[Docket No. USCG-2007-0179]

RIN 1625-AA08

Special Local Regulations; Recurring Marine Events in the Seventh Coast Guard District

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is creating special local regulations to regulate recurring marine events in the Seventh Coast Guard District. These regulations will apply to all permitted events listed on the table attached to the regulation, and include events such as regattas, parades, and fireworks displays. These regulations are being created to reduce the Coast Guard's administrative workload and expedite public notification of events.

DATES: This rule is effective 30 days after publication in the **Federal Register**.

ADDRESSES: Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, are part of docket [USCG-2007-0179] and are available for inspection or copying at the Brickell Plaza Federal Building, Miami, FL, between 8 a.m. and 3:30

p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Regulatory Information

On November 13, 2007, we published a notice of proposed rulemaking (NPRM) entitled Special Local Regulations; Recurring Marine Events in the Seventh Coast Guard District **Federal Register** (72 FR 63839) under Docket No. CGD07-07-102. We received no letters in the mail commenting on the proposed rule. No public meeting was requested, and none was held.

Background and Purpose

Marine events are frequently held on the navigable waters within the boundary of the Seventh Coast Guard District. These include events such as sailing regattas, holiday parades, and fireworks displays. Currently, there are over 250 annually recurring marine events and many other non-recurring events within the district. In the past, the Coast Guard regulated these events by creating individual special local regulations on a case by case basis. Most of these events required only the establishment of a regulated area and assignment of a patrol commander to ensure safety. Issuing individual, annual special local regulations has created a significant administrative burden on the Coast Guard. In 2005, the Coast Guard created over 60 temporary regulations for recurring marine events in the Seventh District. That number rose to over 110 in 2006 and over 160 in 2007.

Additionally, for the majority of these events, the Coast Guard does not receive notification of the event or important details of the event are not finalized by event organizers with sufficient time to publish a notice of proposed rulemaking and final rule before the event date. The Coast Guard must therefore create temporary final rules that sometimes are not completed until a few days before the event. This results in delayed notification to the public, potentially placing the public and event participants at risk.

This rule will significantly relieve the administrative burden on the Coast Guard, and at the same time allow the sponsor of the event and the Coast Guard to notify the public of these events in a timely manner. The public will be provided with notice of events through the table attached to this regulation. This table lists each recurring event that may be regulated by

the Coast Guard, and indicates the sponsor, as well as the date and location of the event. Because the dates and location of these events may change slightly from year to year, the specific information on each event, including the exact dates, specific areas, and description of the regulated area, will be provided to the public through a Local Notice to Mariners published before the event, as well as through Broadcast Notice to Mariners. This table will be updated by the Coast Guard periodically to add new recurring events, remove events that no longer occur, and update listed events to ensure accurate information is provided.

Discussion Comments and Change

No comments were received. However, slight changes were made to proposed events to clarify dates and sponsors. In the Captain of the Port Zone Key West the date for Marathon Super Boat Grand Prix was updated to the 3rd Weekend of May (FRI-SUN). The date for the FKCC Swim around Key West was updated to the 3rd Saturday in June. These changes were made to add information to the events for increased public knowledge.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order.

We expect the economic impact of this rule to be so minimal that a full Regulatory Evaluation is unnecessary.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule would not have a significant economic impact on a substantial number of small entities. This rule would affect the following entities, some of which might be small entities: the owners or operators of vessels intending to transit or anchor in the areas where marine events are being held. This proposed regulation will not

have a significant impact on a substantial number of small entities because it will only be enforced on marine events that have been permitted by the Coast Guard Captain of the Port. The Captain of the Port will ensure that small entities are able to operate in the areas where events are occurring. Additionally, in most cases, vessels will be able to safely transit around the regulated area at all times, and, with the permission of the Patrol Commander, vessels may transit through the regulated area.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we offered to assist small entities in understanding this rule so that they can better evaluate its effects on them and participate in the rulemaking. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**. The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the

aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule does not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their

regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Commandant Instruction M16475.ID which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have made a preliminary determination that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, we believe that this rule should be categorically excluded, under figure 2–1, paragraph (34)(h), of the Instruction, from further environmental documentation. This rule fits the category of paragraph 34(h) because it creates special local regulations for regattas and marine parades.

Under figure 2–1, paragraph (34)(h), of the Instruction, an “Environmental Analysis Check List” is not required for this rule. Comments on this section will be considered before we make the final decision on whether to categorically exclude this rule from further environmental review.

List of Subjects in 33 CFR Part 100

Marine Safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

■ For the reasons discussed in the preamble, the Coast Guard proposes to amend 33 CFR part 100 as follows:

PART 100—REGATTAS AND MARINE PARADES

■ 1. The authority citation for part 100 continues to read as follows:

Authority: 33 U.S.C. 1233.

■ 2. Add a new § 100.701 to read as follows:

§ 100.701 Special Local Regulations; Marine Events in the Seventh Coast Guard District

The following regulations apply to the marine events listed in Table 1 of this section. These regulations will be effective annually, for the duration of each event listed in Table 1. Annual notice of the exact dates and times of the effective period of the regulation with respect to each event, the geographical area, and details concerning the nature of the event and the number of participants and type(s) of vessels involved will also be published in the local notice to mariners and broadcast over VHF.

(a) *Definitions.* The following definitions apply to this section:

Patrol Commander. A Patrol Commander is a commissioned, warrant, or petty officer of the Coast Guard who has been designated by the respective Coast Guard Sector Commander to enforce these regulations.

Spectators. All persons and vessels not registered with the event sponsor as participants or official patrol vessels.

(b) *Event Patrol.* The Coast Guard may assign an event patrol, as described in § 100.40 of this part, to each regulated event listed in the table. Additionally, a

Patrol Commander may be assigned to oversee the patrol. The event patrol and Patrol Commander may be contacted on VHF Channel 16.

(c) *Special Local Regulations.* (1) The Coast Guard Patrol Commander may forbid and control the movement of all vessels in the regulated area(s). When hailed or signaled by an official patrol vessel, a vessel in these areas shall immediately comply with the directions given. Failure to do so may result in expulsion from the area, citation for failure to comply, or both.

(2) The Coast Guard Patrol Commander may terminate the event, or the operation of any vessel participating in the event, at any time it is deemed necessary for the protection of life or property.

(3) Only event sponsor designated participants and official patrol vessels are allowed to enter the regulated area.

(4) Spectators are only allowed inside the regulated area if they remain within a designated spectator area. Spectators may contact the Coast Guard Patrol Commander to request permission to pass through the regulated area. If permission is granted, spectators must pass directly through the regulated area at safe speed and without loitering.

(d) *Contact Information.* Questions about marine events should be addressed to the local Coast Guard Captain of the Port for the area in which the event is occurring. Contact information is listed below. For a description of the geographical area of each Captain of the Port zone, please see subpart 3.35 of this chapter.

(1) Captain of the Port Charleston, South Carolina: (843) 724-7616.

(2) Captain of the Port Savannah, Georgia: (912) 652-4353.

(3) Captain of the Port Jacksonville, Florida: (904) 247-7318.

(4) Captain of the Port Miami, Florida: (305) 535-8701.

(5) Captain of the Port Key West, Florida: (305) 292-8779.

(6) Captain of the Port Sector St. Petersburg, Florida: (727) 824-7506.

(7) Captain of the Port San Juan, Puerto Rico: (787) 289-2041.

(e) *Application for Marine Events.* The application requirements of § 100.15 of this part apply to all events listed in Table 1. For information on applying for a marine event, contact the Captain of the Port for the area in which the event will occur, at the phone numbers listed above.

Coast Guard

33 CFR Part 110

[Docket Number CGD11-04-002]

RIN 1625-AA01

Anchorage Regulation; San Francisco Bay, CA

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is establishing a temporary anchorage area, designated Anchorage 8A, adjacent to existing Anchorage 8 that can be activated by Coast Guard Vessel Traffic Services (VTS) when the number of vessels requesting to anchor in Anchorages 8 and 9 exceeds the capacity of these two anchorages. Anchorage 8A may also be utilized during any emergency situation. This rule defines its use and location, and establishes procedures for activating the anchorage area and notifying the maritime public.

DATES: This rule is effective February 25, 2008.

ADDRESSES: Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, are part of docket CGD11-04-002 and are available for inspection or copying at Waterways Safety Branch, Sector San Francisco, 1 Yerba Buena Island, San Francisco, California 94130, between 8 a.m. and 4 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT:

Lieutenant Eric Ramos, U.S. Coast Guard Sector San Francisco, Waterways Safety Branch at telephone (415) 399-7443.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We published a notice of proposed rulemaking (NPRM) entitled

“Anchorage Regulation; San Francisco Bay, CA” in the **Federal Register** on April 1, 2004 (69 FR 17119), under docket number CGD11-04-002. Based on the three comments received, we reduced the size of the originally proposed Anchorage 8A, and the Coast Guard decided to resubmit the proposal to the public for further consideration.

We published a supplemental notice of proposed rulemaking (SNPRM) entitled “Anchorage Regulation; San Francisco Bay, CA” in the **Federal Register** on October 11, 2007 (72 FR 57901). We received no comments in response to the SNPRM. No public meeting was requested at any time in the rulemaking process, and none was held.

Background and Purpose

Anchorage 8A is necessary due to the trend toward larger ships arriving in San Francisco Bay, the growth of faster Marine Transportation Systems, increased large vessel traffic, and increased use of Anchorages 8 and 9 in San Francisco Bay. In addition to more vessels needing to anchor while awaiting the departure of other vessels at berth, periodic labor strikes and disputes have caused delays in the turnaround time of cargo, and filled Anchorages 8 and 9 to capacity.

Discussion of Comments and Changes

The Coast Guard received the following comments in response to the NPRM. The San Francisco Bay Conservation and Development Commission (BCDC) requested that a consistency determination be submitted evaluating the proposal in relation to BCDC Coastal Zone Management Policies. A 15 CFR 930.35 Negative Determination was submitted to BCDC on September 18, 2006. In a letter dated October 17, 2006, BCDC suggested that the Coast Guard consult with the U.S. Fish and Wildlife Service (USFWS) and the National Marine Fisheries Service (NMFS) regarding threatened or endangered species.
