**Small Business Regulatory Enforcement

In accordance with the Small
Business Regulatory Enforcement
Fairness Act of 1996, the NRC has
determined that this action is not a

determination with the Office of
Information and Regulatory Affairs,
Office of Management and Budget.

Accordingly, the NRC Enforcement
Policy is amended to read as follows:

General Statement of Policy and
Procedure for NRC Enforcement Actions
* * * * *

I. Introduction and Purpose

* * * * *

Footnote 1

This policy primarily addresses the
activities of NRC licensees and
applicants for NRC licenses. However,
this policy provides for taking
enforcement action against non-
licensees and individuals in certain

cases. These non-licensees include
contractors and subcontractors, holders
of, or applicants for, NRC approvals,
e.g., certificates of compliance, early site
permits, or standard design certificates,
and the employees of these non-
licensees. Specific guidance regarding
enforcement action against individuals
and non-licensees is addressed in
Sections VII, VIII and X.

* * * * *

VI. Enforcement Actions

* * * * *

C. Civil Penalty

A civil penalty is a monetary penalty
that may be imposed for violation of (1)
certain specified licensing provisions of
the Atomic Energy Act or
supplementary NRC rules or orders; (2)
any requirement for which a license
may be revoked; or (3) reporting
requirements under section 206 of the
Energy Reorganization Act. Civil
penalties are designed to deter future
violations both by the involved licensee,
contractor, subcontractor or other
person and other licensees, contractors,
subcontractors or other persons,
conducting similar activities. Civil
penalties also emphasize the need for
licensees, contractors, subcontractors
and other persons to identify violations
and take prompt comprehensive
corrective action.

* * * * *

VII. Exercise of Discretion

* * * * *

B. Mitigation of Enforcement Sanctions

* * * * *

**5. Violations Involving Certain
Discrimination Issues**

Enforcement discretion may be
exercised for discrimination cases when
a licensee (including a contractor or
subcontractor) who, without the need
for government intervention, identifies
an issue of discrimination and takes
prompt, comprehensive, and effective
corrective action to address both the
particular situation and the overall work
environment for raising safety concerns.
Similarly, enforcement may not be
warranted where a complaint is filed
with the Department of Labor (DOL)
under Section 211 of the Energy
Reorganization Act of 1974, as
amended, but the licensee settles the
matter before the DOL makes an initial
finding of discrimination and addresses
the overall work environment.
Alternatively, if a finding of
discrimination is made, the licensee
may choose to settle the case before the
evidentiary hearing begins. In such
