National Institutes of Health

National Institute of Mental Health; Notice of Closed Meetings

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. Appendix 2), notice is hereby given of the following meetings.

The meetings will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Institute of Mental Health Special Emphasis Panel; Use of Antipsychotics in Children.

Date: February 4, 2008.

Time: 11:30 a.m. to 3 p.m.

Agenda: To review and evaluate grant applications.

Place: National Institutes of Health, Neuroscience Center, 6001 Executive Boulevard, Rockville, MD 20852, (Telephone Conference Call).

Contact Person: David I. Sommers, PhD, Scientific Review Administrator, Division of Extramural Activities, National Institute of Mental Health, National Institutes of Health, 6001 Executive Blvd., Room 6154, MSC 9609, Bethesda, MD 20892-9606, 301-443-7861, dsommers@mail.nih.gov.

Name of Committee: National Institute of Mental Health Special Emphasis Panel; Eating Disorders.

Date: February 5, 2008.

Time: 2:30 p.m. to 5:30 p.m.

Agenda: To review and evaluate grant applications.

Place: National Institutes of Health, Neuroscience Center, 6001 Executive Boulevard, Rockville, MD 20852, (Telephone Conference Call).

Contact Person: David I. Sommers, PhD, Scientific Review Administrator, Division of

Extramural Activities, National Institute of Mental Health, National Institutes of Health, 6001 Executive Blvd., Room 6154, MSC 9609, Bethesda, MD 20892-9606, 301-443-7861, dsommers@mail.nih.gov.

Name of Committee: National Institute of Mental Health Special Emphasis Panel; ITVC Conflicts.

Date: February 20, 2008.

Time: 12:30 p.m. to 5 p.m.

Agenda: To review and evaluate grant applications.

Place: National Institutes of Health, Neuroscience Center, 6001 Executive Boulevard, Rockville, MD 20852, (Telephone Conference Call).

Contact Person: David I. Sommers, PhD, Scientific Review Administrator, Division of Extramural Activities, National Institute of Mental Health, National Institutes of Health, 6001 Executive Blvd., Room 6154, MSC 9609, Bethesda, MD 20892-9606, 301-443-7861, dsommers@mail.nih.gov.

(Catalogue of Federal Domestic Assistance Program Nos. 93.242, Mental Health Research Grants; 93.281, Scientist Development Award, Scientist Development Award for Clinicians, and Research Scientist Award; 93.282, Mental Health National Research Service Awards for Research Training, National Institutes of Health, HHS)

Dated: January 7, 2008.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the

quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Project: Measures of Co-Occurring Infrastructure (OMB No. 0930-0284)—Extension

This notice is a request to extend data collection for SAMHSA's Center for Mental Health Services and Center for Substance Abuse Treatment provider-level performance measures about the screening, assessment, and treatment of co-occurring disorders. The measures were developed with active input from COSIG grantees. Their input was also sought regarding suggestions for making the implementation and reporting processes as smooth as possible. Based on suggestions from COSIG grantees, CSAT has taken the following actions to improve data quality: clarified instructions, simplified minimum required reporting, developed optional reporting methods, allowed grantees time to work out internal processes, and held monthly conference calls to answer grantee questions and to allow grantees to share experiences with implementation. These steps allow CSAT to enhance working relationships with the grantees and improve the overall quality of the data collection process.

Implementation will be limited to 15 current States with Co-occurring State Incentive Grants (COSIG) and States receiving COSIG grants in future years. COSIG grants enable States to develop or enhance their infrastructure and capacity to provide accessible, effective, comprehensive, coordinated/integrated, and evidence-based treatment services to persons with co-occurring substance abuse and mental disorders. Only the immediate Office of the Governor of States may receive COSIG grants, because SAMHSA considers the Office of the Governor to have the greatest potential to provide the multi-agency leadership needed to accomplish COSIG goals. The COSIG program is part of SAMHSA's plan to achieve certain goals regarding services for persons with co-occurring substance use and mental disorders:

- Increase percentage of treatment programs that screen for co-occurring disorders;
- Increase percentage of treatment programs that assess for co-occurring disorders;
- Increase percentage of treatment programs that treat co-occurring disorders through collaborative,
