Proposed Extension of the Approval of Information Collection Requirements

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA 95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Employment Standards Administration is soliciting comments concerning its proposal to extend OMB approval of the information collection: Request for Examination and/or Treatment (LS–1). SUPPLEMENTARY INFORMATION:

I. Background

The Office of Workers’ Compensation Programs administers the Longshore and Harbor Workers’ Compensation Act. The Act provides benefits to workers injured in maritime employment on the navigable waters of the United States or in an adjoining area customarily used by an employer in loading, unloading, repairing, or building a vessel. Under section 7 (33 U.S.C., Chapter 18, Section 907) of the Longshore Act the employer/insurance carrier is responsible for furnishing medical care for the injured employee for such period of time as the injury or recovery period may require. Form LS–1 serves two purposes: It authorizes the medical care, and it provides a vehicle for the treating physician to report the findings, treatment given, and anticipated physical condition of the employee. The information collected on Form LS–1 is used by the Longshore Division to verify that proper medical treatment has been authorized by the employer/insurance carrier, and to determine the severity of a claimant’s injuries and thus his/her entitlement to compensation benefits. This information collection is currently approved for use through July 31, 2008.

No physical changes to the Palisades Nuclear Plant or operational changes are being proposed in the application. The Board of Directors of Entergy Corporation has proposed that the wholesale nuclear business segment be organized under a publicly owned holding company, referred to as “NewCo,” that will be the indirect parent company of Entergy Nuclear Palisades, LLC.

Entergy will be owned by a parent company referred to as ENOI Holdings, LLC, which, in turn, will be owned 50 percent by Entergy Corporation and 50 percent by NewCo. Each of these 50 percent interests will be held by wholly owned subsidiaries of Entergy Corporation and NewCo.

Entergy will also be converted from a corporation to a limited liability company and its name will be changed to ENOI LLC. Under Delaware law, ENOI LLC will assume all of the rights and responsibilities of ENOI and it will be the same company (legal entity) both before and after the conversion and name change. ENOI will separately submit a request for license amendments to make the administrative changes as a result of ENOI’s name change from “Entergy Nuclear Operations, Inc.” to “ENOI LLC.”

Pursuant to 10 CFR 50.80, no license, or any right thereunder, shall be transferred, directly or indirectly, through transfer of control of the license, unless the Commission shall give its consent in writing. The Commission will approve an application for the indirect transfer of a license, if the Commission determines that the proposed corporate restructuring will not affect the qualifications of the licensee to hold the license, and that the transfer is otherwise consistent with applicable provisions of law, regulations, and Orders issued by the Commission pursuant thereto.

The filing of requests for hearing and petitions for leave to intervene, and written comments with regard to the license transfer application, are discussed below.

Within 20 days from the date of publication of this notice, any person whose interest may be affected by the Commission’s action on the application may request a hearing and, if not the applicant, may petition for leave to intervene in a hearing proceeding on the Commission’s action. Requests for a hearing and petitions for leave to intervene should be filed in accordance with the Commission’s rules of practice set forth in Subpart C “Rules of General Applicability: Hearing Requests, Petitions to Intervene, Availability of
