Needs and Uses: On September 11, 2007, the Commission adopted a Report and Order and a Notice of Proposed Rulemaking In the Matter of Implementation of the Cable Television Consumer Protection and Competition Act of 1992—Development of Competition and Diversity in Video Programming Distribution: Section 628(c)(5) of the Communications Act: Sunset of Exclusive Contract Prohibition; Review of the Commission's Program Access Rules and Examination of Programming Tying Arrangements, MB Docket Nos. 07-29, 07-198, FCC 07-169. Section 628 of the

Communications Act proscribes a cable operator, a satellite cable programming vendor in which a cable operator has an attributable interest, or a satellite broadcast programming vendor from engaging in unfair methods of competition and deceptive practices and directs the Commission to, among other things, prescribe regulations to provide for an expedited Commission review of any complaints made under this section. Section 76.1003 contains the Commission's procedural rules for resolving these program access complaints. The new rules to this information collection are 47 CFR 76.1003(e)(1) and 47 CFR 76.1003(j).

47 CFR 76.1003(e)(1) requires a cable operator, satellite cable programming vendor, or satellite broadcast programming vendor that expressly references and relies upon a document in asserting a defense to a program access complaint filed pursuant to § 76.1003 or in responding to a material allegation in a program access complaint filed pursuant to § 76.1003, to include such document or documents as part of the answer.

47 CFR 76.1003(j) states in addition to the general pleading and discovery rules contained in § 76.7 of this part, parties to a program access complaint may serve requests for discovery directly on opposing parties, and file a copy of the request with the Commission. The respondent shall have the opportunity to object to any request for documents that are not in its control or relevant to the dispute. Such request shall be heard, and determination made, by the Commission. Until the objection is ruled upon, the obligation to produce the disputed material is suspended. Any party who fails to timely provide discovery requested by the opposing party to which it has not raised an objection as described above, or who fails to respond to a Commission order for discovery material, may be deemed in default and an order may be entered in accordance with the allegations contained in the complaint, or the complaint may be dismissed with prejudice.

47 CRR 76.7. Pleadings seeking to initiate FCC action must adhere to the requirements of § 76.6 (general pleading requirements) and § 76.7 (initiating pleading requirements). Section 76.7 is used for numerous types of petitions and special relief petitions, including general petitions seeking special relief, waivers, enforcement, show cause, forfeiture and declaratory ruling procedures.

47 CFR 76.9. A party that wishes to have confidentiality for proprietary information with respect to a

submission it is making to the FCC must file a petition pursuant to the pleading requirements in § 76.7 and use the method described in §§ 0.459 and 76.9 to demonstrate that confidentiality is warranted. The petitions filed pursuant to this provision are contained in the existing information collection requirement and are not changed by the proposed rule changes.

47 CFR 76.61. Section 76.61(a) permits a local commercial television station or qualified low power television station that is denied carriage or channel positioning or repositioning in accordance with the must-carry rules by a cable operator to file a complaint with the FCC in accordance with the procedures set forth in § 76.7. Section 76.61(b) permits a qualified local noncommercial educational television station that believes a cable operator has failed to comply with the FCC's signal carriage or channel positioning requirements (§§ 76.56 through 76.57) to file a complaint with the FCC in accordance with the procedures set forth in § 76.7.

47 CFR 76.914. Section 76.914(c) permits a cable operator seeking revocation of a franchising authority's certification to file a petition with the FCC in accordance with the procedures set forth in § 76.7.

47 CFR 76.1003. Section 76.1003(a) permits any multichannel video programming distributor aggrieved by conduct that it believes constitutes a violation of the FCC's competitive access to cable programming rules to commence an adjudicatory proceeding at the FCC to obtain enforcement of the rules through the filing of a complaint, which must be filed and responded to in accordance with the procedures specified in § 76.7, except to the extent such procedures are modified by § 76.1003.

47 CFR 76.1302. Section 76.1302(a) permits any video programming vendor or multichannel video programming distributor aggrieved by conduct that it believes constitutes a violation of the FCC's regulation of carriage agreements to commence an adjudicatory proceeding at the FCC to obtain enforcement of the rules through the filing of a complaint, which must be filed and responded to in accordance with the procedures specified in § 76.7, except to the extent such procedures are modified by § 76.1302.

47 CFR 76.1513. Section 76.1513(a) permits any party aggrieved by conduct that it believes constitutes a violation of the FCC's regulations or in section 653 of the Communications Act (47 U.S.C. 573) to commence an adjudicatory proceeding at the Commission to obtain

Licensees with five or more full-time employees are required to file Form 395-B on or before September 30th of each year. The form is a data collection device used to compile statistics on the workforce employed by broadcast licensees/permittees. The report identifies each staff member by gender and race/ethnicity in each of the nine major job categories. On June 4, 2004, the FCC released the Third Report and Order and Fourth Notice of Proposed Rulemaking (3rd R&O), In the *Matter of Review of the Commission's Broadcast and Cable Equal Employment Opportunity Rules and Policies*, MM Docket No. 98-204, FCC 04-103, in which it considers issues relating to the Annual Employment Report forms, including Form 395-B, "The Broadcast Station Annual Employment Report." In the 3rd R&O, the Commission is adopting revised rules requiring broadcasters and multichannel video programming distributors (MVPDs) to file annual employment reports. Radio and television broadcasters will use Form 395-B to file annual employment reports. The intent of this 3rd R&O is to reinstate and update requirements for broadcasters and MVPDs to file annual employment reports. The intent of the Fourth Notice of Proposed Rulemaking is to provide time for MVPDs, broadcast licensees, and the public to address the issue of whether the Commission

should keep these forms confidential after they are filed. With the effective date of the rule revisions adopted in the 3rd R&O, MVPDs and broadcasters must start keeping records of their employees so they can prepare their annual employment reports due to be filed on or before September 30, 2004.
