BILLING CODE 6210-01-S

FEDERAL RESERVE SYSTEM

Notice of Proposals to Engage in Permissible Nonbanking Activities or to Acquire Companies that are Engaged in Permissible Nonbanking Activities

The companies listed in this notice have given notice under section 4 of the Bank Holding Company Act (12 U.S.C. 1843) (BHC Act) and Regulation Y (12 CFR Part 225) to engage *de novo*, or to acquire or control voting securities or assets of a company, including the companies listed below, that engages either directly or through a subsidiary or other company, in a nonbanking activity that is listed in § 225.28 of Regulation Y (12 CFR 225.28) or that the Board has determined by Order to be closely related to banking and permissible for bank holding companies. Unless otherwise noted, these activities will be conducted throughout the United States.

Each notice is available for inspection at the Federal Reserve Bank indicated. The notice also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the question whether the proposal complies with the standards of section 4 of the BHC Act. Additional information on all bank holding companies may be obtained from the National Information Center website at www.ffiec.gov/nic/.

Unless otherwise noted, comments regarding the applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than February 8, 2008.

A. Federal Reserve Bank of Richmond (A. Linwood Gill, III, Vice President) 701 East Byrd Street, Richmond, Virginia 23261-4528:

1. *BB&T Corporation*, Winston-Salem, North Carolina; to acquire 100 percent of the voting shares of BB&T Financial, FSB, Columbus, Georgia, a *de novo* savings association, and thereby engage in operating a savings association, pursuant to section 225.28(b)(4)(ii) of Regulation Y.

Board of Governors of the Federal Reserve System, January 9, 2008.

Robert deV. Frierson,

Deputy Secretary of the Board.

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 639-4766 or send an e-mail to omb@cdc.gov. Send written comments to CDC Desk Officer, Office of Management and Budget, Washington, DC or by fax to (202) 395-6974. Written comments should be received within 30 days of this notice.

Proposed Project

Survey of 911 Emergency Treatment for Heart Disease and Stroke—New—

National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP), Division of Heart Disease and Stroke Prevention (DHDSP), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

CDC's Division for Heart Disease and Stroke Prevention (DHDSP) was established to provide national leadership to reduce the burden of disease, disability, and death from heart disease and stroke through its research and programs. CDC proposes to collect information concerning pre-hospital Emergency Medical Services (EMS) practices needed to develop solutions to the crisis in emergency care and to effectively coordinate national public health interventions in death and disability from heart attacks and stroke. The proposed survey will be conducted with approximately 1,800 local pre-hospital EMS provider organizations to examine staffing and certification configurations, medical oversight, training, and the scope of practice of pre-hospital emergency care specifically for cardiac and stroke emergencies. The survey sample includes all 2,250 local pre-hospital EMS provider organizations in nine proposed states (FL, MA, KS, MT, NM, WI, OR, SC, AR).

The information collection will also include semi-structured interviews with ten directors of sub-state EMS regions. The interviews will examine organizational and administrative aspects of pre-hospital EMS at the state and sub-state levels to explore similarities and differences from state to state. Data analysis will include descriptive statistics for data from the EMS provider survey on pre-hospital field practices and capabilities for cardiac and stroke emergencies in nine states representing all regions of the U.S. It will also include qualitative analysis of information related to state and sub-state EMS organizational and administrative contexts and their influence on local pre-hospital EMS. The information collection will provide for interaction with important stakeholders for partnering and cooperation through the selection of an expert working group to review the survey findings and assist with the development of recommendations.

There are no costs to respondents except their time. The estimated annualized burden hours are 533.

Estimated Annualized Burden Hours

Type of respondents	Form name	No. of respondents	No. of responses per respondent	Average burden per response (in hours)
Supervisor/Manager of EMS Personnel	Screening Script to Identify Supervisor for Interview.	2,250	1	2/60
Administrator/Director of Sub-state EMS Region	Local EMS Provider Survey ... Topic Guide for Semi-Structured Telephone Interview.	1,800 10	1 1	15/60 45/60

Dated: January 7, 2008.

Maryam I. Daneshvar,

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities, for both CDC and the Agency for Toxic Substances and Disease Registry.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Medicare & Medicaid Services

Privacy Act of 1974; Report of a Modified or Altered System of Records

AGENCY: Department of Health and Human Services (HHS), Centers for Medicare & Medicaid Services (CMS).

ACTION: Notice of a Modified or Altered System of Records (SOR).

SUMMARY: In accordance with the Privacy Act of 1974, we are proposing to modify or alter an existing SOR, "Health Plan Management System (HPMS)," System No. 09-70-4004, established at 63 **Federal Register** 43187 (August 12, 1998). We will broaden the scope of this system by including a new activity related to health plan and Part D plan management referred to as the Complaint Tracking Module (CTM). CTM will collect and maintain identifiable information on individuals who are, but not limited to, complainants, including beneficiaries, relatives and caregivers, Congresspersons and their staff, State Health Insurance Program representatives, and providers of service and their staff. The CTM stores complaint data, including, but not limited to, the following: Date complaint received; date of incident; issue level; complainant and/or beneficiary information; complaint summary; complaint category; complaint resolution summary; and plan resolution summary. Plans use the CTM to track the beneficiary complaints assigned to their organization, enter complaint case resolutions, and close out complaints.

In addition, HPMS will collect information from health plans and Part

D plan organizations pertaining to individuals who market and/or sell health insurance and prescription drug plan products on behalf of these plan organizations and who are licensed or authorized by a State Insurance Commissioner or other certifying agencies. We are sharing data pertaining to all agents/brokers to assist CMS and State Insurance Commissioners in improving oversight of the sales marketplace and in avoiding fraudulent sales practices that mislead and harm Medicare beneficiaries. We propose to assign a new CMS identification number to this system to simplify the obsolete and confusing numbering system originally designed to identify the Bureau, Office, or Center that maintained information in the Health Care Financing Administration systems of records. The new assigned identifying number for this system should read: System No. 09-70-0500.

We will delete routine use number 1 authorizing disclosure to support constituent requests made to a congressional representative. If an authorization for the disclosure has been obtained from the data subject, then no routine use is needed. The Privacy Act allows for disclosures with the "prior written consent" of the data subject. We propose to delete published routine use number 5 authorizing disclosure to a contractor for the purpose of collating, analyzing, aggregating or otherwise refining or processing records in this system or for developing, modifying and/or manipulating automated information systems software. We also propose to add a routine use for the release of information that permits disclosure to agency contractors, consultants, and CMS grantees that perform a task for the agency. CMS occasionally contracts out certain of its functions when doing so would contribute to effective and efficient operations. CMS must be able to give a contractor, consultant or grantee whatever information is necessary for the contractor, consultant, or grantee to fulfill its duties.

We propose to delete published routine use number 2 authorizing disclosure to the Bureau of Census;
