**A. Purpose**

Presolicitation notices are used by the Government for several reasons, one of which is to aid prospective contractors in submitting proposals without undue expenditure of effort, time, and money. The Government also uses the presolicitation notices to control printing and mailing costs. The presolicitation notice response is used to determine the number of solicitation documents needed and to assure that interested offerors receive the solicitation documents. The responses are placed in the contract file and referred to when solicitation documents are ready for mailing. After mailing, the responses remain in the contract file and become a matter of record.

**Decision Memorandum Accepting Alternative Arrangements for the U.S. Navy's Southern California Operating Area Composite Training Unit Exercises (COMPTUEXs) and Joint Task Force Exercises (JTFEXs) Scheduled To Occur Between Today and January 2009**

**AGENCY:** Department of the Navy, DoD.

**ACTION:** Notice of Decision Memorandum.

**SUMMARY:** The Department of the Navy announces its decision to accept alternative arrangements approved by the Council on Environmental Quality (CEQ) pursuant to 40 CFR 1506.11 for

implementing the procedural provisions of the National Environmental Policy Act (NEPA), 42 U.S.C. 4321 *et seq.*, for the Navy's Southern California (SOCAL) Operating Area Composite Training Unit Exercises (COMPTUEXs) and Joint Task Force Exercises (JTFEXs) scheduled to occur between today and January 2009.

**SUPPLEMENTARY INFORMATION:** The text of the entire Decision Memorandum is provided as follows:

On January 10, 2008, the Department of the Navy (Navy) sought Council on Environmental Quality (CEQ) approval of alternative arrangements pursuant to 40 CFR 1506.11 for implementing the procedural provisions of the National Environmental Policy Act, 42 U.S.C. 4321 *et seq.* (NEPA), for MFA sonar training during the remaining five COMPTUEXs and four JTFEXs scheduled to occur between today and January 23, 2009, in the Southern California (SOCAL) Operating Area. On January 11, 2008, the Navy reaffirmed its request. On January 15 CEQ concluded consultation and approved alternative arrangements pursuant to 40 CFR 1506.11 for implementing the procedural provisions of (NEPA). This memorandum documents the Navy's decision to accept the alternative arrangements.

**Background**

The CEQ Regulations for Implementing the Procedural Provisions of the National Environmental Policy Act provide for situations when emergency circumstances make it necessary to make decisions and take action with significant environmental impact without observing the provisions of the CEQ Regulations (40 CFR § 1506.11). Specifically, the agency should consult with CEQ about alternative arrangements for actions necessary to control the immediate impacts of the emergency.

*Title 10:* The Fleet Response Training Plan (FRTP) is one of the processes used to ensure the Chief of Naval Operation's (CNO) obligation under Section 5062 of Title 10 of the U.S. Code, which requires organization, training and equipping of all naval forces for combat. The FRTP is an arduous training cycle that ensures Navy forces achieve the highest possible readiness levels prior to deployment. As part of the FRTP, the Navy conducts COMPTUEXs and JTFEXs to achieve required Navy
