or use distributions in earlier years to pay QHEEs in later years. Accordingly, the IRS and the Treasury Department propose to adopt a rule that, in order for earnings to be excluded from income, any distribution from a section 529 account during a calendar year must be used to pay QHEEs during the same calendar year or by March 31 of the following year. The IRS and the Treasury Department welcome comments on rules necessary to ensure that distributions from section 529 accounts are appropriately matched to the payment of QHEEs.

C. Recordkeeping Requirements and Administrative Procedures

The forthcoming notice of proposed rulemaking may contain recordkeeping requirements designed to facilitate the implementation of these new rules, including the proposed anti-abuse rule. QTPs may be required to collect and retain, and in some cases report to the IRS, certain information. Programs may also need to revise their program documents, administrative procedures, and promotional and required literature for AOs and DBs. The forthcoming notice of proposed rulemaking will provide a grace period of no less than 15 months to implement most changes.

The IRS and the Treasury Department welcome comments regarding the information that would be necessary to implement the proposed anti-abuse rule, including a discussion of how to minimize the burden on QTPs of collecting or reporting such information.

Request for Comments

Before the notice of proposed rulemaking is issued, consideration will be given to any written comments that are submitted timely (a signed original and eight (8) copies) to the IRS. All comments will be available for public inspection and copying.

Drafting Information

The principal authors of this advance notice of proposed rulemaking are Mary Berman of the Office of Chief Counsel (Passthroughs and Special Industries) and Monica Rosenbaum of the Office of Chief Counsel (Tax-Exempt and Government Entities). However, other personnel from the IRS and the Treasury Department participated in its development.

Linda E. Stiff,
Deputy Commissioner for Services and Enforcement.

Submitted by the State of Nevada on May 30, 2007, this plan revision consists of a maintenance plan prepared for the purpose of providing for continued attainment of the 8-hour ozone national ambient air quality standard in Washoe County through the year 2014 and thereby satisfying the related requirements under section 110(a)(1) of the Clean Air Act and EPA’s phase 1 rule implementing the 8-hour ozone national ambient air quality standard. SUPPLEMENTARY INFORMATION: On May 30, 2007, the Nevada Division of Environmental Protection (NDEP) submitted the Maintenance Plan for the Washoe County 8-Hour Ozone Attainment Area (April 2007) (“Washoe County Ozone Maintenance Plan”) to EPA for approval as a revision to the
Washoe County portion of the Nevada State Implementation Plan (SIP). The Washoe County Ozone Maintenance Plan was developed by the Washoe County District Health Department, Air Quality Management Division (Washoe County AQMD) and adopted by the Washoe County District Board of Health (District Board of Health) on April 26, 2007. Washoe County AQMD prepared the plan to provide for continued attainment of the 8-hour ozone national ambient air quality standard (NAAQS) through 2014 and to thereby satisfy the requirements of section 110(a)(1) of the Clean Air Act (CAA or “Act”) and EPA’s phase 1 rule implementing the 8-hour ozone NAAQS. EPA is proposing to approve the Washoe County Ozone Maintenance Plan as a revision to the Washoe County portion of the Nevada SIP because we find that the submitted ozone maintenance plan meets all of the applicable requirements of CAA section 110(a)(1) and our phase 1 rule implementing the 8-hour ozone NAAQS.

In the Rules and Regulations section of this Federal Register, we are approving the Washoe County Ozone Maintenance Plan in a direct final action without prior proposal because we believe these SIP revisions are not controversial. If we receive adverse comments, however, we will publish a timely withdrawal of the direct final rule and address the comments in subsequent action based on this proposed rule. Please note that if we receive adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, we may adopt as final those provisions of the rule that are not the subject of an adverse comment.

We do not plan to open a second comment period, so anyone interested in commenting should do so at this time. If we do not receive adverse comments, no further activity is planned. For further information, please see the direct final action.

Regional Administrator, Region IX.
