

estimated to average 100.3 hours per response. Burden means the total time, effort or financial resources expended by persons to generate, maintain, retain or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install and utilize technology and systems for the purposes of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities:

Entities potentially affected by this action are companies that manufacture, process or import chemical substances.

Frequency of Collection: On occasion.

Estimated No. of Respondents: 443.

Estimated Total Annual Burden on Respondents: 154,322 hours.

Estimated Total Annual Labor Costs: \$36,387,880.

Changes in Burden Estimates: There is a decrease of 9,469 hours (from 163,791 hours to 154,322 hours rounded) in the total estimated respondent burden compared with that currently in the OMB inventory. This decrease reflects EPA's experience with the numbers of submissions since the most recent OMB approval of this collection. The decrease is an adjustment.
