The project identifies in each affected city significant movements in key drug use measures, and encourages city administrators to use proven programs that increase efficiencies and effectiveness; promote coordination and collaboration; develop commitments; and, gather accurate performance measurement data.

Type of Collection: Reinstatement with change of an approved data collection that expired.

Title of Information Collection: Survey of drug treatment, drug use prevention, and law enforcement resources available to cities.

Frequency: Annually by fiscal year.

Affected Public: Instrumentalities of State, local, and tribal governments.

Estimated Burden: Minimal since providers maintain the data for other purposes.

II. Special Issues for Comment

ONDCP especially invites comments on: (a) Whether the proposed collection is necessary for the proper performance of ONDCP functions, including whether the information has practical utility; (b) ways to enhance information quality, utility, and clarity; and (c) ways to ease the burden on respondents, including the use of automated collection techniques or other forms of information technology.
