

6(b)(5) of the Act,¹⁹ which requires, among other things, that CBOE rules be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Commission has previously stated its support for recognizing options positions hedged on a delta neutral basis as properly exempted from position limits.²⁰

It is therefore ordered, pursuant to section 19(b)(2) of the Act,²¹ that the proposed rule change (SR-CBOE-2007-99), as modified by Amendment Nos. 1 and 2, be, and it hereby is, approved.
