- If tracts offered for direct sale are not purchased by the identified party(s), the subject tracts may subsequently be offered for open competitive sale.
- The 1988 Cascade RMP identified parcels 6 through 35 as suitable for disposal subject to a site-specific analysis. An RMP amendment is required to allow the sale of parcels 1 through 5. BLM has prepared an Environmental Assessment (EA) for these proposed sales, including the plan amendment, pursuant to the National Environmental Policy Act. BLM will be accepting public comments on the proposed sale until March 10, 2008.
- As of January 24, 2008, the above described land is segregated from appropriation under the public land laws, including the mining laws, except for the Recreation and Public Purposes Act and the sale provisions of the FLPMA. The segregative effect will terminate upon issuance of a patent, publication in the **Federal Register** of a termination of the segregation, or January 25, 2010, whichever first occurs, unless extended by the BLM State Director in accordance with 43 CFR 2711.1-2(d) prior to the termination date.
- If tracts offered for direct sale are not purchased by the identified party(s), the subject tracts may subsequently be offered for open competitive sale.
- Whether sold through direct or competitive sale, each of the above parcels will be transferred subject to the following terms, conditions, and reservations:

Response, Compensation, and Liability Act [42 U.S.C. 9620(h)] (CERCLA), as amended by the Superfund Amendments and Reauthorization Act of 1988 (100 Stat. 1670), notice is hereby given that the above-described lands have been examined and no evidence was found to indicate that any hazardous substances had been stored for one year or more, nor had any hazardous substances been disposed of or released on the subject property.

3. All purchasers/patentees, by accepting a patent, covenant and agree to indemnify, defend, and hold the United States harmless from any costs, damages, claims, causes of action, penalties, fines, liabilities, and judgments of any kind or nature arising from the past, present, and future acts or omissions of the patentees or their employees, agents, contractors, lessees, or any third party, arising out of or in connection with the patentee's use, occupancy, or operations on the patented real property. This indemnification and hold harmless agreement includes, but is not limited to, acts and omissions of the patentees and their employees, agents, contractors, or lessees, or any third party, arising out of or in connection with the use and/or occupancy of the patented real property which has already resulted or does hereafter result in: (1) Violations of Federal, state, and local laws and regulations that are now or may in the future become applicable to the real property; (2) Judgments, claims or demands of any kind assessed against the United States; (3) Costs, expenses, or damages of any kind incurred by the United States; (4) Releases or threatened releases of solid or hazardous waste(s), and/or hazardous substance(s), as defined by Federal or state environmental laws, off, on, into or under land, property and other interests of the United States; (5) Activities by which solid waste or hazardous substance(s) or waste, as defined by Federal and state environmental laws are generated, released, stored, used or otherwise disposed of on the patented real property, and any cleanup response, remedial action or other actions related in any manner to said solid or hazardous substance(s) or waste(s); or (6) Natural resource damages as defined by Federal and state law. Competitive Sale Procedures

The sales will be by sealed bid, followed by oral auction. Sealed bids must be received at the BLM Boise District Office at the above address no later than 4:30 p.m. MDT on the day before the sale. Federal law requires that bidders must be U.S. citizens 18 years of age or older, or in the case of a corporation, subject to the laws of any State of the U.S. Proof of citizenship shall accompany the bid.

At 10 a.m. MDT on May 6, 2008, sealed bids will be opened at the BLM Boise District Office, and the highest acceptable sealed bid will be determined for each parcel. An oral auction will follow the determination of the highest acceptable sealed bid at or in excess of the appraised fair market value, with the opening oral bid being for not less than the highest acceptable sealed bid. Oral bidding will continue until the highest bid is determined. If no oral bids are received, the highest acceptable sealed bid will be considered the purchaser. If neither a sealed nor an oral bid is received for a particular parcel, that parcel will remain available for over-the-counter sale at the appraised fair market value for a period of 180 days following the sale date.

The purchaser will have 30 days from the date of acceptance of the high bid to submit a deposit of 20 percent of the purchase price and the \$50.00 filing fee for conveyance of mineral interests. The purchaser must remit the remainder of the purchase price within 180 days from the date of the sale. Payments must be by certified check, postal money order, bank draft or cashiers check payable to the U.S. Department of the Interior—BLM. Failure to meet conditions established for this sale will void the sale, and any monies received will be forfeited to the BLM.
