

Thus, the Exchange proposes to add language to Rule 6.33(b) stating that a prohibition on concurrent registration as both a Market Maker and Floor Broker will not prevent an IMM or LMM from acting in an agency capacity for Linkage purposes.

The Commission finds that the proposed rule change is consistent with the requirements of section 6(b) of the Act⁵ and the rules and regulations thereunder applicable to a national securities exchange.⁶ In particular, the Commission finds that the proposed rule change is consistent with section 6(b)(5) of the Act,⁷ which requires that a national securities exchange's rules be designed to facilitate transactions in securities, to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts and, in general, to protect investors and the public interest. The Commission notes that the practice of OTP Holders registering in the dual capacity of Market Maker and Floor Broker dates back to the days of floor-based, open outcry trading environment. The Commission also notes that the vast majority of trades on NYSE Arca now occur electronically, such that the need for dual registration by the OTP Holders may no longer be necessary. Further, the Commission notes that the Exchange stated that currently, there are no OTP Holders registered in this dual capacity, and the Exchange does not have any pending applications from existing OTP Holders to be dually registered in such capacity.

The Commission believes that it is reasonable and consistent with the Act for the Exchange to delete Rule 6.38, and also promulgate new rule provisions within Rules 6.33 and 6.44 to prohibit dual registration by OTP Holders as Market Makers and Floor Brokers. The Commission recognizes that eliminating the dual registration of OTP Holders as Market Makers and Floor brokers will not affect the ability of LMMs and IMMs, who may continue to be called upon today, to act in an agency capacity, to send P/A Orders through Linkage.

It is therefore ordered, pursuant to section 19(b)(2) of the Act,⁸ that the proposed rule change (SR-NYSEArca-2007-120) be, and hereby is, approved.

⁵ 15 U.S.C. 78(f)(b).

⁶ In approving this rule change, the Commission notes that it has considered the proposal's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

⁷ 15 U.S.C. 78f(b)(5).

⁸ 15 U.S.C. 78s(b)(2).

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁹

Florence E. Harmon,

Deputy Secretary.
