

(ii) security futures where at least one side of the trade is cleared by an OCC clearing member.⁵ Simultaneous with the adoption of the new standard clearing fee schedule, OCC additionally discounted clearing fees. Effective

September 1 through December 31, 2007, OCC further reduced its discounted clearing fees and halved the market-maker scratch fee.⁶ Effective January 1, 2008, OCC will implement a new discounted clearing fee schedule

that will replace the May 1 discounted fees and will continue the discounted market-maker scratch fee of \$0.01 per side. The following chart sets forth the new discounted clearing fee schedule.

Contracts/trade	Current permanent standard fee schedule, effective May 1, 2007	Discounted standard fee schedule, effective January 1, 2008
1-500	\$0.05/contract	\$0.03/contract.
501-1,000	\$0.04/contract	\$0.024/contract.
1,001-2,000	\$0.03/contract	\$18.00 (capped).
>2,000	\$55.00 (capped)	\$18.00 (capped).

The discounted clearing fee schedule and market maker scratch fee will remain in effect until further action by OCC's Board of Directors.

The adoption of the new discounted fee schedule reflects the strong contract volume experienced by OCC in 2007. OCC believes that these discounted fees will financially benefit clearing members and other market participants without adversely affecting OCC's ability to meet its expenses and maintain an acceptable level of retained earnings.

The proposed rule change is consistent with the requirements of section 17A of the Act⁷ and the rules and regulations thereunder applicable to OCC because it benefits clearing members and other market participants by discounting fees and allocating them in a fair and equitable manner. The proposed rule change is not inconsistent with the existing rules of OCC, including any other rules proposed to be amended.

(B) Self-Regulatory Organization's Statement on Burden on Competition

OCC does not believe that the proposed rule change would impose any burden on competition.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were not and are not intended to be solicited with respect to the proposed rule change, and none have been received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective upon filing pursuant to section 19(b)(3)(A)(ii) of the Act⁸ and Rule 19b-

4(f)(2)⁹ thereunder because the proposed rule establishes or changes a due, fee, or other charge. At any time within sixty days of the filing of such rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room, 100 F Street, NE., Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. The text of the proposed rule change is available at OCC, the Commission's Public Reference Room, and http://www.theocc.com/publications/rules/proposed_changes/sr_occ_07_17.pdf. ACTION: Proposed New System of Records and Proposed Routine Uses.

SUMMARY: In accordance with the Privacy Act (5 U.S.C. 552a(e)(4) and (e)(11)), we are issuing public notice of our intent to establish a new system of records entitled, *Social Security Administration Unified Measurement System/Managerial Cost Accountability System (SUMS/MCAS) 60-0371*, and routine uses applicable to this system of records. *SUMS/MCAS* will consist of information related to five interrelated Agency initiatives: (1) Workload counts, (2) performance measures, (3) time allocation, (4) customer service records, and (5) managerial cost accountability. We invite public comments on this proposal.

DATES: We filed a report of *SUMS/MCAS* and its applicable routine uses with the Chairman of the Senate Committee on Homeland Security and Governmental Affairs, the Chairman of the House Committee on Government Reform, and the Director, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB) on January 23, 2008. *SUMS/MCAS* and its routine uses will become effective on March 3, 2008, unless we receive comments warranting that they not become effective.

ADDRESSES: Interested individuals may comment on this publication by writing to the Executive Director, Office of Public Disclosure, Office of the General Counsel, Social Security Administration, Room 3-A-6 Operations Building, 6401 Security Boulevard, Baltimore, Maryland 21235-6401. All comments received will be available for public inspection at the above address.

FOR FURTHER INFORMATION CONTACT: Ms. Earlene Whitworth Hill, Social Insurance Specialist, Disclosure Policy Development and Services Division 1, Office of Public Disclosure, Office of the General Counsel, Social Security Administration, Room 3-A-6 Operations Building, 6401 Security Boulevard, Baltimore, Maryland 21235-6401, telephone at (410) 965-1817, or e-mail: earlene.whitworth.hill@ssa.gov.

SUPPLEMENTARY INFORMATION:

I. Background and Purpose of *SUMS/MCAS*

A. General Background

SUMS/MCAS will support SSA and the State Disability Determination Services (DDS) management and management information (MI) analysts in analyzing workloads, planning resources, performing cost allocation activities, improving access to MI, and improving work-power allocation,

which in turn will help us improve customer service and reduce manual work. *SUMS/MCAS* will provide a single source of data, collected in a consistent manner, which will improve the quality, consistency, and access to information used throughout SSA and DDS. It will also produce detailed reports that will assist us in assessing office, unit, and employee performance. *SUMS/MCAS* will enable us to manage and account for resources through one uniform source of MI, combining five interrelated initiatives:

- Workload Counts.
- Performance Measure.
- Time Allocation.
- Customer Service Record.
- Managerial Cost Accountability.

*B. Collection and Maintenance of the Data for *SUMS/MCAS**

SSA will collect and maintain information in *SUMS/MCAS* that is derived from SSA's mainframe and web-based computer usage files (log files), payroll and human resource databases, security files (including the Internet verification files and Internet enterprise security interface), and programmatic work measurement data collected from all SSA processing locations.

The information maintained in *SUMS/MCAS* will be maintained in paper and electronic formats. Specifically, it will contain some, or all, of the following information about our clients and visitors to any SSA facility: name, Social Security number (SSN), age, address, and date of birth (DOB), along with related claims processing information. The system will contain some, or all, of the following information about our employees, contractor employees, and DDS employees: personal identification number (PIN); position; function and office codes; access and exit times when logging-on to any SSA system; and names and locations of the systems (log files). We will retrieve information from the system via online analytical processing (OLAP) tools using any of the data elements that the system contains. Standardized reports will be created from the data. Thus, *SUMS/MCAS* will constitute a system of records under the Privacy Act.

II. Proposed Routine Use Disclosures of Data Maintained in *SUMS/MCAS*

A. Proposed Routine Use Disclosures

We are proposing to establish routine uses of information that will be maintained in *SUMS/MCAS* as discussed below.

1. *To the Office of the President for the purpose of responding to an*

individual pursuant to an inquiry received from that individual or from a third party on his or her behalf.

We will disclose information under this routine use only in situations in which an individual contacts the Office of the President, seeking that Office's assistance in a matter relating to information contained in *SUMS/MCAS*. Information will be disclosed when the Office of the President makes an inquiry and indicates that it is acting on behalf of the individual whose record is requested.

2. *To a congressional office in response to an inquiry from that office made at the request of the subject of a record.*

We will disclose information under this routine use only in situations in which an individual asks his or her congressional representative to intercede in a matter relating to information contained in *SUMS/MCAS*. Information will be disclosed when the congressional representative makes an inquiry and indicates that he or she is acting on behalf of the individual whose record is requested.

3. *To the Department of Justice (DOJ), a court or other tribunal, or another party before such tribunal when:*

(a) *SSA, or any component thereof; or*
(b) *Any SSA employee in his/her official capacity; or*

(c) *Any SSA employee in his/her individual capacity where DOJ (or SSA where it is authorized to do so) has agreed to represent the employee; or*

(d) *The United States or any agency thereof where SSA determines that the litigation is likely to affect the operation of SSA or any of its components,*

is a party to litigation or has an interest in such litigation, and SSA determines that the use of such records by DOJ, a court or other tribunal, or another party before such tribunal, is relevant and necessary to the litigation, provided, however, that in each case, SSA determines that such disclosure is compatible with the purpose for which the records were collected.

We will disclose information under this routine use only as necessary to enable DOJ to effectively defend SSA, its components or employees, in litigation involving *SUMS/MCAS* and/or to ensure that courts and other tribunals have appropriate information.

4. *To the Equal Employment Opportunity Commissioner (EEOC) when requesting information in connection with investigations into alleged or possible discriminatory practices in the Federal sector, examination of Federal affirmative employment programs, compliance by*

Federal agencies with the Uniform Guidelines on Employee Selection Procedures, or other functions vested in the Commission.

We will disclose information about our employees to the EEOC, as necessary, to assist in reassessing individuals' requests for reasonable accommodations; to assist in investigations into alleged or possible discriminatory practices in the Federal sector; to combat and prevent fraud, waste, and abuse under the Rehabilitation Act of 1973; and to assist the Commission in carrying out its other functions.

5. *To the Federal Labor Relations Authority, the General Counsel, the Federal Mediation and Conciliation Service, the Federal Service Impasses Panel, or an arbitrator when information is requested in connection with investigations of allegations of unfair practices or of other matters before an arbitrator or the Federal Service Impasses Panel.*

We will disclose information about our employees under this routine use, as necessary, to the Federal Labor Relations Authority, the General Counsel, the Federal Mediation and Conciliation Service, and the Federal Service Impasses Panel or an arbitrator, in which all or part of the allegations involve SUMS/MCAS.

6. *To the Merit Systems Protection Board or the Office of the Special Counsel in connection with appeals, special studies of the civil service and other merit systems, review of rules and regulations, investigation of alleged or possible prohibited personnel practices, and other such functions promulgated in 5 U.S.C. Chapter 12, or as may be authorized by law.*

We will disclose information about our employees under this routine use, as necessary, to the Merit Systems Protection Board or the Office of the Special Counsel, in which all or part of the allegations in the appeal or action involve SUMS/MCAS.

7. *To contractors and other Federal agencies, as necessary, for the purpose of assisting SSA in the efficient administration of its programs. We contemplate disclosing information under this routine use only in situations in which SSA may enter into a contractual or similar agreement with a third party to assist in accomplishing an Agency function relating to SUMS/MCAS.*

We will disclose information under this routine use only in situations where SSA enters into a contractual agreement or similar agreement with a third party to assist in accomplishing an Agency function relating to SUMS/MCAS.

8. *To student volunteers, individuals who are working under a personal service contract, and other individuals performing functions for SSA, but technically not having the status of Agency employees, if they need access to the records in order to perform their assigned Agency functions.*

Under certain Federal statutes, SSA is authorized to use the service of volunteers and participants in certain educational, training, employment, and community service programs. Examples of such statutes and programs include 5 U.S.C. 3111, which pertain to student volunteers, and 42 U.S.C. 2753, which pertain to the College Work-Study Program. We contemplate disclosing information under this routine use only when SSA uses the services of these individuals and they need access to information in this system to perform their assigned Agency duties.

9. *To General Services Administration (GSA) and the National Archives and Records Administration (NARA) under 44 U.S.C. § 2904 and § 2906, as amended by NARA Act of 1984, information which is not restricted from disclosure by Federal law for the use of those agencies in conducting records management studies.*

The Administrator of GSA and the Archivist of NARA are authorized by 44 U.S.C. 2904, as amended, to promulgate standards, procedures and guidelines regarding record management and conducting records management studies. GSA and NARA are authorized to inspect Federal agencies' records, for records management purposes, and agencies are expected to cooperate with GSA and NARA (44 U.S.C. 2906). In such instances, the routine use will allow disclosure.

10. *To Federal, State, and local law enforcement agencies and private security contractors, as appropriate, information necessary:*

- *To enable them to protect the safety of SSA employees and customers, the security of the SSA workplace, or the operation of SSA facilities, or*
- *To assist investigations or prosecutions with respect to activities that affect such safety and security or activities that disrupts the operation of SSA facilities.*

We will disclose information under this routine use to law enforcement agencies and private security contractors when information is needed to respond to, investigate, or prevent activities that jeopardize the security and safety of SSA customers, employees, or workplaces, or that otherwise disrupt the operation of SSA facilities. Information would also be disclosed to assist in the prosecution of

persons charged with violating Federal, State, or local law in connection with such activities.

11. *To the Secretary of Health and Human Services (HHS) or to any State, we will disclose any record or information requested in writing by the Secretary for the purpose of administering any program administered by the Secretary, if records or information of such type were so disclosed under applicable rules, regulations, and procedures in effect before the date of enactment of the Social Security Independence and Program Improvements Act of 1994.*

We will disclose information under this routine use as directed in section 704(e)(1)(B) of the Social Security Independence and Program Improvements Act of 1994, which mandates certain disclosures to HHS components.

12. *To appropriate Federal, State, and local agencies, entities, and persons when (1) we suspect or confirm that the security or confidentiality of information in this system of records has been compromised; (2) we determine that as a result of the suspected or confirmed compromise there is a risk of harm to economic or property interests, identity theft or fraud, or harm to the security or integrity of this system or other systems or programs of SSA that rely upon the compromised information; and (3) we determine that disclosing the information to such agencies, entities, and persons is necessary to assist in our efforts to respond to the suspected or confirmed compromise and to prevent, minimize, or remedy such harm. We will use this routine use to respond only to those incidents involving an unintentional release of our records.*

This routine use specifically permits the disclosure of SSA information in connection with response and remediation efforts in the event of an unintentional release of Agency information, otherwise known as a "data security breach." This routine use serves to protect the interests of the person whose information is at risk by allowing us to take appropriate steps to facilitate a timely and effective response to a data breach. It will also help us to improve our ability to prevent, minimize, or remedy any harm that may result from a compromise of data maintained in this system of records.

B. Compatibility of Proposed Routine Uses

The Privacy Act (5 U.S.C. 552a(b)(3)) and our disclosure regulations (20 CFR Part 401) permit us to disclose information under a published notice of

routine use for a purpose that is compatible with the purpose for which we collected the information. Section 401.150(c) of our regulations permits us to disclose information under a routine use where necessary to carry out SSA programs. Section 401.120 provides that we will disclose information when a law specifically requires the disclosure. The proposed routine uses numbered 1 through 8, and 10 and 11 above, will ensure we efficiently administer *SUMS/MCAS*. The disclosure that would be made under routine uses number 9 and 12 are required by Federal law. Thus, all routine uses are appropriate and meet the relevant statutory and regulatory criteria.

III. Records Storage Medium and Safeguards for the Information Maintained in *SUMS/MCAS*

We will maintain information in *SUMS/MCAS* in paper and electronic form. Only authorized SSA, DDS, and contractor personnel who have a need for the information in the performance of their official duties will be permitted access to the information. We will safeguard the security of the information by requiring the use of access codes to enter the computer system that will maintain the data and will store computerized records in secured areas that are accessible only to employees who require the information to perform their official duties. We keep paper records in locked cabinets or in otherwise secure areas.

DDS and contractor personnel having access to data in *SUMS/MCAS* will be required to adhere to SSA rules concerning safeguards, access, and use of the data.

SSA, DDS, and contractor personnel having access to the data on this system will be informed of the criminal penalties of the Privacy Act for unauthorized access to, or disclosure of, information maintained in this system. See 5 U.S.C. 552a(i)(1).

IV. Effect of *SUMS/MCAS* on the Rights of Individuals

SUMS/MCAS will maintain only information that is necessary to carry out our official functions under the Social Security Act and other applicable Federal statutes. We will use security measures that protect access to, and preclude unauthorized disclosure of, records in *SUMS/MCAS*. Our maintenance and use of the information are in accordance with the provisions of the Privacy Act (5 U.S.C. § 552a) and SSA's disclosure regulations (20 CFR Part 401). We employ safeguards to protect all personal information in our possession as well as the confidentiality

of the information. We will disclose information under the routine uses discussed above only as necessary to accomplish the stated purpose(s). Thus, we do not anticipate that *SUMS/MCAS* and its routine use disclosures will have an unwarranted adverse effect on the rights of the individuals to whom they pertain.

Dated: January 23, 2008.

Michael J. Astrue,
Commissioner.

- Produce detailed reports that will assist us in assessing office, unit, and employee performance;

- Consolidate the Agency workload structure and provide data at any office level, down to a specific employee;

- Allocate work-time usage information consistently for all components, workload activities, and the time that it takes to perform work and calculate productivity;

- Accommodate new workloads in a flexible work-measurement system by shifting work to locations where capacity exists, improving customer service;

- Ensure an accurate cost allocation of work performed by SSA;

- Manage and account for resources through one uniform source of MI;

- Measure outcomes, determine full costs, control resources, assess performance and provide timely feedback to managers to enhance the Agency's accountability and customer service; and

- d. The United States or any agency thereof where SSA determines that the litigation is likely to affect the operations of SSA or any of its components, is a party to litigation or has an interest in such litigation, and SSA determines that the use of such records by DOJ, a court or other tribunal, or another party before such

tribunal, is relevant and necessary to the litigation, provided, however, that in each case, SSA determines that such disclosure is compatible with the purpose for which the records were collected.

SYSTEM MANAGER(S) AND ADDRESS:

SUMS/MCAS Program Manager, Office of Systems, Social Security Administration, 6401 Security Boulevard, Baltimore, Maryland 21235-6401.
