007.

Alexandra Huttinger,

Acting Director, Division of Policy Review and Coordination.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

Part C HIV Early Intervention Services Grant

AGENCY: Health Resources and Services Administration (HRSA), HHS.

ACTION: Notice of Noncompetitive Program Expansion Supplemental Award.

SUMMARY: HRSA will be providing temporary critical HIV medical care and treatment services through Chase Brexton Health Services to avoid a disruption of HIV clinical care to homeless populations in the Baltimore, Maryland, area.

SUPPLEMENTARY INFORMATION:

Intended Recipient of the Award: Chase Brexton Health Services, Baltimore, Maryland.

Amount of the Award: \$73,125 (initial three month supplement) and \$300,000

(anticipated second 12 month supplement) to ensure ongoing clinical services to the target population.

Authority: Section 2651 of the Public Health Service Act, 42 U.S.C. 300ff-51.

CFDA Number: 93.918.

Project Period: The first period of supplemental support is from September 30, 2007, through December 31, 2007. The anticipated second period of supplemental support will be January 1, 2008, through December 31, 2008.

FOR FURTHER INFORMATION CONTACT:

Maria Rios, M.D, via e-mail: *mrios@hrsa.gov*, or via telephone: 301-443-0493.

Justification for the Exception to Competition

Funding critical HIV medical care and treatment services for homeless populations in Baltimore, MD area will be continued through a noncompetitive program expansion supplement to an existing grant award to Chase Brexton Health Services. This is a temporary award made because the previous grant recipient servicing this population is unable to satisfactorily meet legislative and program requirements. Chase Brexton, a currently funded Ryan White HIV/AIDS Program Part C grantee, is the best qualified and geographically positioned grantee able to provide the necessary continuity of HIV care and treatment for the targeted population. The initial supplemental funding will provide support for three months. Based on satisfactory performance, continued need, and availability of funds, a second and final supplemental award for these

services will be awarded for twelve months. Further funding beyond December 31, 2008, for this service area will be competitively awarded during the next Part C HIV Early Intervention Services (EIS) competing application process. The next available Part C EIS open competing cycle will occur in fiscal year 2009.

Dated: December 7, 2007.

Elizabeth M. Duke,
Administrator.
